

A black and white portrait of Sigmund Freud, an elderly man with a white beard and mustache, wearing a dark suit and tie. He is holding a cigar in his right hand. The background is a soft, out-of-focus grey.

Freud: The Mind of the Moralist

Philip Rieff

With a new Epilogue
by the author

Freud The Mind Of The Moralist

R. S. Peters

Freud The Mind Of The Moralist:

Freud Philip Rieff, 1979-05-15 Now a classic this book was hailed upon its original publication in 1959 as An event to be acclaimed a book of genuine brilliance on Freud's cultural importance a permanently valuable contribution to the human sciences Alastair MacIntyre Manchester Guardian This remarkably subtle and substantial book with its nicely ordered sequences of skilled dissections and refined appraisals is one of those rare products of profound analytic thought The author weighs each major article of the psychoanalytic canon in the scales of his sensitive understanding then gives a superbly balanced judgement Henry A Murray American Sociological Review Rieff's tremendous scholarship and rich reflections fill his pages with memorable treasures Robert W White Scientific American Philip Rieff's book is a brilliant and beautifully reasoned example of what Freud's influence has really been an increasing intellectual vigilance about human nature What the analyst does for the patient present the terms for his new choices as a human being Mr Rieff does in respect to the cultural significance of Freudianism His style has the same closeness the same undertone of hypertense alertness Again and again he makes brilliant points Alfred Kazin The Reporter *Freud* Philip Rieff, 1987 *The Politics of the Soul* John Dickson, 2022-12-16 This book takes the form of intellectual histories of eight major representative figures of the twentieth century who inherited and responded to the spiritual problematic left by Nietzsche With each figure offering very different ethical and spiritual positions all shed light on what we mean when we talk confusedly around the topics of politics and religion With portraits of Max Weber Georg Lukacs T S Eliot W H Auden Sigmund Freud Carl Jung George Orwell and Hannah Arendt the author explores the latent content of their worldview the moral or immoral intention of their intellectual project In each of the case studies the aim is to move toward an understanding of their ultimate values to get at their particular picture of the soul as well as the implications of this vision for religion and politics As such *The Politics of the Soul* will appeal to scholars of sociology and social theory religion philosophy political theory and cultural studies Freud, Biologist of the Mind Frank J. Sulloway, 1992 An intellectual biography aiming to demonstrate despite his denials that Freud was a biologist of the mind The author analyzes the political aspects of the complex myth of Freud as psychoanalytic hero as it served to consolidate the analytic movement **The Philosophy of Philip Rieff** William G. Batchelder IV, Michael P. Harding, 2025-01-23 Arguing that Philip Rieff was a Freudian who departed in vital and fascinating ways from Freud and a committed modern who nevertheless viewed modernity as a disaster this book makes clear his thought transcends contemporary left right culture war dichotomies Alasdair MacIntyre described Rieff's early work as a permanently valuable contribution to the human sciences The essays in this volume engage with Rieff's teaching both early and late across a number of different axes and from a number of disciplinary perspectives placing him into dialogue with thinkers such as Plato Nietzsche Freud Weber Heidegger Strauss Pieper Wilde and more *The Philosophy of Philip Rieff* conveys the utility of Rieff's theory for thinking through various contemporary issues from religion culture and race to the role of elites in a

democratic society Philip Rieff's thought offers a key to unlocking the cultural trajectories of late modernity and this interdisciplinary volume engages that work in its depth and complexity while suggesting Rieff's place in the wider philosophic tradition

The World of Persian Literary Humanism Hamid Dabashi, 2012-11-20 Humanism has mostly considered the question What does it mean to be human from a Western perspective Dabashi asks it anew from a non European perspective in a groundbreaking study of 1 400 years of Persian literary humanism He presents the unfolding of this vast tradition as the creative and subversive subconscious of Islamic civilization

Moral Development and Moral Education (Routledge Revivals) R. S. Peters, 2015-06-11 First published in 1981 this collection of essays was taken from Peters larger work Psychology and Ethical Development 1974 in order to provide a more focused volume on moral education for students Peters background in both psychology and philosophy makes the work distinctive which is evident from the first two essays alone Freud's theory of Moral Development in Relation to that of Piaget and Moral Education and the Psychology of Character He also displays balance in his acceptance that reason and feeling are both of great importance where the subject of moral education is concerned Although written some time ago the book discusses issues which are still of considerable interest and importance today

Shi'ism Hamid Dabashi, 2012-05-07 For a Western world anxious to understand Islam and in particular Shi'ism this book arrives with urgently needed information and critical analysis Hamid Dabashi exposes the soul of Shi'ism as a religion of protest successful only when in a warring position and losing its legitimacy when in power Dabashi makes his case through a detailed discussion of the Shi'i doctrinal foundations a panoramic view of its historical unfolding a varied investigation into its visual and performing arts and finally a focus on the three major sites of its contemporary contestations Iran Iraq and Lebanon In these states Shi'ism seems to have ceased to be a sect within the larger context of Islam and has instead emerged to claim global political attention Here we see Shi'ism in its combative mode reminiscent of its traumatic birth in early Islamic history Hezbollah in Lebanon claims Shi'ism as do the militant insurgents in Iraq the ruling Ayatollahs in Iran and the masses of youthful demonstrators rebelling against their reign All declare their active loyalties to a religion of protest that has defined them and their ancestry for almost fourteen hundred years Shi'ism A Religion of Protest attends to the explosive conflicts in the Middle East with an abiding attention to historical facts cultural forces religious convictions literary and artistic nuances and metaphysical details This timely book offers readers a bravely intelligent history of a world religion

Aboriginal Populations in the Mind Celia Brickman, 2003 This work explores how the colonialist and racist discourse of late 19th century anthropology found its way into the work of Sigmund Freud influencing the model of racial difference implicit in his notions of subjectivity

A Moral Theory of Sports Richard J. Severson, 2019-06-12 The breadth of our moral experience is more extensive than has been believed over the past several millennia There is more to morality than being honest and good or aspiring to universal principles In fact in many ways the morality of our distant ancestors bears a remarkable resemblance to the moral experiences of modern

athletes In A Moral Theory of Sports ethicist Richard J Severson brings together stories from today s sports world and the moral practices of hunter gatherers to shed new light on both sports and morality Guided by anthropologists biologists neuroscientists and others Severson discusses what the moral life actually looked like for hunter gatherer bands in the late Pleistocene epoch and argues that the championing of group success that was the epitome of their morality is the epitome of modern sports as well With fascinating analogies and anecdotes from football basketball tennis cycling and more A Moral Theory of Sports offers a unique interpretation of human nature and our love affair with sports The Mind and the Market Jerry Z. Muller,2007-12-18 Capitalism has never been a subject for economists alone Philosophers politicians poets and social scientists have debated the cultural moral and political effects of capitalism for centuries and their claims have been many and diverse The Mind and the Market is a remarkable history of how the idea of capitalism has developed in Western thought Ranging across an ideological spectrum that includes Hobbes Voltaire Adam Smith Edmund Burke Hegel Marx and Matthew Arnold as well as twentieth century communist fascist and neoliberal intellectuals historian Jerry Muller examines a fascinating thread of ideas about the ramifications of capitalism and its future implications This is an engaging and accessible history of ideas that reverberate throughout everyday life Freud's Theory of Culture Abraham Drassinower,2003 Abraham Drassinower takes a fresh look at Freud countering his prevalent image as a man pessimistically renouncing the possibility of social political and cultural change The Freudian Reading Lis Moller,Lis Møller,2016-11-11 Selected by Choice magazine as an Outstanding Academic Title In The Freudian Reading Lis M ller examines the premises procedures and objectives of psychoanalytic reading in order to question the kind of knowledge such readings produce But above all she questions the role of Freud as master explicator Although Freud has been seen as a great synthesizer M ller contends that his significance as a reader lies elsewhere For M ller this significance lies in the way Freud presses his inquiry to the point where he encounters something he cannot explain or that he can only explain at the risk of overthrowing previous conclusions Such moments of crisis occur repeatedly in Freud s work causing him to swerve from his original train of thought or even to call into question the theoretical foundation of his interpretation The dominant line of argument therefore is frequently punctuated with problems and questions If we concentrate on these M ller argues we are forced to reconsider the traditional conception of a Freudian reading and to reassess our perceived notions of just what kind of reader Freud was While The Freudian Reading is based on a wide range of Freud s writings it concentrates on four central texts Delusions and Dreams in Jensen s Gradiva From the History of an Infantile Neurosis The Uncanny and Constructions in Analysis The discussion does not progress chronologically Rather it explores the ways in which these texts interact how they reflect comment on and contradict one another The Freudian Reading is a concentrated subtle analysis of Freud s interpretive practice with special reference to his interpretations of literary texts It will be of interest to scholars and students of literary theory and criticism as well as to readers in the field of psychoanalysis The Ability to Mourn Peter Homans,1989-07-19

Index Bibliography p 369 377 **Psychoanalytic Thinking** Donald L. Carveth, 2018-04-17 A video of Don Carveth discussing the book and its subject matter can be accessed using the following web URL <https://www.youtube.com/watch?v=yW7tGq0uEtU> Since the classical Freudian and ego psychology paradigms lost their position of dominance in the late 1950s psychoanalysis became a multi paradigm science with those working in the different frameworks increasingly engaging only with those in the same or related intellectual silos Beginning with Freud's theory of human nature and civilization *Psychoanalytic Thinking: A Dialectical Critique of Contemporary Theory and Practice* proceeds to review and critically evaluate a series of major post Freudian contributions to psychoanalytic thought In response to the defects blind spots and biases in Freud's work Melanie Klein Wilfred Bion Jacques Lacan Erich Fromm Donald Winnicott Heinz Kohut Heinrich Racker Ernest Becker amongst others offered useful correctives and innovations that are nevertheless themselves in need of remediation for their own forms of one sidedness Through Carveth's comparative exploration readers will acquire a sense of what is enduringly valuable in these diverse psychoanalytic contributions as well as exposure to the dialectically deconstructive method of critique that Carveth sees as central to psychoanalytic thinking at its best Carveth violates the taboo against speaking of the Imaginary Symbolic and the Real unless one is a Lacanian or the paranoid schizoid and depressive positions unless one is a Kleinian or id ego superego ego ideal and conscience unless one is a Freudian ego psychologist and so on Out of dialogue and mutual critique psychoanalysis can over time separate the wheat from the chaff collect the wheat and approach an ever evolving synthesis *Psychoanalytic Thinking: A Dialectical Critique of Contemporary Theory and Practice* will be of great interest to psychoanalysts and psychoanalytic psychotherapists and more broadly to readers in philosophy social science and critical social theory **The Health of Nations** Philip Allott, 2002-10-31 The human world is changing Old social structures are being overwhelmed by forces of social transformation which are sweeping across political and cultural frontiers A social animal is becoming the social species The animal that lives in packs and herds family corporation nation state is becoming a member of a human society which is the society of all human beings the society of all societies The age old problems of social life religious philosophical moral political legal economic must now be addressed at the level of the whole species and the level where all cultures and traditions meet and will contribute to an exhilarating and hazardous new form of human self evolving In this book Philip Allott explores the social and legal implications and potentialities of these developments in the light of the general theory of society and law which is proposed in his groundbreaking *Eunomia: New Order for a New World* ***Prophets of Extremity*** Allan Megill, 2023-04-28 In this book the author presents an interpretation of four thinkers Nietzsche Heidegger Foucault and Derrida In an attempt to place these thinkers within the wider context of the crisis oriented modernism and postmodernism that have been the source of much of what is most original and creative in twentieth century art and thought In this book the author presents an interpretation of four thinkers Nietzsche Heidegger Foucault and Derrida In an attempt to place these thinkers within the wider context of the

crisis oriented modernism and postmodernism that have been the source **Freud and Psychoanalysis** John Forrester,2023-05-03 John Forrester s passionate yet probing engagement with Freud and psychoanalysis is legendary Here in six introductory lectures delivered to his students at the University of Cambridge his range and lucidity bring the evolution of Freud s thinking and the nature of Freud s discoveries into sharp focus With an historian s eye for context Forrester explores Freud s biography the scientific moment the radical subject matter of the field itself sex dreams desire the unconscious childhood language as well as Freud s development of a new clinical practice Forrester also explores both the growth of the psychoanalytic movement and the question of what kind of beast it might be as it travels through time and geography He illuminates the cultural and revolutionary impact of psychoanalytic thinking not only Freud s but that of some of his progeny in the many places where the movement flourished Freud and Psychoanalysis takes us from Vienna to London from Paris to New York and Hollywood from the lab to the couch to the campus to film and to literature This is a slim book that packs a big punch It invites any curious reader into a field and a way of thinking that shaped the twentieth century

The Healing Virtues Duff R. Waring,2016-01-21 The Healing Virtues explores the intersection of psychotherapy and virtue ethics with an emphasis on the patient s role within a healing process It considers how the common ground between the therapeutic process and the cultivation of virtues can inform the efforts of both therapist and patient The ethics of psychotherapy revolve partly around what therapists should or should not do as well as the sort of person that therapists should be e g empathic prudent compassionate respectful and trustworthy Contemporary practitioners have argued for therapist virtues that are relevant to assisting the patient s efforts in a healing process But the ethics of a therapeutic dialogue can also revolve around the sort of person the patient should be Within this book Duff R Waring argues that there is a case for patient virtues that are relevant to dealing with the problems in living that arise in psychotherapy e g honesty courage humility perseverance The central idea is that treatment may need to build virtues while it ameliorates problems Hence the patient s work in psychotherapy can both challenge character strengths and result in their further development The book is unique in bringing the topic of virtue ethics to the psychotherapeutic encounter and will be of interest to psychotherapists philosophers and psychiatrists **Theories of Tyranny** Roger Boesche,2010-11-01 Ch 10 pp 381 454

Fromm Neumann and Arendt Three Early Interpretations of Nazi Germany discusses the views of Franz Neumann and Hannah Arendt on Nazi antisemitism Neumann in his Behemoth 1942 stated that the Nazis needed a fictitious enemy in order to unify the completely atomized German society into one large Volksgemeinschaft The terrorization of Jews was a prototype of the terror to be used against other peoples Arendt contends in The Origins of Totalitarianism 1951 that it was imperialism which brought about Nazism Nazi antisemitism and the Holocaust Totalitarianism is nothing but imperialism which came home Insofar as imperialism transcends national boundaries racism may be very helpful for it because racism proposes another principle to define the enemy Jews and other ethnic groups e g Slavs became easy targets as groups whose

claims clashed with those of the expanding German nation. Terror is the essence of totalitarianism and extermination camps were necessary for the Nazis to prove the omnipotence of their regime and their capability of total domination.

Getting the books **Freud The Mind Of The Moralist** now is not type of inspiring means. You could not solitary going like ebook store or library or borrowing from your connections to gate them. This is an no question easy means to specifically get lead by on-line. This online message Freud The Mind Of The Moralist can be one of the options to accompany you subsequently having further time.

It will not waste your time. agree to me, the e-book will enormously expose you further matter to read. Just invest little grow old to open this on-line pronouncement **Freud The Mind Of The Moralist** as skillfully as review them wherever you are now.
