

THE GOLDEN AGE OF LOONEY TUNES™

Chuck Jones developed into the studio's finest director of comedy and timing; he was also the closest the studio had to a fine artist and stylist. But his first cartoon, *The Night Watchman* (1938), showed that Jones was initially headed in another direction. Heavily inspired by Disney, Jones went for realism, so much so that he was selected to direct *Old Glory* (1940), a special patriotic cartoon.

The Dover Boys (1942) marked a change in Jones' thinking. Today this film seems just what it is, a hilarious "gay 90s" spoof. But in its time it was an experiment in stylized movement — a successful experiment which resulted in faster action in Warner Bros.' cartoons. *The Aristo-cat* (1943) used innovative layout and background designs, which preceded and influenced the modern art style of UPA studios in the 1950s.

By the late 1940s, Jones' growth as a director had matured, and cartoons like *Inki™ At The Circus* showed off his great use of comic poses and fast action.

CHUCK JONES
