Clement, Annick Houzé, Christiane Erbolato-Ramsey, 2004-06-30 Paul Gauguin 1848 1903 played a seminal role in Post Impressionist France In his writings and work he favored emotional responses to nature over intellectual uses of lines color and composition In 1888 he and Emile Bernard developed a new style called Synthetism Three groups of Gauguin s symbolist followers Pont Aven Les Nabis and Rose Croix pursued and extended the Synthetist vision This sourcebook focuses on the most prominent adherents of the three schools directly affected by Gauguin s symbolism This is the first comprehensive single volume guide and bibliography of artists in these three important French avant garde movements This work covers the entire careers of 16 artists by providing biographical sketches chronologies citations to primary and secondary literature and exhibitions **Original Prints and Drawings of the XIXth and XXth Century** ,1956 **Manet's Modernism** Michael Fried, 1996-07 Fried put forward a highly original beholder centered account of the evolution of a central tradition in French painting from Chardin to Courbet P 4 of cover *Félix Vallotton* Nathalia Brodskaja, 2013-06-27 Félix Vallotton 1865 1925 was active at the turn of the century Although he is best known for his striking and elegantly composed Japanese inspired woodblock prints Vallotton was also a skilled painter creating works that arrestingly combined technical perfection with emotional realism This seminal text provides readers with a fascinating assessment of the career of this revolutionary artist

**French Literature, Thought and Culture in the Nineteenth Century** Brian Rigby, 1992-11-10 This volume adopts a varied approach to the study of the material world in the French literature thought and visual arts of the 19th century Contributors look not only at the Romantic and Realist transcendence of the Neo classical heritage of abstraction and idealism but also adopt modern critical perspectives to analyse central themes such as urbanisation fetishism and the representation of the female body **Booklist** ,1939 *World Collectors Annuary* ,1953 *Athenaeum Items* ,1934

**Athenaeum Items** Boston Athenaeum, **Is Paris Still the Capital of the Nineteenth Century?** Hollis Clayson, 2017-07-05 Is Paris Still the Capital of the Nineteenth Century The question that guides this volume stems from Walter Benjamin s studies of nineteenth century Parisian culture as the apex of capitalist aesthetics Thirteen scholars test Benjamin s ideas about the centrality of Paris formulated in the 1930s from a variety of methodological perspectives Many investigate the underpinnings of the French capital s reputation and mythic force which was based largely upon the city s capacity to put itself on display Some of the authors reassess the famed centrality of Paris from the vantage point of our globalized twenty first century by acknowledging its entanglements with South Africa Turkey Japan and the United States The volume equally studies a broader range of media than Benjamin did himself from modernist painting and printmaking photography and illustration to urban planning The essays conclude that Paris did in many ways function as the epicenter of modernity s international reach especially in the years from 1850 to 1900 but did so only as a consequence of the idiosyncratic force of its mythic image Above all the essays affirm that the study of late nineteenth century Paris still requires nimble and innovative approaches commensurate with its legend and global aura **The New York Times Book Review** ,1970 **Practical Guide to Print Collecting** Ann Buchsbaum, 1975 **The Collection of First Editions of American Authors Formed by the Late Arthur Swann** Arthur Swann, 1955
