Jaffe, Elizabeth Franklin Lewis, 2009-04-01 Eve s portrayal in the Bible as a sinner and a temptress seemed to represent and justify women s inferior position in society for much of history During the Enlightenment women challenged these traditional gender roles by joining the public sphere as writers intellectuals philanthropists artists and patrons of the arts Some sought to reclaim Eve by recasting her as a positive symbol of women's abilities and intellectual curiosity. In Eve's Enlightenment leading scholars in the fields of history art history literature and psychology discuss how Enlightenment philosophies compared to women s actual experiences in Spain and Spanish America during the period Relying on newspaper accounts poetry polemic paintings and saints lives this diverse group of contributors discuss how evolving legal social and medical norms affected Hispanic women and how art and literature portrayed them Contributors such as historians M nica Bolufer Peruga and Mar a Victoria L pez Cord n Cortezo art historian Janis A Tomlinson and literary critic Rebecca Haidt also examine the contributions these women's experiences make to a transatlantic understanding of the Enlightenment A common theme unites many of the essays while Enlightenment reformers demanded rational equality for men and women society increasingly emphasized sentiment and passion as defining characteristics of the female sex leading to deepening contradictions Despite clear gaps

between Enlightenment ideals and women s experiences however the contributors agree that the women of Spain and Spanish America not only took part in the social and cultural transformations of the time but also exerted their own power and influence to help guide the Spanish speaking world toward modernity The first interdisciplinary collection published in English Eve's Enlightenment offers a wealth of information for scholars of eighteenth century Spanish history literature art history and women s studies An introduction by editors Catherine M Jaffe and Elizabeth Franklin Lewis provides helpful The 1812 Aponte Rebellion in Cuba and the Struggle Against Atlantic Slavery Matt historical and contextual information D. impressive array of primary and secondary sources the author shows how recogimiento was experienced by a range of individuals from viceroys and archbishops to female foodsellers shop owners and secluded mystics She argues that by 1650 women representing different races and classes in Lima claimed recogimiento as integral to their public familial and internal identities. The social and cultural history of Lima between 1550 and 1713 illustrates the complexities of conjugal relations sexuality and social norms in the viceregal capital demonstrates the inextricable link between sacred and secular realms in colonial society and delineates the process of transculturation between Spain and Lima
