## **Edging Women Out Victorian Novelists Publishers And Social Change:**

**Edging Women Out** Gaye Tuchman, 2012-08-21 Before about 1840 there was little prestige attached to the writing of novels and most English novelists were women By the turn of the twentieth century men of letters acclaimed novels as a form of great literature and most critically successful novelists were men In the book sociologist Gaye Tuchman examines how men succeeded in redefining a form of culture and in invading a white collar occupation previously practiced mostly by women Tuchman documents how men gradually supplanted women as novelists once novel writing was perceived as potentially profitable in part because of changes in the system of publishing and rewarding authors Drawing on unusual data ranging from the archives of Macmillan and company London to an analysis of the lives and accomplishments of authors listed in the Dictionary of National Biography she shows that rising literacy and the centralization of the publishing industry in London after 1840 increased literary opportunities and fostered men's success as novelists Men redefined the nature of a good novel and applied a double standard in critically evaluating literary works by men and by women They also received better contracts than women for novels of equivalent quality and sales They were able to accomplish this says Tuchman because they were to a large extent the culture brokers the publishers publishers readers and reviewers of an elite art form Both a sociological study of occupational gender transformation and a historical study of writing and publishing this book will be a rich resource for students of the sociology of culture literary criticism and women's studies Married, Middlebrow, and Militant Teresa Mangum, 1998 Examines the life and work of this daring nineteenth century author and women's rights advocate **Romanticism and Gender** Anne K. Mellor, 2013-08-06 Taking twenty women writers of the Romantic period Romanticism and Gender explores a neglected period of the female literary tradition and for the first time gives a broad overview of Romantic literature from a feminist perspective *Women and the Travel Guidebook, 1870-c.1910* Jasmine Proteau, 2025-01-31 Although the printing giants of John Murray and Karl Baedeker dominated the nineteenth century travel guidebook market women were important producers and consumers of guides This book argues that in the late nineteenth century women were key cultural producers of travel guidebooks an important form of non fiction mass media during an upsurge and shift in European travel and tourism While a limited number of studies have identified a small number of female authored guidebooks this is the first to take a broad view of women's place within the guidebook market situating female authored texts within a large and competitive book market to understand the role of gender in guidebook publication Given Italy's historic religious cultural and artistic significance to the Anglophone world guides to Italy were perhaps the most numerous among all the guidebooks targeted at travellers from the United Kingdom and North America in the nineteenth century and therefore form a key focus of this study *Gender Politics in Modern China* Tani E. Barlow, 1993 Through the lens of modern Chinese literature Gender Politics in Modern China explores the relationship between gender and modernity notions of the feminine and masculine and shifting arguments for gender equality in China Ranging from interviews with

contemporary writers to historical accounts of gendered writing in Taiwan and semi colonial China to close feminist readings of individual authors these essays confront the degree to which textual strategies construct notions of gender Among the specific themes discussed are how femininity is produced in texts by allocating women to domestic space the extent to which textual production lies at the base of a changing historically specific code of the feminine the extent to which women in modern Chinese societies are products of literary canons the ways in which the historical processes of gendering have operated in Chinese modernity vis vis modernity in the West the representation of feminists as avengers and as westernized women and the meager recognition of feminism as a serious intellectual current and a large body of theory Originally published as a special issue of Modern Chinese Literature Spring Fall 1988 this expanded book represents some of the most compelling new work in post Mao feminist scholarship and will appeal to all those concerned with understanding a revitalized feminism in the Chinese context Contributors Carolyn Brown Ching kiu Stephen Chan Sung sheng Yvonne Chang Yu shih Chen Rey Chow Randy Kaplan Richard King Wolfgang Kubin Wendy Larson Lydia Liu Seung Yeun Daisy Ng Jon Solomon Meng Yue Wang Zheng

*Ella Hepworth Dixon* Valerie Fehlbaum, 2017-07-05 In a career that spanned over forty years Ella Hepworth Dixon 1857 1932 was alternately journalist critic essayist short story writer novelist editor of a women s magazine dramatist and autobiographer After an initial popularity however Dixon s work remained largely unread for decades Valerie Fehlbaum sheds light on Dixon s life and work and provides profound insight not only into Dixon herself but into the multifaceted character of the New Woman writer that Dixon typified

Representing Female Artistic Labour, 1848-1890 Patricia Zakreski, 2016-12-05 Patricia Zakreski s interdisciplinary study draws on fiction prose painting and the periodical press to expand and redefine our understanding of women s relationship to paid work during the Victorian period While the idea of separate spheres has largely gone uncontested by feminist critics studying female labour during the nineteenth century Zakreski challenges this distinction by showing that the divisions between public and private were in fact surprisingly flexible with homes described as workplaces and workplaces as homes By combining art with forms of industrial or mass production in representations of the respectable woman worker writers projected a form of paid creative work that was not violated or profaned by the public world of the market in which it was traded Looking specifically at sewing art writing and acting Zakreski shows how these professions increasingly came to be defined as artistic and thus as suitable professions for middle class women and argues that the supposedly degrading activity of paid work could be transformed into a refining experience for women Rather than consigning working women to the margins of patriarchal culture then her study shows how representations of creative women by authors such as Elizabeth Barrett Browning Dinah Craik Charles Dickens Anthony Trollope and Charlotte Yonge participated in and shaped new forms of mainstream culture

**The Reconstruction of White Southern Womanhood, 1865-1895** Jane Turner Censer, 2003-09-30 The important but little known story of elite southern white women s successful quest for a measure of self reliance and independence between antebellum strictures and

the restored patriarchy of Jim Crow      **The 'Improper' Feminine** Lyn Pykett,2003-12-08 The women's sensation novel of the 1860s and the New Woman fiction of the 1890s were two major examples of a perceived feminine invasion of fiction which caused a critical furore in their day Both genres with their shocking fast heroines fired the popular imagination by putting female sexuality on the literary agenda and undermining the proper feminine ideal to which nineteenth century women and fictional heroines were supposed to aspire By exploring in impressive depth and breadth the material and discursive conditions in which these novels were produced *The Improper Feminine* draws attention to key gendered interrelationships within the literary and wider cultures of the mid Victorian and fin de siècle periods      Gendering Orientalism Reina Lewis,2013-06-17 In contrast to most cultural histories of imperialism which analyse Orientalist images of rather than by women *Gendering Orientalism* focuses on the contributions of women themselves Drawing on the little known work of Henriette Browne other lost women Orientalist artists and the literary works of George Eliot Reina Lewis challenges masculinist assumptions relating to the stability and homogeneity of the Orientalist gaze *Gendering Orientalism* argues that women did not have a straightforward access to an implicitly male position of western superiority Their relationship to the shifting terms of race nation and gender produced positions from which women writers and artists could articulate alternative representations of racial difference It is this different and often less degrading gaze on the Orientalized Other that is analysed in this book By revealing the extent of women's involvement in the popular field of visual Orientalism and highlighting the presence of Orientalist themes in the work of Browne Eliot and Charlotte Brontë Reina Lewis uncovers women's roles in imperial culture and discourse *Gendering Orientalism* will appeal to students lecturers and researchers in cultural studies literature art history women's studies and anthropology      **Teaching Literary Research** Kathleen A. Johnson,Steven Robert Harris,2009      A Magazine of Her Own? Margaret Beetham,2003-09-02 Like the corset the women's magazines which emerged in the nineteenth century produced a natural idea of femininity the domestic wife the fashionable woman the romancing and desirable girl Their legacy from agony aunts to fashion plates are easily traced in their modern counterparts But do these magazines and their promises empower or disempower their readers *A Magazine of Her Own* is a lively and revealing exploration of this immensely popular form from its beginnings In fascinating detail Margaret Beetham investigates the desires images and interpretations of femininity posed by a medium whose readership was and still is almost exclusively female *A Magazine of Her Own* is at once a chronological tracing of the history a collection of intriguing case studies and an intervention into recent debates about gender and sexuality in popular reading It is a book which anyone who is interested in the unique influential world of the woman's magazine students scholars and general readers alike will want to read      The Economy of Literary Form Lee Erickson,1996 Erickson analyzes the effects of a changing market on the relative cultural status of literary forms Topics include the impact of technological changes in printing on English poetry ideological focus and the market for the essay and marketing the novel 1820-1850 Book News Inc Portland Oregon Literary Criticism

**Pierre Bourdieu** Nicholas Brown, Imre Szeman, 2000 The work of Pierre Bourdieu has had an enormous impact on research in fields as diverse as aesthetics education anthropology and sociology This is a collection of essays focusing on the contribution of Bourdieu's thought to the study of cultural production

**Alfred Hitchcock** Paula Marantz Cohen, 2021-10-05 This provocative study traces Alfred Hitchcock's long directorial career from Victorianism to postmodernism Paula Marantz Cohen considers a sampling of Hitchcock's best films *Shadow of a Doubt* *Rear Window* *Vertigo* *Psycho* as well as some of his more uneven ones *Rope* *The Wrong Man* *Topaz* and makes connections between his evolution as a filmmaker and trends in the larger society Drawing on a number of methodologies including feminism psychoanalysis and family systems the author provides an insightful look at the paradox of a Victorian style gentleman who evolved into one of the leading masters of the modern medium of film Cohen posits that Hitchcock's films are in part a masculine response to the domestic psychological novels that had appealed primarily to women during the Victorian era His career she argues can be seen as an attempt to balance the two faces of Victorianism the masculine legacy of law and hierarchy and the feminine legacy of feeling and imagination Cohen asserts that Hitchcock's films reflect his Victorian legacy and serve as a map for ideological trends She charts his development from his British period through his classic Hollywood years into his later phase tracing a conceptual evolution that corresponds to an evolution in cultural identity one that builds on a Victorian inheritance and ultimately discards it

*Reinventing Marie Corelli for the Twenty-First Century* Brenda Ayres, Sarah E. Maier, 2019-04-30 With the purpose of introducing Marie Corelli to a new generation of readers and of reconsidering her works for generations familiar with them *Reinventing Marie Corelli for the Twenty First Century* demonstrates how provocative the author was as a public figure and how controversial and paradoxical were the views about womanhood and the supernatural pitched in her novels This collection of original essays focuses on three major battles that engaged Corelli her personal and public contentions her mercurial constructions of gender and resistance to the New Woman modality and her untenable reconciliation of science with the supernatural Corelli was often fighting several fronts at the same time she rarely was not at war with someone including herself

*Theater Figures* Emily Allen, 2003 Why did nineteenth century novels return over again to the scene of theater Emily Allen argues that theater provided nineteenth century novels novelists and critics with a generic figure that allowed them to position particular novels and novelistic genres within a complex literary field Novel genres high and low male and female public and private realistic and romantic all came to identify themselves within a set of coordinates that included if only for the purpose of exclusion the spectacular figure of theater This figure likewise provided a trope around and against which to construct images of readers and authors images that most frequently worked to mediate between the supposedly private acts of reading and writing and the very public facts of the print market In readings of novels by Burney Austen Scott Dickens Jewsbury Flaubert Braddon and Moore Allen shows how frequently theater appears as figure in novels of the nineteenth century and how theater figures actively and importantly

in what we have come to look back on as the history of the nineteenth century novel Theater Figures thus offers a new model for thinking about how theater helped produce changes in the nineteenth century literary market While previous critics have considered theater as an enabling foil for the novel either a constitutive opposite or constructive ally Allen demonstrates how theater figures and tropes were used to negotiate competition among the novels and novelists eagerly seeking their share of the literary limelight **Nineteenth Century Prose** ,1991 *Gender in English Society 1650-1850* Robert B.

Shoemaker,2014-06-06 A lively social history of the roles of men and women from workplace to household from parish church to alehouse from market square to marriage bed Robert Shoemaker investigates such varied topics as crime leisure the theatre religious observance notions of morality and even changing patterns of sexual activity itself Women's Playwriting and the Women's Movement, 1890-1918 Anna Farkas,2019-05-13 The influence of the women s movement has long been a scholarly priority in the study of British women s drama of the late nineteenth and early twentieth centuries but previous scholarship has largely clustered around two events the New Woman in the 1890s and the suffrage campaign in the years before the First World War Women s Playwriting and the Women s Movement 1890 1918 is the first designated study of British women s drama from a period of exceptional productivity and innovation for female playwrights Both the British theatre and women s position within British society underwent fundamental changes in this period and this book shows how female dramatists carefully negotiated their position in the heated debates about women s rights that occurred at this time while staking out a place for themselves in an evolving theatrical landscape Farkas also identifies the women s movement as a key influence on the development of female authored drama between 1890 and 1918 but argues that scholarly prioritizing of the radicalism of work associated with the New Woman and the suffrage campaign has had a distorting effect in the past Ideal for scholars of British and Victorian theatre Women s Playwriting and the Women s Movement 1890 1918 offers a new perspective which emphasizes the complexity of women playwrights engagement with first wave feminism and links it to the diversification of the British theatre in this period
