account of Mick's life before and after the massacre and includes a critical assessment of the events that led to the tragedy and those that have followed. He begins by recalling his arrival in Stirling and how he and Barbara moved to Dunblane while awaiting the birth of their only child. A few months later Barbara was diagnosed with cancer and the family had to deal with her terminal illness. After the death of Barbara, father and daughter became an inseparable team until that dreadful day in 1996. North writes about how he and the other families dealt with public sympathy, the anti handgun campaign, the memorial service, the television programmes, newspaper interviews and the creation of the Dunblane Memorial Garden. He describes how it felt to attend a public inquiry into the murder of his child, criticises the local police force and details the ambivalent attitude of the Dunblane community.

Haunted, I Will Be Rhonda Knee, 2009. *Haunted, I Will Be* is a book about my experiences where strange events take place. Strolls through cemeteries prove to be very haunting. Dreams of loved ones who have died but they still want flowers for their birthday. When death took my loved ones I am left feeling empty and alone. I saw the signs that my loved ones who have passed to the other side still can communicate with me.

Going to America Chuka Clement Ndubizu, 2013-03-25. *Going to America* A struggle of an ex Biafran soldier to attain his American dream is a true story of the author's struggles to achieve his passionate desire for obtaining higher education in the United States. The struggles started in Nigeria right after the Nigeria Biafra war in 1970. The situation then made it extremely difficult for a young Igbo man to get a Nigerian passport and a United States students visa. This personal story reflects the lack of sincerity on the part of the people who ran the Nigerian Federal government at that time. This story also reveals the difference between the expectations of the young African student as he struggled to come to the United States and the realities he experienced on arrival in the United States of America. He lacked the money to pay for an Ivy league education but he had tremendous faith and determination to succeed. At the end he succeeded.

Censorship Derek Jones, 2001-12-01. *Censorship* A World Encyclopedia presents a comprehensive view of censorship from Ancient Egypt to those modern societies that claim to have abolished the practice. For each country in the world the history of censorship is described and placed in context and the media censored are examined: art, cyberspace, literature, music, the press, popular culture, radio, television and the theatre, not to mention the censorship of language, the most fundamental censorship of all. Also included are surveys of major controversies and chronicles of resistance. *Censorship* will be an essential reference work for students of the many subjects touched by censorship and for all those who are interested in the history of and contemporary fate of freedom of expression.
