Under Pressure Carl Honore,2010-05-21 From the bestselling author of In Praise of Slow comes a fascinating and urgent look at childhood today and how we are raising a generation of overprogrammed overachieving exhausted children For generations of children growing up was a pretty simple business you went to school for a few hours a day you dabbled in hobbies and sports and the

rest of the time you played Or maybe you just day dreamed Carl Honor explains how our modern approach to children is backfiring our kids are fatter more myopic more injured more depressed and more medicated than any previous generation By using children as a way to relive our own lives or as a way to make up for our personal shortcomings we have destroyed the magic and innocence of childhood Under Pressure is not a parenting manual but a call to action we must do better for our children Using fascinating anecdotes about obsessive parents including one about the father of a tennis player who drugged all his child s opponents solid research and personal insight Honor explains the over parenting phenomenon dispels myths and rallies for change in clear and persuasive prose Topics explored include the use of technology as babysitting how enrolling children in hours of extracurriculars every week can do more harm than good and how we underestimate the resilience of our children at the expense of their freedom **Engineering and Mining Journal** ,1909 **PC Mag** ,1991-03-12 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology *Math Smart Junior* Marcia Lerner,1995 Written by the author of the award winning adult version of Math Smart this fun and useful guide includes quizzes drills and a glossary of terms and concepts *Congressional Record* United States.
