Bonanza William MacLeod Raine, 1926 *The Gold Crusades* Douglas Fetherling, 1997-12-15 Among the hordes of starry eyed argonauts who flocked to the California gold rush of 1849 was an Australian named Edward Hargraves He left America empty handed only to find gold in his own backyard The result was the great Australian rush of the 1850s which also attracted participants from around the world A South African named P J Marais was one of them Marais too returned home in defeat only to set in motion the diamond and gold rushes that transformed southern Africa And so it went Most previous historians of the gold rushes have tended to view them as acts of spontaneous nationalism Each country likes to see its own gold rush as the one that either shaped those that followed or epitomized all the rest In *The Gold Crusades A Social History of Gold Rushes 1849 1929* Douglas Fetherling takes a different approach Fetherling argues that the gold rushes in the United States Canada Australia New Zealand and South Africa shared the same causes and results the same characters and characteristics He posits that they were in fact a single discontinuous event an expression of the British imperial experience and nineteenth century liberalism He does so with dash and style and with a sharp eye for the telling anecdote the out of the way document and the bold connection between seemingly unrelated disciplines Originally published by Macmillan of Canada 1988 **Mines Register** Horace Jared Stevens, Walter Harvey Weed, Walter Garfield Neale, Lenox Hawes Rand, Edward Barney Sturgis, Joseph Zimmerman, 1927 **Bulletins of the Geological Survey of Victoria** , 1903 *60 Hikes Within 60 Miles: Cincinnati* Tammy York, 2014-07-08 *60 Hikes Within 60 Miles Cincinnati* covers the best and oftentimes little known hiking destinations within 60 miles of the greater Cincinnati area The hikes were selected based on family friendliness scenery and history Many of the hikes fall between 3 to 5 miles in length providing parents with a relaxing and revitalizing hike that even little ones can enjoy Author Tammy York hiked most of the trails with her two young daughters *60 Hikes Within 60 Miles Cincinnati* was created with other parents and newbie hikers in mind yet it provides plenty of challenging hikes for skilled outdoor adventurers Trails in this guide cover Ohio Indiana and Kentucky and range from easy to difficult *Historic Hiking Trails* Steve Rajtar, 2012-10-03 Approximately 900 hiking trails in the United States take hikers along routes or past sites of historical importance and offer commemorative embroidered patches or other souvenirs of the outing These trails allow hikers to gain a new appreciation for history and actually experience it instead of

only reading about it and have something to show for their hike The first comprehensive guide to those trails this work covers routes in all fifty states and the District of Columbia as well as interstate trails The book categorizes each as historic meaning that it played some significant role in history historical meaning that it takes the hiker by or into buildings or sites that have some relationship to a significant person or event but do not themselves figure in history nature or scenic because of the wildlife or scenery available along the way that can be viewed along with the historical site or recreational meaning that the trail was established for the long distance hiker and history buff Each entry also tells who the trail s sponsor is if alternate means of transportation are allowed location length route type of terrain what type of awards are given and any associated costs registration requirements and sites along the trail

A History of the World in 500 Walks Sarah Baxter,2019-06-01 From prehistory to the present day take a grand tour of world events at eye level perspective with accounts that combine knowledgeable commentary with practical detail You may even be inspired to lace up your own boots From geologic upheavals and mad kings to trade routes and saints ways this book relates the tales behind the top 500 walks that have shaped our society It s easy to imagine travelling back in time as you read about convicts and conquistadors silk traders and Buddhists who have hiked along routes for purposes as varied as the terrain they covered *Report* ,1987
