Aces Against Japan II Eric Hammel, 2020-12-05 ACES AGAINST JAPAN II The American Aces Speak Eric Hammel Leading combat historian Eric Hammel comes through again with an engrossing new collection of thirty eight first person accounts by American World War II fighter aces Coupled with a clear overview of America s far flung air war against Japan and a clear appreciation of the burgeoning industrial might backing the American war effort Hammel s detailed interviews bring forth the most thrilling in the cockpit experiences that World War II s fabled Army Navy Marine and Flying Tiger aces have chosen to tell Ride with 2d Lieutenant Jack Donalson as he downs three Zeros over Luzon on the second desperate day of World War II in the Philippines Share three lonely air battles over Burma and China with Flying Tiger aces RT Smith Dick Rossi and Joe Rosbert Hear the cry of victory as 2d Lieutenant Don McGee survives yet another encounter with Zeros over embattled Port Moresby New Guinea in his substandard P 39 Airacobra Feel your heart beat with anxiety as an injured Ensign Ed Wendorf races against time to land his damaged Hellcat aboard the USS Lexington before he bleeds to death And thrill to the hunt as Pearl Harbor veteran 1st Lieutenant Frank Holmes seeks personal revenge against Admiral Isoroku Yamamoto on one of history s most important and most thrilling fighter missions The American Aces Speak series is a highly charged five volume excursion into life and death in the air told by men who excelled and triumphed in aerial combat and lived to tell about it In sum it is an emotional rendering of what brave airmen felt and how they fought in the now dim days of America s living national history These are America s eagles and the stories are their own in their very own words Critical Acclaim for The American Aces Speak Series The Book World says Aces Against Japan is a thunderous personal high adventure book giving our men in the sky their own

voice Book Page says Eric Hammel's book is recommended reading. It is a must for any historian's bookshelf. The Library Journal says No PR hype or dry as dust prose here. Hammel allows his flyers to tell their stories in their own way. Exciting stuff. Aviation and World War II buffs will love it. The Friday Review of Defense Literature says *Aces Against Japan* is replete with individual heroism and personal feats that almost defy comprehension. A thoroughly enjoyable foray into the cockpits of World War II fighter pilots. The Providence Sunday Journal says A treat that deftly blends a chronology of the Pacific War with tales that would rival a Saturday action matinee. Infantry Magazine says If you would like to read one book that will give you a broad overview and yet a detailed look at what a fighter pilot's air war was like, this is the book. The Bookshelf says Hammel is one of our best military historians when it comes to presenting that often complex subject to the general public. He has demonstrated this facility in a number of fine books before *Aces Against Germany* and now he does so again. Not to be missed by either buff or scholar.

52-Charlie Edward T. Gushee, 2009. 420 members of the aviation cadet class of 52 Charlie received their wings in May of 1952. Some transitioned into jet fighters, some into multi-engine aircraft. Most members of this famous class flew combat missions in Korea or Vietnam or both. Their stories recounted within are stories of bravery and sacrifice and are sometimes tragic, often humorous, and always dedicated. Quinn Fuller was shot down on his first combat mission. Wounded and bleeding, he was picked up by a chopper under heavy fire. He returned to his base and flew an additional ninety-nine missions. Dick Spaulding's oxygen system failed and he was forced to fly for more than thirty minutes over North Korea while slipping in and out of consciousness. Ralph Mackey, a bombardier and later a member of 52 Charlie, watched from another aircraft as his crew was shot down over Germany in WWII. General Jim McDivitt defied death in Korea and again at Edwards Air Force Base as a test pilot before donning a space suit and flying missions in the Gemini and Apollo programs.

The Navigator, 1977. **By the Numbers...** James Cullen, 2001. Jim Cullen was one of thousands of kids who fought the air war over Europe during World War II. Those youngsters either grew up or blew up in combat. Cullen did both when his plane was shot down over Germany. He spent the next twenty-one months as a prisoner of war. Now, over fifty-five years later, he has artfully blended fact, fiction, and photographs into a most fascinating and memorable account of those heroic times. A must read.

Shirley Cobb, Editor. **Bomber Pilot** Philip Ardery, 2013-07-24. Winner of the Best Aeronautical Book Award from the Reserve Officers Association of the United States. The sky was full of dying airplanes as American Liberator bombers struggled to return to North Africa after their daring low-level raid on the oil refineries of Ploesti. They lost 446 airmen and 53 planes, but Philip Ardery's plane came home. This pilot was to take part in many more raids on Hitler's Europe, including air cover for the D-Day invasion of Normandy. This vivid firsthand account, available now for the first time in paper records, is one man's experience of World War II air warfare. Throughout, Ardery testifies to the horror of world war as he describes his fear, his longing for home, and his grief for fallen comrades. *Bomber Pilot* is a moving contribution to American history.
