Golden Nights:

Beating the Odds: The Las Vegas Golden Knights D. Farang, 2018-10-08 The entitled Las Vegas Golden Knights got the best players ever in any NHL draft they are a supremely cocky hard working and resilient bunch with a huge chip on its collective shoulder Perhaps the NHL teams that Vegas raped in the expansion draft should play the Knights with an equally big chip on their own collective shoulders Heading into their first season the Golden Knights were listed as 500 to 1 long shots to win the Stanley Cup and as a result sports books in Las Vegas were due to take quite a hit had they pulled off the win Director of trading Nick Bogdanovich said the estimates I heard around town of 5 or 6 million losses sounded about right adding that it was the biggest liability he d seen since William Hill U S was formed As the Golden Knights progressed through the season and proved to be a veritable force in the league odds makers had to find creative ways to hedge against the potential of a Stanley Cup win Some sports books offered a field bet that allowed them to offset some of their risks but even with the adjustments a Golden Knights win was still a significant financial liability Despite this many of those running the sports books said they would have traded the huge financial hit if it meant their newfound team got to raise Lord Stanley s Cup in their first season Alas it was not to be but the Golden Knights beat the odds going from 500 to 1 underdogs to 9 2 favorites to win the the Stanley Cup That they lost to the Washington Capitals is no shame For the 2018 2019 NHL season the Golden Knights are now listed as 10 to 1 favorites to win it all in their second season It ll be a real challenge for the NHL darling Las Vegas Golden Knights to Beat the Odds again However bet against them at your peril *The Secret of the Night* Gaston Leroux, 2021-05-28 *The Secret of the Night* 1913 is a novel by French writer Gaston Leroux *The Secret of the Night* marked the third appearance of popular character Joseph Rouletabille a reporter and part time sleuth who features in several of Leroux s novels Originally a journalist Leroux turned to fiction after reading the works of Arthur Conan Doyle and Edgar Allan Poe Often considered one of the best mystery writers of all time Leroux s novel has been adapted countless times for film and television Joseph Rouletabille is more than meets the eye A reporter by profession he spends his free time working as an amateur detective using his journalistic talents to compile facts and track down leads In *The Mystery of the Yellow Room* he saved the life of Mathilde Stangerson the daughter of a prominent professor from the clutches of Ballmeyer a violent criminal mastermind gifted in the art of disguise In *The Perfume of the Lady in Black* Rouletabille is shaken by the return of an enemy he had believed was dead *The Secret of the Night* finds Leroux s hero in Russia on assignment for a French newspaper While there he is summoned to the palace of Tsar Nicholas II who wishes to employ him in his capacity as a detective in order to foil a plot against his generals *The Secret of the Night* is a story of revolution murder and suspense from one of history s finest detective novelists Joseph Rouletabille is without a doubt France s answer to Sherlock Holmes With a beautifully designed cover and professionally typeset manuscript this edition of Gaston Leroux s *The Secret of the Night* is a classic of French literature reimagined for modern readers **Holidays and Holy Nights** Christopher Hill, 2003

with Cancer Thru Poetry Joree Williams, 2010-10-09 This is a book of poetry that unfolds showing all the emotions felt through living with Cancer A disease most people know well through living with it themselves or through a family member or a friend who has suffered the same battle Joree does not conceal the anguish and pain nor does she hide the joys and thoughts of overcoming Recruiter Journal ,2001 *Selected Poems of Jorge Carrera Andrade* Jorge Carrera Andrade, 1972-01-01 While Latin American poets such as Pablo Neruda Jorge Luis Borges and Octacio Paz have been receiving most of the attention of critics the Ecuadorian poet Jorge Carrera Andrade had quietly continued writing his transparent poetry Nevertheless Carrera Andrade s poems are undoubtedly some of the best ever written in the Spanish language and he has often been mentioned as a likely candidate for the Nobel Prize In his poetic exploration of what he calls the secret country of human existence Carrera Andrade marvels at the beauty of the world And this wonder is conveyed by means of dazzling descriptive metaphors Perhaps it could be said that the Ecuadorian poet always interprets the world visually but his visual images constitute merely a metaphorical technique around which he constructs his poems In his verbal structures he expresses the transitory nature of life as well as the loneliness of man in the universe He describes life in his native Ecuador contemplates with compassion the plight of the Indians of his country and denounces social injustices More recently Carrera Andrade concerned about the destiny of mankind manifests his indomitable faith in humanity in the book *Hombre planetario* 1959 imagining a social utopia Carrera Andrade has stated that his poetry is the result of the intimate union of the senses and the intellect And yet his poems remain transparent He rejects obscurity and complexity and chooses simplicity and clarity He considers that one of the essential goals of poetry is communion with other men and that if his poetry cannot communicate its emotive and sensorial content it fails to accomplish its mission which is the interpretation of the world As to the universal meaning of his poetic work Carrera Andrade would recall Goethe s phrase All my works are fragments of a great confession He would characterize his own work as a confession of love both for humanity and for the wonders of this world Carrera Andrade must be counted among the four or five best contemporary poets of Latin America Whether he is awarded a Nobel Prize still remains to be seen but there can be no doubt that in his poems one can detect the same literary excellence as in the work of Neruda Paz or Borges Hopefully the work of this great Ecuadorian poet will soon be universally appreciated In some of his works he can be compared to T S Eliot Hlderlin or Saint Jean Perse The publication of H R Hayes translations will for the first time make available to English speaking readers all of the significant verse of Carrera Andrade beginning with some of his first pieces from *La guirnalda del silencio* 1926 and ending with translations from *Pos a ltima* 1957 1966 *My First 1,000 Jumps* Norm Heaton, 2019-06-10 You are holding the only comprehensive history of the early days of the sport of skydiving yet published It is the story of not just one skydiver but the story of many the true pioneers of the sport Just as important this book includes a complete history of the national organization established for the express purpose of promoting sport parachuting While this history is restricted to a short fifteen years 1961 1975
