Golf Shotmaking Billy Casper,1970 **The Big Three and Me** Billy Casper,2012-03-01 Billy Casper had a higher winning percentage than Arnold Palmer he won twice as many times on the PGA Tour as Gary Player and during his career he finished in the top twenty five more consistently than Jack Nicklaus And yet when golf historians write about the legends of the game with special attention paid to the above listed Big Three his name is often left out of the discussion or is at best an afterthought In this fascinating autobiography Casper tells his life story shining candid insight into the man who quietly collected fifty one PGA Tour victories the seventh highest total in history **Billy Casper's "my Million-dollar Shots."** Billy Casper (Jr.),1970 **The Best Advice Ever for Golfers** Robert McCord,2001 A book of helpful historical facts and practical tips and instructions from the experts Billy Casper's "My Million-dollar Shots." Billy Casper,1971 Why Do They Call It a Birdie? Frank Coffey,1998 A perfect gift for duffers and scratch golfers alike this indispensable trivia book is filled with anecdotes quotes definitions practical tips quizzes historical information curious tidbits and humor about the game of golf Line drawings Golf's Supershots George Peper,1984-02 *The New York Times Book Review* ,1967 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1971 The Longest Shot Neil Sagebiel,2012-05-22 The Longest Shot tells the inspirational story of the unknown golfer from Iowa who beat his idol in the 1955 U S Open With the overlooked Jack Fleck still playing the course NBC TV proclaimed that the legendary Ben Hogan had won his record fifth U S Open and signed off from San Francisco Undaunted the forgotten Iowan rallied to overcome a nine shot deficit over the last three rounds still a U S Open record and made a pressure packed putt to tie Hogan on the final hole of regulation play The two men then squared off in a tense 18 hole playoff from which Fleck emerged victorious in one of the most startling upsets in sports history On par with the classic golf narratives of Mark Frost and John Feinstein The Longest Shot will surprise and delight fans as they trace the improbable journey of an unheralded former caddie who played his way into the record books by out dueling the sport s greatest champion of his time **The Library of Golf, 1743-1966** ,1968 The Golden Era of Golf Al Barkow,2025-06-25 The Golden Era of Golf chronicles the rise of the sport in America from 1950 to the present by one of the most prolific and respected golf writers today Until now no one has made the point directly and unequivocally that the game invented by ancient Scots would not have reached its present stature in the world of sports if Americans had never gotten hold of it Is this to say that Al Barkow is in The Golden Era of Golf being a narrow minded American flag waving jingoist Not at all In detailing how America expanded on the old Scots game Barkow does not deny that the United States more or less fell into certain advantages that led to its dominion over the game there is the geography the luck of not having to endure the physical devastation of two world wars and a naturally broader economic strength Still Barkow also makes it clear that there were and there remains certain especially American characteristics a singular energy

and enthusiasm for participation in and observation of games for melding sports with business for technological and industrial innovation and by all means democratic traditions that turned what had been and would probably have remained an insular parochial past time into a game played by millions around the world America has been golf's great nurturing force and Barkow details why and how it happened The history of American golf is not exactly a varnished treatment a mindless glorification full of nationalist ardor which is in keeping with the author's well established reputation developed over the past 37 years as a golf journalist magazine editor historian and television commentator as someone who looks with a sharp and candid eye at the game Barkow has points of view and takes positions on affairs and personalities that impact on every aspect of golf Is the United States Golf Association in its restrictions on equipment playing ostrich to inevitable technological innovation Hasn't it always And hasn't the association always been hypocritical in its definition of amateurism Was the Ryder Cup ever really a demonstration of pure hands across the sea good fellowship Why did it take so long for the members of the Augusta National Golf Club to invite a black to play in its vaunted Masters tournament Barkow was one of the first journalists to research in depth and write about how blacks were excluded from mainstream American golf for most of this century Here he expands on an element of history which is intrinsic to the larger American experience and which led to the coming of Tiger Woods How good has television been for golf and when and by whom did this most powerful of mediums get involved in the game Is Greg Norman's celebrity and personal wealth an example or the result of modern day image making that gives greater value to impressions of greatness than the reality of actual performance Although some curmudgeon emerges in this chronicle of golf what also comes through and on a larger note is the author's passion for the game itself Its demands on each player's will determination and both inherent and developed physical skills are so penetrating and the satisfaction that comes from just coming close to fulfillment so great that the manipulations of the golf operators administrators agents some of its players et al become mere sidebars This is golf history with a certain perspective that arises from someone who has lived intimately with the game as a player and writer for at least half the century that is covered and in particular the last half on which there is the greater emphasis It runs the gamut from feisty albeit well considered criticism to an evocation of the human drama that is finally the most vivid expression of any activity man takes on
