Global Perspectives in Children's Literature Evelyn Blossom Freeman, Barbara A. Lehman, 2001 KEY BENEFIT This book presents a comprehensive discussion of international children s books and their use in K 8 classrooms KEY TOPICS Global

Perspectives in Children's Literature reviews the status of children's literature around the world and elaborates on the benefits of international children's literature for children's development and the curriculum. The book presents various genres such as picture books, fiction, informational books, and poetry. Issues in the field and criteria for selecting books to be used in the classroom are provided, as well as a discussion of history and contemporary trends worldwide. Specific ways to share international books are also presented as they relate to theme studies, specific content areas, visual literacy, and language arts. Useful for anyone interested in global education, specifically that of Children's Literature.

The Curriculum Studies Reader David J. Flinders, Stephen J. Thornton, 2021-12-29 In this sixth edition of David J. Flinders and Stephen J. Thornton's ground-breaking anthology, the editors assemble the best in past and present curriculum studies scholarship. From John Dewey's nineteenth-century creed to Nel Noddings' provocative call to revive the spirit of the liberal arts, this thoughtful combination of well-recognized and pivotal work provides a complete survey of the discipline coupled with concrete examples of innovative curriculum and an examination of current topics. New to this edition is a dynamic set of contemporary and historical contributions tackling issues such as high-stakes testing, multicultural literacy, white supremacy in the curriculum, and climate change. Carefully balanced to engage with the history of curriculum studies while simultaneously looking ahead to its future, *The Curriculum Studies Reader* continues to be the most authoritative collection in the field.

Females and Harry Potter Ruthann Mayes-Elma, 2006-06-29 This book explores the sexism inherent in the Harry Potter series and explains how traditional gender constructions of both men and women are common throughout the series.

A Passionate Usefulness Gary D. Schmidt, 2004 In a literary environment dominated by men, the first American to earn a living as a writer and to establish a reputation on both sides of the Atlantic was miraculously a woman. Hannah Adams dared to enter, and in some ways was forced to enter, a sphere of literature that had in eighteenth-century America been solely a male province. Driven by poverty and necessity and aided by an extraordinarily adept mind and keen sense of business, Adams authored works on New England history, sectarian history, and Jewish history, using and citing the most recent scholarly works being published in Great Britain and America. As a female writer, she would always remain something of an outsider, but her accomplishments did not by any means go unrecognized; embraced by the Boston intelligentsia and highly regarded throughout New England, Adams came to epitomize the possibility in a democratic society that anyone could rise to a circle of intellectual elites. In *A Passionate Usefulness*, the first book-length biography of this remarkable figure, Gary Schmidt focuses primarily on the intimate connection between Adams's reading and her own literary work. Hers is the story of incipient scholarship in the new nation, the story of a dependence that evolved into intellectual independence. Schmidt sets Adams's works in the context of her early poverty and desperate family situation, her decade-long feud with one of New England's most powerful Calvinist ministers, her alliance with the budding Unitarian movement in Boston, and her work establishing the first evangelical mission to Palestine, a task she accomplished virtually single-handedly. Today, Adams still holds a place not

only as a female writer who made her way economically in the book business before any other woman or male writer could do so but also as a key figure in the transitional generation between the American Revolution and the Renaissance upon whose groundwork much of the country's later literature would build

Edging Women Out Gaye Tuchman, 2012-08-21 Before about 1840 there was little prestige attached to the writing of novels and most English novelists were women By the turn of the twentieth century men of letters acclaimed novels as a form of great literature and most critically successful novelists were men In the book sociologist Gaye Tuchman examines how men succeeded in redefining a form of culture and in invading a white collar occupation previously practiced mostly by women Tuchman documents how men gradually supplanted women as novelists once novel writing was perceived as potentially profitable in part because of changes in the system of publishing and rewarding authors Drawing on unusual data ranging from the archives of Macmillan and company London to an analysis of the lives and accomplishments of authors listed in the Dictionary of National Biography she shows that rising literacy and the centralization of the publishing industry in London after 1840 increased literary opportunities and fostered men's success as novelists Men redefined the nature of a good novel and applied a double standard in critically evaluating literary works by men and by women They also received better contracts than women for novels of equivalent quality and sales They were able to accomplish this says Tuchman because they were to a large extent the culture brokers the publishers publishers readers and reviewers of an elite art form Both a sociological study of occupational gender transformation and a historical study of writing and publishing this book will be a rich resource for students of the sociology of culture literary criticism and women's studies *Book Review Index*, 2003 Vols 8 10 of the 1965 1984 master cumulation constitute a title index 0000000 00000000, 2011-06-01 2011 4 16 17 *Bibliographic Guide to Education*, 2001 lists publications cataloged by Teachers College Columbia University supplemented by The Research Libraries of The New York Public Library

Victorian Children's Literature Ruth Y. Jenkins, 2016-09-22 This book reveals how the period's transforming identities affected by social economic religious and national energies offers rich opportunities in which to analyze the relationship between identity and transformation At the heart of this study is this question what is the relationship between Victorian children's literature its readers and their psychic development Ruth Y Jenkins uses Julia Kristeva's theory of abjection to uncover the presence of cultural anxieties and social tensions in works by Kingsley MacDonald Carroll Stevenson Burnett Ballantyne Nesbit Tucker Sewell and Rossetti *The Writers Directory*, 2013

matlab simulink based on aβ modeling of self excited induction generator - Sep 23 2022

web this paper presents modeling of stand alone self excited induction generator used to operate under variable speeds prime mover the proposed dynamic model consists of induction generator excitation capacitor and inductive load model are expressed in stationary reference frame with the actual magnetizing saturation curve of the induction

the art of modeling and simulation of induction generator in wind - Dec 27 2022

web oct 1 2008 the model of an induction generator can have various orders such as 1 3 or 5 the fifth order model is considered to be a full order model for an induction generator the third order model ignores the stator dynamics and is widely used in power system transient stability analysis 7

simulink model of an induction generator matlab answers - Oct 05 2023

web feb 27 2018 answered muhammad ikhsan on 27 feb 2018 hi i m looking for a full simulink model of an induction generator for wind turbine i ve been looking for more than a month but i didn t find a model that suits my needs and i don t know to to make one

a matlab simulink model of self excited induction generator for - Oct 25 2022

web this paper presents a matlab simulink dynamic model of an induction generator which makes simulation studies possible for the design of fuzzy logic controllers for the purpose of controlling the retarding torque output of the generator in an electrical brake application using the fuzzy logic toolbox of matlab

modeling of a stand alone induction generator on load using matlab simulink - Jun 20 2022

web this paper proposes a matlab simulink model of a stand alone induction generator used in renewable source based power generation on load rotor and stator d q axis current has been chosen

wind farm doubly fed induction generator dfig matlab simulink - Jun 01 2023

web wind turbines using a doubly fed induction generator dfig consist of a wound rotor induction generator and an ac dc ac igt based pwm converter the stator winding is connected directly to the 60 hz grid while the rotor is fed at variable

modelling and control of wind turbine doubly fed induction generator - Feb 14 2022

web dec 1 2017 this paper describes the modelling and control system of a wind turbine using a doubly fed induction generator this configuration makes the wind turbine suitable for variable speed wind

modeling of a stand alone induction generator on load using matlab simulink - Apr 18 2022

web aug 1 2012 this paper proposes a matlab simulink model of a stand alone induction generator used in renewable source based power generation on load rotor and stator d q axis current has been chosen

simulink model of three phase induction motor mathworks - Jul 02 2023

web apr 27 2012 simulink model of three phase induction motor this is a complete simulink model of a three phase induction motor this model depicts all the aspects of a three phase induction motor starting from input three phases up to the electromagnetically generated torque and speed

self excited induction generator newcastle university - Jul 22 2022
