Davies, 2011-01-05 A collection of original essays from leading scholars in the field exploring the contemporary debates concerns and controversies ongoing in Spanish film industry culture and scholarship The essays reveal the far reaching shifts that have occurred in the Spanish film scene making essential reading for all interested in European cinema

Great Spanish Films Since 1950 Ronald Schwartz, 2008-09-05 When it began modern Spanish cinema was under strict censorship forced to conform to the ideological demands of the Nationalist regime In 1950 the New Spanish Cinema was born as a protest over General Francisco Franco's policies a new series of

directors and films began to move away from the conformist line to offer a bold brand of Spanish realism. In the 1950s and early 1960s filmmakers such as Juan Antonio Bardem, Luis García Berlanga and Luis Buñuel expressed a liberal image of Spain to the world in such films as *Muerte de un ciclista* (Death of a Cyclist), *Bienvenido Se or Marshall* (Welcome Mr Marshall) and *Viridiana*. The emergence of new directors continued into the sixties and seventies with Carlos Saura, Jos Luis Borau, Víctor Erice and others. After Franco's death in 1975 censorship was abolished and films openly explored such formerly taboo subjects as sexuality, drugs, the church, the army and the Civil War. The Spanish cinema was no longer escapist and entertaining but at long last mirrored the society it depicted. While established directors like Saura, Bardem and Berlanga continued to produce distinguished work, the new wave of Spanish cinema included brilliant films by the likes of Montxo Armendáriz, Tasio Fernando Trueba, *First Work*, Imanol Uribe, *The Death of Mikel* and Pedro Almodóvar, *Women on the Verge of a Nervous Breakdown*. In the last couple of decades exciting works by established filmmakers and newcomers alike continue to be produced, including Alejandro Amenábar's *Thesis*, Jos Luis García's *The Grandfather* and Almodóvar's *Talk to Her* and *Volver*. In *Great Spanish Films Since 1950*, Ronald Schwartz presents a compendium of outstanding Spanish films from the pre-Francoist era through the Spanish New Wave of the 80s and 90s and into the present day. Schwartz provides background, plot and commentaries of key films from six decades of Spanish cinema. In addition to identifying **The Changing Spanish Family**, Tiffany Trotman, 2011-08-31. Despite centuries of Catholic conservatism, Spain stands among the Western countries that have recently embraced non-traditional families. A decline in the dominance of extended families, the upswing in single-parent households and an increase in the number of working mothers have all transformed what it means to be a Spanish family. Many factors have prompted this change, including the end of Franco's dictatorship, the liberalization of society, economic reforms, Spanish feminism and recent Socialist constitutional reforms recognizing the rights of same-sex partners. This collection of essays examines how authors, filmmakers and playwrights are engaging with changes to Spanish culture, exploring the very redefining of Spanish society. [The Encyclopedia of Contemporary Spanish Films](#), Salvador Jiménez Murguía, Alex Pinar, 2018-05-18. Under the Franco regime (1939-1976), films produced in Spain were of poor quality, promoted the regime's agenda or were heavily censored. After the dictator's death, the Spanish film industry transitioned into a new era, one in which artists were able to more freely express themselves and tackle subjects that had been previously stifled. Today, films produced in Spain are among the most highly regarded in world cinema. *The Encyclopedia of Contemporary Spanish Films* features nearly 300 entries, written by a host of international scholars and film critics. Beginning with movies released after Franco's death, this volume documents four decades of films, directors, actresses and actors of Spanish cinema. Offering a comprehensive survey of films, the entries address such topics as art, culture, society and politics. Each includes comprehensive production details and provides brief suggestions for further reading. Through its examination of the films of the post-Franco period, this volume offers readers valuable insights into Spanish history, politics

and culture An indispensable guide to one of the great world cinemas The Encyclopedia of Contemporary Spanish Films will be of interest to students academics and the general public alike *Gay Directors, Gay Films?* Emanuel Levy, 2015-08-25 Through intimate encounters with the life and work of five contemporary gay male directors this book develops a framework for interpreting what it means to make a gay film or adopt a gay point of view For most of the twentieth century gay characters and gay themes were both underrepresented and misrepresented in mainstream cinema Since the 1970s however a new generation of openly gay directors has turned the closet inside out bringing a poignant immediacy to modern cinema and popular culture Combining his experienced critique with in depth interviews Emanuel Levy draws a clear timeline of gay filmmaking over the past four decades and its particular influences and innovations While recognizing the queering of American culture that resulted from these films Levy also takes stock of the ensuing conservative backlash and its impact on cinematic art a trend that continues alongside a growing acceptance of homosexuality He compares the similarities and differences between the North American attitudes of Todd Haynes Gus Van Sant and John Waters and the European perspectives of Pedro Almod var and Terence Davies developing a truly expansive approach to gay filmmaking and auteur cinema Thursdays with Leila Corín Tellado, 2016-11-10 Thursdays with Leila exemplifies the slapdash style and narrative verve piety and subversion timeless myth and topicality that made Corín Tellado the queen of the Spanish romance Of a later generation than Britain's Barbara Cartland or France's Delly she like them nevertheless wrote in a society tensed between the inexorable development of modernity and a deep rooted social conservatism **Translation and Opposition** Dimitris Asimakoulas, Margaret Rogers, 2011-09-06 Translation and Opposition is an edited volume that brings together cultural and sociological perspectives by examining translation through the prism of linguistic cultural hybridity and inter intra social agency In a collection of diverse case studies ranging from the translation of political texts to interpreting in concentration camps the book explores issues of power struggle ideology censorship and identity construction The contributors to the volume show how translators interpreters and subtitlers as mediators put their specific professional and ethical competences to the test by treading the dividing lines between constellations of in groups and cultural or political others
