University of Michigan

Friedrich Hebbel A Study Of His Life And Work:

Friedrich Hebbel Edna Purdie,1932 Friedrich Hebbel Edna Purdie,1932 **Friedrich Hebbel , Hebbel's Prose Tragedies** Mary Garland,1973-07-05 A study of the nineteenth century German writer Friedrich Hebbel concentrating on his tragedies in prose and examining in particular the way in which the language is used to convey Hebbel s beliefs attitudes and intellectual preoccupations and also the dramatic effects The three tragedies Judith Maria Magdalene and Agnes Bernauer are studied in turn **The Life and Works of Friedrich Hebbel** Thomas Moody Campbell,1919 **Encyclopedia of Life Writing** Margaretta Jolly,2013-12-04 First published in 2001 Routledge is an imprint of Taylor Francis an informa company

Encyclopedia of German Literature Matthias Konzett,2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings Essays on Music Theodor Adorno,Richard Leppert,2002-08-08 A book of landmark importance It is unprecedented in its design a brilliantly selected group of essays on music coupled with lucid deeply incisive and in every way masterly analysis of Adorno s thinking about music No one who studies Adorno and music will be able to dispense with it and if they can afford only one book on Adorno and music this will be the one For in miniature it contains everything one needs a collection of exceptionally important writings on all the principal aspects of music and musical life with which Adorno dealt totally reliable scholarship and powerfully illuminating commentary that will help readers at all levels read and re read the essays in question Rose Rosengard Subotnik author of Deconstructive Variations Music and Reason in Western Society An invaluable contribution to Adorno scholarship with well chosen essays on composers works the culture industry popular music kitsch and technology Leppert s introduction and commentaries are consistently useful his attention to secondary literature remarkable his interpretation responsible The new translations by Susan Gillespie and others are outstanding not only for their care and readability but also for their sensitivity to Adorno s forms and styles Lydia Goehr author of The Quest for Voice Music Politics and the Limits of Philosophy With its careful full edition of Adorno s important musical texts and its exhaustive yet eminently readable commentaries Richard Leppert s magisterial book represents a brilliant solution to the age old dilemma of bringing together primary text and interpretation in one volume James Deaville Director School of the Arts McMaster University The developing variations of Adorno s life long involvement with musical themes are fully audible in this remarkable collection What might be called his literature on notes brilliantly

complements the notes to literature he devoted to the written word Richard Leppert's superb commentaries constitute a book length contribution in their own right which will enlighten and challenge even the most learned of Adorno scholars Martin Jay author of *The Dialectical Imagination A History of The Frankfurt School and the Institute of Social Research* There is afoot in Anglo American musicology today the first wholesale reconsideration of Adorno's thought since the pioneering work of Rose Rosengard Subotnik around 1980 *Essays on Music* will play a central role in this effort It will do so because Richard Leppert has culled Adorno's writings so as to make clear to musicologists the place of music in the broad critique of modernity that was Adorno's overarching project and it will do so because Leppert has explained these writings in commentaries that amount to a book length study so as to reveal to non musicologists the essentially musical foundation of this project No one interested in Adorno from any perspective or for that matter in modernity and music all told can afford to ignore *Essays on Music* Gary Tomlinson author of *Metaphysical Song An Essay on Opera* This book is both a major achievement by its author editor and a remarkable act of scholarly generosity for the rest of us Until now English translations of Adorno's major essays on music have been scattered and often unreliable Until now there has been no comprehensive scholarly treatment of Adorno's musical thinking This volume remedies both problems at a single stroke It will be read equally and eagerly for Adorno's texts and for Richard Leppert's commentary on them both of which will continue to be essential resources as musical scholarship seeks increasingly to come to grips with the social contexts and effects of music No one knows Adorno better than Leppert and no one is better equipped to clarify the complex interweaving of sociology philosophy and musical aesthetics that is central to Adorno's work From now on everyone who reads Adorno on music whether a beginner or an expert is in Richard Leppert's debt for devoting his exceptional gifts of learning and lucidity to this project Lawrence Kramer author of *Musical Meaning Toward a Critical History*

German History, 1770-1866 James J. Sheehan, 1989 Now available in paperback this is a uniquely authoritative study of Germany from the mid eighteenth century to the formation of the Bismarckian Reich James J Sheehan gives an extensive account of social and cultural as well as political developments and shows that the creation of a Prussian led nation state should not be seen as natural or inevitable He shows how German history in this period was shaped by three separable yet closely linked developments the rise of sovereign territorial states the expansion of economic activity and social mobility and the emergence of a literary culture

Bartók and His World Peter Laki, 2020-10-06 Béla Bartók who died in New York fifty years ago this September is one of the most frequently performed twentieth century composers He is also the subject of a rapidly growing critical and analytical literature Bartók was born in Hungary and made his home there for all but his last five years when he resided in the United States As a result many aspects of his life and work have been accessible only to readers of Hungarian The main goal of this volume is to provide English speaking audiences with new insights into the life and reception of this musician especially in Hungary Part I begins with an essay by Leon Botstein that places Bartók in a large historical and cultural context László Somfai

reports on the catalog of Bartók's works that is currently in progress Peter Laki shows the extremes of the composer's reception in Hungary while Tibor Talli surveys the often mixed reviews from the American years The essays of Carl Leafstedt and Vera Lampert deal with his librettists Béla Balázs and Melchior Lengyel respectively David Schneider addresses the artistic relationship between Bartók and Stravinsky Most of the letters and interviews in Part II concern Bartók's travels and emigration as they reflected on his personal life and artistic evolution Part III presents early critical assessments of Bartók's work as well as literary and poetic responses to his music and personality **German Classical Drama** F. J.

Lampert,1990 This historical and critical survey of German drama in the eighteenth and nineteenth centuries provides an introduction to major authors and works from Lessing through Goethe Schiller and Weimar Classicism to Kleist Grillparzer and Hebbel F J Lampert traces the rise and development in the German speaking world of the last form of classical poetic drama to appear in European literature This development is seen as reflecting the intellectual and political ferment both within Germany and throughout Europe **Hebbel as a Critic of His Own Works: "Judith", "Herodes und Mariamne,"**

and "Gyges und Sein Ring." Ulrich Henry Gerlach,1972 **Friedrich Hebbel's Conception of Movement in the Absolute and in History** Sten G. Flygt,2020-05-01 Flygt undertakes an analysis first of Hebbel's writings on social and historical progress in his letters and diaries and then of his plays in order to draw conclusions on Hebbel's conception of movement Noting oscillations throughout Hebbel's life between social progressivism and conservatism Flygt turns his focus to the Hebbel's conceptions of flux and change both in society and the individual **Idylls & Realities** J. P.

Stern,2020-01-30 Originally published in 1971 this book outlines the period of Germany's belated industrial revolution and suggests why German literature does not before the 1880s contribute to the tradition of European realism It considers the alternatives to realism offered in three genres of drama poetry and prose fiction The book closely analyses specific texts both in the original and in translation with comparisons with non German works **Encyclopedia of the Romantic Era,**

1760-1850 Christopher John Murray,2013-05-13 In 850 analytical articles this two volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century The Encyclopedia provides readers with a clear detailed and accurate reference source on the literature thought music and art of the period demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism **Inside Bluebeard's**

Castle Carl S. Leafstedt,1999-11-04 This is a study of Bartók's opera Bluebeard's Castle It adopts a broad approach to the study of opera by introducing in addition to the expected music dramatic analysis topics of an interdisciplinary nature that are new to the field of Bartók studies including a literary study of the libretto *Catalogue of the University of Michigan*

University of Michigan,1915 **Brahms** Robert Pascall,2008-10-30 This book is a collection of essays on various aspects of the life and work of Brahms There are three main areas of focus biographical documentary and analytical Some essays

concentrate on one element others blend all three **Research Guide to Biography and Criticism** Walton Beacham, 1986
Description and evaluation of the most important biographical autobiographical and critical sources for 146 dramatics
worldwide New York Medical Journal ,1920
