Propp, 2013-12-03 Psychology means the study of the soul it is the social science concerned with investigating who we are why we have certain feelings and why we do the things we do Are we no more than a vast assembly of nerve cells and their associated molecules Is biology our genetic inheritance destiny or does social upbringing play a crucial role What are the roles played by Nature and by Nurture Are we purely physical beings or is there an aspect that can be called spiritual This thought provoking novel takes you on a journey of intellectual and emotional exploration considering along the way questions that weve all asked ourselves such as Is it true that we only use 10% of our brains Does playing classical music for infants increase their intelligence Do crime rates go up during a full moon Can hypnosis or post hypnotic suggestions make us do something we wouldnt normally do Does subliminal advertising influence us to buy products Are our memories stored indelibly almost like a tape recorder What causes memory lapses as we age Can repressed traumatic memories be recovered through hypnosis Do some people have multiple personalities How can I tell if someone has a neurosis or a psychosis Do men have an inner feminine side and women an inner masculine Are there innate psychological differences between males and females The four main characters in this book will guide you through a diverse and sometimes bewildering world of differing approaches to answering such questions such as Freudian Jungian and Adlerian Humanistic Existential and Transpersonal as well as Cognitive Emotive and Behaviorist Along the way you will learn about the developmental stages proposed by psychologists such as Erikson Kohlberg Piaget and Fowler and even explore some of the questions currently being asked by both neuroscientists and philosophers of the mind Start reading to begin your study of our innermost selves *TRIO: Three Sherlock Holmes Mysteries That Introduce Us to Cultural Studies* Arthur Asa Berger, 2024-12-03 TRIO reprints three Sherlock Holmes novellas I wrote *Freud is Fixated* *Marx Est Mort* and *My Name is Sherlock Holmes* which provide a novel literally and figuratively introduction to cultural studies This book is meant to do two things be entertaining and also teach my readers something about psychoanalytic theory Marxist theory and the interdisciplinary field known as cultural studies Books such as TRIO are sometimes described as Infotainments combining both information and entertainment Each chapter is introduced by quotations of interest and I also provide bibliographies and at the end of the book a glossary In this book as he tries to solve each crime Sherlock Holmes interrogates some of the most important thinkers of the twentieth century Which means this book is full of ideas about all kinds of things In some cases the dialogue comes from the writings of the thinkers Holmes is questioning I ve had to sacrifice my narrative line to pump as much ideational content into the stories as possible so these novels are didactic in nature but they are still works of

fiction but of an unusual kind I have taken some minor liberties with the punctuation and repeat myself at times in different places in different books Teaching cultural studies by using Sherlock Holmes mysteries is an unusual way to instruct students and readers I hope after reading this book you will think it was worth your effort and mine
