**The Golden Century of Spain, 1501-1621** Reginald Trevor Davies, 1937      **The Golden Century of Spain 1501-1621** R. Trevor Davies, 1967      **The Golden Century of Spain, 1501-1621** Reginald Thorne Davies,      **A/AS Level History for AQA Spain in the Age of Discovery, 1469-1598 Student Book** Max von Habsburg, 2015-11-05 A new series of bespoke full coverage resources developed for the AQA 2015 A AS Level History Written for the AQA A AS Level History specifications for first teaching from 2015 this print Student Book covers the Spain in the Age of Discovery 1469 1598 Breadth component Completely matched to the new AQA specification this full colour Student Book provides valuable background information to contextualise the period of study Supporting students in developing their critical thinking research and written communication skills it also encourages them to make links between different time periods topics and historical themes      **The Rise and Fall of the Great Powers** Paul Kennedy, 2010-10-27 About national and international power in the modern or Post Renaissance period Explains how the various powers have risen and fallen over the 5 centuries since the formation of the new monarchies in W Europe      **Dictionary of Spanish Literature** Maxim Newmark, 2023-02-07 A wide ranging accessible reference for students of Spanish or Spanish American literature covering fiction poetry drama anonymous classics and more In Dictionary of Spanish Literature Maxim Newmark presents a concise yet informative overview of significant authors and works in Spanish literature as well as important topics and terminology Outstanding Spanish literary critics the major movements schools genres and scholarly journals are also included An essential resource for any Spanish literature scholar this volume provides an expansive overview of the topic spanning both centuries and continents      **Don Gil de Las Calzas Verdes** Tirso de Molina, 1991 Tirso de Molina enjoys enduring popularity as a writer of irreverent comedies though his critical reputation as a major dramatist rests largely on his more serious works Don Gil of the Green Breeches as befits a high farce is much concerned with disguise mistaken identity role reversal ghosts and trousers Dona Juana jilted by her lover Don Martin follows him to Madrid where under the assumed name of Don Gil he is courting the wealthy Dona Ines Dressed as a man in a distinctive pair of green breeches Dona Juana also masquerades as Don Gil Don Martin is outwitted by his transvestite rival who wrecks his schemes like a maleficent will o the wisp before leading him shell shocked to the altar In his lively accurate and fluent line by line verse translation of this play Gordon Minter admirably conveys the unique flavour of Tirso s sparkling wit Additionally in his stimulating Introduction and Commentary he argues that this effervescent drama deliberately subverts the Don Juan legend to show that the Trickster of Seville s female counterpart can be just as resourceful and predatory when the restoration of her honour is at stake The further revelation that Don of the Green Breeches has unobtrusively and unnoticed contributed an important strand to subsequent European versions of the Don Juan legend completes a scholarly reappraisal of the significance of a work too often regarded as little more than a highly amusing dramatic confection      **The Companion Guide to Madrid and Central Spain** Alastair

Boyd, Richard Oliver, 2002 The history and culture of Madrid the cluster of historical cities at an easy distance Segovia Avila and Toledo and the heartlands of Castile the core of Spanish civilisation This book performs with great thoroughness all the usual functions of a guidebook But it is much more than a mere inventory of buildings paintings sculpture routes and views supplemented by appendices packed with practical information The authors from their long experience and deep knowledge of the country are exceptionally well equipped to draw together into a coherent whole all the threads of history art culture and recent developments They steer you in most rewarding directions enlivening the hallowed hush of museum or sacristy with an original interpretation of some great painter El Greco Goya Picasso or an observation which suddenly illuminates the seemingly unexceptional Madrid rather than just a political capital at the geographical centre of the country is revealed as a true metropolis genuinely representative of all the aspects and regional variations of Spanish life Its art collections are justly renowned as superb Add in the cluster of historical cities at an easy distance including Segovia Avila and Toledo to say nothing of the lesser known treasures and delights secreted in the heartlands of Castile and you have within a manageable compass the core of Spanish civilisation     *A babble of ancestral voices* Harriet C. Frazier, 2015-07-24 No detailed description available for *A babble of ancestral voices*     **The Marrano Factory** António José Saraiva, 2001-10-01 The Marrano Factory argues that the Portuguese Inquisition's stated intention of extirpating heresies and purifying Portuguese Catholicism was a monumental hoax the true purpose of the Holy Office was the fabrication rather than the destruction of Judaizers The caste or race of the New Christians was in reality synonymous with the Portuguese mercantile middle class which conservative Portuguese society would not tolerate Most or nearly all of the New Christian Inquisitorial victims some 40 000 between 1540 and 1765 were unremarkable Catholics who often had minimal Jewish ancestry The Portuguese Inquisitorial procedure was not designed to distinguish between guilt and innocence but considered any defendant once categorized a New Christian a Judaizer First published in Portuguese in 1969 this is the only work by António José Saraiva available in English and the only single volume history devoted primarily to the working of the Portuguese Inquisition a most lucid and compact survey It presents Saraiva's 1975 revised history and analysis of the Portuguese Inquisition a 1971 interview with Professor Israel Salvator Rêvah Saraiva's dialogues and Rêvah's reply of the same year both scholars' letters to the *Diário de Lisboa* Footnotes and introductions have been expanded A brief survey of the Portuguese Inquisition in Goa India as well as a list of Portuguese kings and Inquisitors general and an up to date bibliography have been added     *The Geography of Spain* Francisco J. Tapiador, 2019-08-19 This book is the latest and most comprehensive reference to the regional geography of Spain taking into account emergent issues such as biodiversity climate change and nationalism It appeals to scientists as well as to students and instructors and all fields of geography regional environmental and cultural studies and business related disciplines It covers the whole range of topics from the physical to the human geography of Spain and provides detailed insights into all 17 autonomous communities Dozens of GIS maps and hundreds of photographs

and images including remote sensing imagery make this volume a must have for every geography department

**Spain 1474-1700** Colin Pendrill, 2002 Containing sample exam questions at both AS and A2 levels this text shows students what makes a good answer and why it scores high marks It helps students grasp the difference between a GCSE and an A level mark in history

**Literature, Travel, and Colonial Writing in the English Renaissance, 1545-1625** Andrew Hadfield, 1998 What was the purpose of representing foreign lands for writers in the English Renaissance This innovative and wide ranging study argues that writers often used their works as vehicles to reflect on the state of contemporary English politics particularly their own lack of representation in public institutions Sometimes such analyses took the form of displaced allegories whereby writers contrasted the advantages enjoyed or disadvantages suffered by foreign subjects with the political conditions of Tudor and Stuart England Elsewhere more often in explicitly colonial writings authors meditated on the problems of government when faced with the possibly violent creation of a new society If Venice was commonly held up as a beacon of republican liberty which England would do well to imitate the fear of tyrannical Catholic Spain was ever present inspiring and haunting much of the colonial literature from 1580 onwards This stimulating book examines fictional and non fictional writings illustrating both the close connections between the two made by early modern readers and the problems involved in the usual assumption that we can make sense of the past with the categories available to us Hadfield explores in his work representations of Europe the Americas Africa and the Far East selecting pertinent examples rather than attempting to embrace a total coverage He also offers fresh readings of Shakespeare Marlowe More Lyly Hakluyt Harriot Nashe and others

**Amazons, Savages, and Machiavels** Andrew Hadfield, 2001-09-20 The articles selected for this anthology of travel and colonial writing in the English Renaissance period represent the world picture of 16th and 17th century English readers The extracts are grouped geographically and prefaced by headnotes

**Literature and Culture in the Black Atlantic** K. Campbell, 2016-04-30 This book extends our understanding of the black Atlantic a term coined by Paul Gilroy to describe the political cultural and creative interrelations among blacks living in Africa the Americas and Europe This study focuses on pre colonial English literary constructions and their effects on post Independence Caribbean literature

World Civilization Robin W. Winks, 1993-05 Robin W Winks placed particular emphasis on those developments that most directly explain the nature of the modern world social diffusion group and national consciousness technological change religious identities those aspects of intellectual history that have contributed most to our current dilemmas In turn this means that there is more in World Civilization A Brief History about nationalism imperialism or ethnic identities than there is about monarchies feudalism or diplomacy The result of the strategic and intellectual decisions made with respect to this textbook is that its proportions are not the customary ones Particular emphasis is placed on the early origins of civilizations on Greece and Rome and on the period of the so called barbarian invasions because it is by studying these periods that students may best learn how societies are formed Particular emphasis is also placed on the period from the French

Revolution on for it is the events of the last two hundred years that have most closely shaped our present condition This book can be read straight through and in its entirety as an interpretive statement about Western history written by a person who knew a good bit about non Western history and who could thus throw into perspective the unusual the commonplace and the comparable in that sector of history conventionally labeled Western The text draws on over thirty five years of discovering in the classroom what students themselves wish to ask about the past rather than what a body of scholars may have concluded they should wish to ask Though this book is largely about Western civilization it is also about world civilizations for from the eighteenth century forward and in many aspects of life much earlier the non West has interacted with the West in such a way as to make it virtually impossible to separate one from the other when dealing at this level of generalization As a teacher of the history of exploration and discovery of imperialism and decolonizati

**Forging the Tortilla Curtain** Thomas Torrans,2000 Forging the Tortilla Curtain reveals how the region got to be that way **BOOK JACKET** **Women in Hispanic Literature** Beth Miller,2024-06-28 The topics covered by this pioneering collection of essays range from peninsular Spanish to Latin American literature from the eleventh to the twentieth centuries and from the subject of women as portrayed in Hispanic literature to the literature of Hispanic women writers Some pieces present polemical feminist arguments other are more traditional All the contributors use their subject to take new stands on old controversies ask new questions and reevaluate important aspects of Hispanic literature While there is ample evidence in these essays of the dual archetype in Hispanic literature of women as icon and woman as fallen idol the collection reaches beyond these stereotypes to more complex sociological and theoretical concerns Although such research has ben abundantly pursued by scholars of English and American literature it has been notably absent from Hispanic studies This anthology is a comprehensive introduction to its subject and a stimulus to further work in the area Contributors Fernando Alegria Electa Arenal Julianne Burton Alan Deyermond Rosalie Gimeno Harriet Goldberg Estelle Irizarry Kathleen Kish Luis Leal Linda Gould Levine Melveena McKendrick Francine Masiello Beth Miller Elizabeth Ord ez Rachel Phillips Marcia L Welles This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1983

*The Structure of Brazilian Development* Neuma Aguiar,1979-01-01 Having experienced a period of crisis the young scholars included in this anthology provide evidence that critical periods can be favorable to the flourishing of the social sciences and that crises in society and the polity may provide new incentives for the profession The authors have used the most critical period of Brazil s change from a liberal to an authoritarian government to further their training in Europe and the United States returning to their country to shed new light on past and current events They have adapted their training to a non liberal environment and combined local research with a universalistic orientation in their analyses of Brazilian social

structure This book investigates the roles of the peasantry in Brazilian society past and present It describes the pact established between traditional rural elites and the central government which favored the previous populist style of urban politics but left unaltered the rural social structure In addition to analyzing the political trade offs between the traditional elite and the central government the authors focus on the class structure within which peasant leagues emerged The country's political development is analyzed through a bi polar political structure wherein populist and authoritarian regimes alternate in power Other aspects of the military government's impact are discussed through the use of public policy models aimed at analyzing the output of both liberal and authoritarian regimes Continuity between the current administration and previous authoritarian governments is shown as well as new developments such as changes in municipal taxation which allow for the emergence of new technical elites The increase in authoritarian legislation is discussed within this analytical framework as is the expansion of entrepreneurial activities This book brings together the analytical result of recent research by a distinguished group of young Brazilian social scientists It is the first book written in English about Brazil by Brazilians and as such represents an extremely important contribution to the literature An up to date selected bibliography on social science research in Brazil from 1960-77 is an essential reference point for all future undertakings Shepard Forman Department of Anthropology University of Michigan

The Spanish Armada Jay Williams, 2015-10-28 In the summer of 1588 a great body of ships sailed from Spain on a Crusade to restore England to Catholicism The ensuing events brought a Spanish word armada into the English language and created a host of legends Intrepid English sea dogs in tiny ships it was said had bravely faced down towering Spanish galleons Finally a storm sent by a vengeful God wrecked most of that proud fleet on its way home Award winning author Jay Williams sheds new light on the traditional picture Although the English were superior sailors the two fleets were evenly matched Moreover the battle emerges as the high point of a four year cold war between England and Spain Only when set in the context of a Europe bitterly divided between Catholics and Protestants can the contest be fully understood The personalities of Queen Elizabeth I of England and King Philip II of Spain and their commanders especially Francis Drake are also key to this dramatic story
