## **Going Shopping Consumer Choices And Community Consequences:**

Going Shopping Ann Satterthwaite, 2001-01-01 From Mesopotamian merchants and the fairs of mediaeval Europe to marble palace department stores and the Internet social cultural economic and moral forces have shaped our shopping This volume traces the history of shopping and considers its meaning and significance Local Glories Ann Satterthwaite, 2016-02-23 To most people the term opera house conjures up images of mink coated dowagers accompanied by tuxedo clad men in the gilded interiors of opulent buildings like the Met in New York or La Scala in Milan However the opera house in the United States has a far more varied and far more interesting history than that stereotype implies In Local Glories Ann Satterthwaite explores the creative social and communal roles of the thousands of opera houses that flourished in small towns across the country By 1900 opera houses were everywhere on second floors over hardware stores in grand independent buildings in the back rooms of New England town halls and even in the bowels of a Mississippi department store With travel made easier by the newly expanded rail lines Sarah Bernhardt Mark Twain and John Philip Sousa entertained thousands of townspeople as did countless actors theater and opera companies innumerable minor league magicians circuses and lecturers and even 500 troupes that performed nothing but Uncle Tom's Cabin Often the town's only large space for public assembly the local opera house served as a place for local activities such as school graduations recitations sports town meetings elections political rallies and even social dances and roller skating parties Considered local landmarks often in distinctive architect designed buildings they aroused considerable pride and reinforced town identity By considering states with distinctly different histories principally Maine Nebraska Vermont New York and Colorado Satterthwaite describes the diversity of opera houses programs audiences buildings promoters and supporters and their hopes dreams and ambitions In the twentieth century radio and movies and later television and changing tastes made these opera houses seem obsolete Some were demolished while others languished for decades until stalwart revivers discovered them again in the 1970s The resuscitation of these opera houses today an example of historic preservation and creative reuse reflects the timeless quest for cultural inspiration and for local engagement to counter the anonymity of the larger world These local glories are where art and community meet forging connections and making communities today just as they did in the nineteenth century

**The American Robot** Dustin A. Abnet, 2020-03-27 Although they entered the world as pure science fiction robots are now very much a fact of everyday life Whether a space age cyborg a chess playing automaton or simply the smartphone in our pocket robots have long been a symbol of the fraught and fearful relationship between ourselves and our creations Though we tend to think of them as products of twentieth century technology the word robot itself dates to only 1921 as a concept they have colored US society and culture for far longer as Dustin A Abnet shows to dazzling effect in The American Robot In tracing the history of the idea of robots in US culture Abnet draws on intellectual history religion literature film and television He explores how robots and their many kin have not only conceptually connected but literally embodied some of

the most critical questions in modern culture He also investigates how the discourse around robots has reinforced social and economic inequalities as well as fantasies of mass domination chilling thoughts that the recent increase in job automation has done little to quell The American Robot argues that the deep history of robots has abetted both the literal replacement of humans by machines and the figurative transformation of humans into machines connecting advances in technology and capitalism to individual and societal change Look beneath the fears that fracture our society Abnet tells us and you're likely to find a robot lurking there

**Street-Level Architecture** Conrad Kickert, Hans Karssen, 2022-08-04 This book provides the tools to maintain and rebuild the interaction between architecture and public space Despite the best intentions of designers and planners interactive frontages have dwindled over the past century in Europe and North America This book demonstrates why even our best intentions for interactive frontages are currently unable to turn a swelling tide of economic and technological evolution land consolidation introversion stratification and contagious decline It uses these lessons to offer concrete locational programming design and management strategies to maximize street level interaction and trust between street level architecture its inhabitants and the city This book demonstrates that designers developers planners and managers ultimately have to create the right preconditions for inhabitants and passersby to bring frontages to life These preconditions connect architecture to its urban social economical and technological context Only the right frontage in the right context with the right design the right inhabitation and the right attitude to the city will become part of the ecosystem of trust and interaction that supports public life This book empowers the many participants in this ecosystem to build inhabit and enjoy truly urbane architecture

*Tourism, Ethnic Diversity and the City* Jan Rath, 2007-05-07 Tourism Ethnic Diversity and the City fills a gap in existing research in terms of how immigration relates to urban tourism and investigates the new theoretical insights and challenges for empirical research using informative case studies drawn from several advanced economies in Europe North America and Australia This enlightening book clearly explores the frontiers of knowledge on the interrelationship between tourism migration ethnic diversity and place Exploring further the manifestations of ethnic diversity that have been commodified by immigrants in gateway cities questioning how these expressions of culture can be transformed into vehicles for further developing the urban tourism economy Tourism Ethnic Diversity and the City presents a multidisciplinary approach drawing on key names from the field of geography sociology planning and political science and will appeal to those with an interest in any of these areas

Gateway to the Northern Plains Carroll L. Engelhardt, Historian Carroll Engelhardt's Gateway to the Northern Plains chronicles the story of Fargo and Moorhead's growth Once just specks on the vast landscape of the Northern Plains these twin cities prospered teeming with their own dynamic culture economy and politics Moorhead developed first boosted by railroad manager Thomas Hawley Canfield who touted it as superior to Fargo However Northern Pacific Railway chose Fargo as its headquarters and it became the Gateway City to North Dakota

BOOK JACKET Total Landscape, Theme Parks, Public Space Miodrag Mitrasinovic, 2006 Placing theme parks from the

United States Europe and Asia in a comparative multidisciplinary framework this fascinating book argues that these fantasy environments are an extreme example of the totalization of public space By illuminating the relationship between theme parks and public space the book offers an insight into the ethos design and expectations of public space in the twenty first century

**Contemporary Ethnic Geographies in America** Ines M. Miyares, Christopher A. Airriess, 2006-10-19 Ethnic diversity has marked the United States from its inception From the migration of the ancestors of Native Americans to the increasingly diverse immigrant populations arriving today it is impossible to separate ethnicity from an understanding of the United States as a country and Americans as a people At an ever increasing pace America today is experiencing watershed changes in its social cultural and ethnic racial geographies Considering the impact of these transformations this unique text examines the experiences of a range of ethnic groups in both historical and contemporary context It begins by laying out a comprehensive conceptual framework that integrates immigration theory globalization transnational community formation and urban cultural and economic geography The contributors then present a rich set of case studies of key ethnic and racial communities including those of long standing significance such as Native Americans African Americans and Mexican Americans along with the Latin American and Asian groups that make up the vast majority of newer immigrants Each case offers a brief historical overview of the group s immigration experience and settlement patterns and discusses its contemporary dynamics All of these people have transformed and been transformed by the places in which they have settled Exploring these changing communities places and landscapes this book offers a nuanced understanding of the evolution of America s contemporary ethnic geographies Contributions by Christopher A Airriess Daniel D Arreola Kate A Berry Thomas D Boswell Elizabeth Chacko Brian J Godfrey Zolt n Grossman Michael Hawkins Terry Ann Jones Wei Li Ines M Miyares L HoMana Pawiki Marie Price Michael Reibel Dana G Reimer Emily Skop James A Tyner Milton Vickerman and Bobby M Wilson City Douglas W. Rae, 2008-10-01 How did neighborhood groceries parish halls factories and even saloons contribute more to urban vitality than did the fiscal might of postwar urban renewal With a novelist s eye for telling detail Douglas Rae depicts the features that contributed most to city life in the early urbanist decades of the twentieth century Rae s subject is New Haven Connecticut but the lessons he draws apply to many American cities City Urbanism and Its End begins with a richly textured portrait of New Haven in the early twentieth century a period of centralized manufacturing civic vitality and mixed use neighborhoods As social and economic conditions changed the city confronted its end of urbanism first during the Depression and then very aggressively during the mayoral reign of Richard C Lee 1954 70 when New Haven led the nation in urban renewal spending But government spending has repeatedly failed to restore urban vitality Rae argues that strategies for the urban future should focus on nurturing the unplanned civic engagements that make mixed use city life so appealing and so civilized Cities need not reach their old peaks of population or look like thriving suburbs to be once again splendid places for human beings to live and work **Immigrants in Prairie Cities** Royden Loewen, Gerald

*A Cultural History of Shopping in the Modern Age* Vicki Howard, 2022-06-02 *A Cultural History of Shopping* was a Library Journal Best in Reference selection for 2022 In the modern consumer age that emerged after the First World War shopping became a ubiquitous cultural practice Despite its apparent universality the historicity and contingency of shopping should not be ignored its meaning was always inextricably linked to the political material and economic contexts within which it took place Gendered female for the most part shopping continued to evoke different cultural responses embraced as liberatory by some condemned as frivolous by others Business decisions and public policies helped construct the frameworks within which new often American led shopping cultures emerged from downtown department stores to chain stores to suburban shopping malls The digital revolution in shopping that began in the last decade of the 20th century has changed the face of cities and towns and led to the closure of many bricks and mortar stores but as this volume explores the shopper remains very much at the center of Western capitalist societies *A Cultural History of Shopping in the Modern Age* presents an overview of the period with themes addressing practices and processes spaces and places shoppers and identities luxury and everyday home and family visual and literary representations reputation trust and credit and governance regulation and the state *Retail and the Artifice of Social Change* Steven Miles, 2015-11-06 In *Retail and Social Change* Steven Miles presents a cross disciplinary analysis of the evolution of retail and how in both its material and virtual guises it has come to reframe our relationship with the social world Retail has become increasingly influential in homogenising the urban experience And yet in reacting to trends in virtual consumption retailers are also becoming more and more conscious of the need to engage with consumers in more sophisticated ways *Retail and Social Change* will interest students and scholars in geography cultural studies sociology marketing and business studies interested in how and why retail pervades both our physical and emotional lives in increasingly unexpected ways It will provide a lively comparative and thought provoking contribution that interrogates the implications of retail change for what it means to be a citizen of a consumer society in the twenty first century *A Socioeconomic History of the American Consumer* Lawrence R. Samuel, 2025-07-28 This work whose target audience includes both historians and practitioners is a socioeconomic history of American consumers The author shows how over the past century Americans personal and national identities became heavily defined by how they spent money in the marketplace The American consumer is presented as a character on the national stage whose role changed significantly over

time based on varying social economic and political conditions What did not change over the course of five different eras however was a continual transformation of Americans from citizens to consumers as the private sphere steadily eclipsed the public or civic arena The principal argument of the work is that alongside critics justifiable claims that American style consumption is ultimately unsustainable consumer culture has consistently served as a principal source of meaning and purpose in people s lives Key insights into the American idea and experience are revealed by charting the trajectory of consumers

*The Hub's Metropolis* James C. O'Connell, 2013-03-22 The evolution of the Boston metropolitan area from country villages and streetcar suburbs to exurban sprawl and smart growth Boston s metropolitan landscape has been two hundred years in the making From its proto suburban village centers of 1800 to its far flung automobile centric exurbs of today Boston has been a national pacesetter for suburbanization In *The Hub s Metropolis* James O Connell charts the evolution of Boston s suburban development The city of Boston is compact and consolidated famously the Hub Greater Boston however stretches over 1 736 square miles and ranks as the world s sixth largest metropolitan area Boston suburbs began to develop after 1820 when wealthy city dwellers built country estates that were just a short carriage ride away from their homes in the city Then as transportation became more efficient and affordable the map of the suburbs expanded The Metropolitan Park Commission s park and parkway system developed in the 1890s created a template for suburbanization that represents the country s first example of regional planning O Connell identifies nine layers of Boston s suburban development each of which has left its imprint on the landscape traditional villages country retreats railroad suburbs streetcar suburbs the first electric streetcar boulevard Beacon Street in Brookline was designed by Frederic Law Olmsted parkway suburbs which emphasized public greenspace but also encouraged commuting by automobile mill towns with housing for workers upscale and middle class suburbs accessible by outer belt highways like Route 128 exurban McMansion dotted sprawl and smart growth Still a pacesetter Greater Boston has pioneered antisprawl initiatives that encourage compact mixed use development in existing neighborhoods near railroad and transit stations O Connell reminds us that these nine layers of suburban infrastructure are still woven into the fabric of the metropolis Each chapter suggests sites to visit from Waltham country estates to Cambridge triple deckers
