Eds Day Out:

Johnny Mercer Glenn T. Eskew, 2013-11-15 John Herndon Johnny Mercer 1909-76 remained in the forefront of American popular music from the 1930s through the 1960s writing over a thousand songs collaborating with all the great popular composers and jazz musicians of his day working in Hollywood and on Broadway and as cofounder of Capitol Records helping to promote the careers of Nat King Cole Margaret Whiting Peggy Lee and many other singers Mercer's songs sung by Bing Crosby Billie Holiday Judy Garland Frank Sinatra Ella Fitzgerald Tony Bennett Lena Horne and scores of other performers are canonical parts of the great American songbook Four of his songs received Academy Awards Moon River Days of Wine and Roses On the Atchison Topeka and the Santa Fe and In the Cool Cool Cool of the Evening Mercer standards such as Hooray for Hollywood and You Must Have Been a Beautiful Baby remain in the popular imagination Exhaustively researched Glenn T. Eskew's biography improves upon earlier popular treatments of the Savannah Georgia born songwriter to produce a sophisticated insightful evenhanded examination of one of America's most popular and successful chart toppers Johnny Mercer Southern Songwriter for the World provides a compelling chronological narrative that places Mercer within a larger framework of diaspora entertainers who spread a southern multiracial culture across the nation and around the world Eskew contends that Mercer and much of his music remained rooted in his native South being deeply influenced by the folk music of coastal Georgia and the blues and jazz recordings made by black and white musicians At Capitol Records Mercer helped redirect American popular music by commodifying these formerly distinctive regional sounds into popular music When rock n roll diminished opportunities at home Mercer looked abroad collaborating with international composers to create transnational songs At heart Eskew says Mercer was a jazz musician rather than a Tin Pan Alley lyricist and the interpenetration of jazz and popular song that he created expressed elements of his southern heritage that made his work distinctive and consistently kept his music before an approving audience

A Study Guide for Louise Erdrich's "Indian Boarding School: The Runaways" Gale, Cengage Learning, **silverchair's Frogstomp** Jay Daniel

Thompson, 2025-06-12 Revisits Australian rock band silverchair's globally successful debut album Frogstomp 1995 and asserts that the band is not an imitation of American grunge nor an emblem of Gen X angst Frogstomp transformed Australian rockers silverchair from an other unknown teen garage band to an internationally popular rock outfit The album was released in 1995 and became a global sensation Due to silverchair's grunge aesthetic the band's success has often been attributed to its imitation of North American grunge bands and associated Generation X stereotypes Jay Daniel Thompson demonstrates that the album has greater musical and cultural significance than that framing suggests This book argues that Frogstomp is culturally significant not only due to its international success but because it suggested an impact of globalization on Australian music in the late 20th century and because of its eclectic and little discussed array of pop culture influences Through an engagement with Arjun Appadurai's work on global cultural flows scholarship on Australian 1990s

popular culture and grunge music and textual analyses of both the album's track list and Silverchair's live performances Frogstomp is seen in a distinctive new light *Digital Displacement* Erika Piazzoli, Rachael Jacobs, Garret Scally, 2023-11-27 This book conceptualises the novel notion of digital displacement the sudden pivoting to online technology in education caused by the Covid 19 pandemic The book documents this historical phenomenon in education and discusses the consequences for educator practice and educational strategies in particular arts based educators Its content and scope cover both practice based and academic frameworks offering a scholarly investigation of the effect of the pandemic on embodied work including drama music voice dance and film through a series of seven case studies The book also examines embodied online practice with a view to how COVID 19 has changed this in the long term The United States of America , *Event Studies* Donald Getz, Stephen J. Page, 2019-10-30 Event Studies is the only book devoted to developing knowledge and theory about planned events It focuses on event planning and management outcomes the experience of events and the meanings attached to them the dynamic processes shaping events and why people attend them This title draws from a large number of foundation disciplines and closely related professional fields to foster interdisciplinary theory focused on planned events This revised edition has been updated to reflect and examine a number of substantial and important new ideas New to the fourth edition new sections on the evolution of design theory management planning and marketing theory applied to events sensory stimulation leadership and the nature of crises and security issues new content on critical event studies and what this means for research and practice the life cycle model for event programming and an action plan for how events can be a positive force in sustainable cities new and additional case studies from a wide range of international events and reviews of the evolving theory of contemporary research in events studies are included throughout This will be an invaluable resource for all undergraduate students of events studies throughout their degree programmes *Recent Additions by Classes* , 1898

Indigenous American Women Devon Abbott Mihesuah, 2003-01-01 Oklahoma Choctaw scholar Devon Abbott Mihesuah offers a frank and absorbing look at the complex evolving identities of American Indigenous women today their ongoing struggles against a centuries old legacy of colonial disempowerment and how they are seen and portrayed by themselves and others Mihesuah first examines how American Indigenous women have been perceived and depicted by non Natives including scholars and by themselves She then illuminates the pervasive impact of colonialism and patriarchal thought on Native women's traditional tribal roles and on their participation in academia Mihesuah considers how relations between Indigenous women and men across North America continue to be altered by Christianity and Euro American ideologies Sexism and violence against Indigenous women has escalated economic disparities and intratribal factionalism and culturalism threaten connections among women and with men and many women suffer from psychological stress because their economic religious political and social positions are devalued In the last section Mihesuah explores how modern American Indigenous women have empowered themselves tribally nationally or academically Additionally she examines the overlooked role that Native women played in the Red Power movement as well as some key differences between Native women feminists and activists

Bulletin American Newspapers Publishers' Association, 1939 **Digital Piracy** Steven Caldwell Brown, Thomas Holt, 2018-04-19 Non Commercial digital piracy has seen an unprecedented rise in the wake of the digital revolution with wide scale downloading and sharing of copyrighted media online often committed by otherwise law abiding citizens Bringing together perspectives from criminology psychology business and adopting a morally neutral stance this book offers a holistic overview of this growing phenomenon It considers its cultural commercial and legal aspects and brings together international research on a range of topics such as copyright infringement intellectual property music publishing movie piracy and changes in consumer behaviour This book offers a new perspective to the growing literature on cybercrime and digital security This multi disciplinary book is the first to bring together international research on digital piracy and will be key reading for researchers in the fields of criminology psychology law and business

The Routledge Companion to Applied Performance Tim Prentki, Ananda Breed, 2020-12-29 The Routledge Companion to Applied Performance provides an in depth far reaching and provocative consideration of how scholars and artists negotiate the theoretical historical and practical politics of applied performance both in the academy and beyond These volumes offer insights from within and beyond the sphere of English speaking scholarship curated by regional experts in applied

performance The reader will gain an understanding of some of the dominant preoccupations of performance in specified regions enhanced by contextual framing From the disarming of the human body through dance in Colombia to clowning with dementia in Australia via challenges to violent nationalism in the Balkans transgender performance in Pakistan and resistance rap in Kashmir the essays interviews and scripts are eloquent testimony to the courage and hope of people who believe in the power of art to renew the human spirit Students academics practitioners policy makers cultural anthropologists and activists will benefit from the opportunities to forge new networks and develop in depth comparative research offered by this bold global project

Conversation Analytic Research on Learning-in-Action John Hellermann, Søren W. Eskildsen, Simona Pekarek Doehler, Arja Piirainen-Marsh, 2019-11-04 This volume offers insights on language learning outside the classroom or in the wild where L2 users themselves are the driving force for language learning The chapters by scholars from around the world critically examine the concept of second language learning in the wild The authors use innovative data collection methods such as video and audio recordings collected by the participants during their interactions outside classrooms and analytic methods from conversation analysis to provide a radically emic perspective on the data Analytic claims are supported by evidence from how the participants in the interactions interpret one another's language use and interactional conduct This allows the authors to scrutinize the term wild showing what distinguishes L2 practices in our different datasets and how those practices differ from the L2 learner data documented in other more controlled settings such as the classroom We also show how our findings can feed back into the development of materials for classroom language instruction and ultimately can support the implementation of usage based L2 pedagogies In sum we uncover what it is about the language use in these contexts that facilitates developmental changes over time in L2 speakers and their co-participants interactional practices for language learning

Anthropological Conversations Caroline B. Brettell, 2014-10-23 Cultural anthropologists can be an intellectually adventurous crowd open even eager to building bridges across disciplines in the name of understanding human behavior and the human experience more broadly In this first of its kind book Caroline Brettell explores the cross disciplinary conversations that have engaged cultural anthropologists both past and present Brettell highlights a handful of conversations between the discipline of anthropology on the one hand and history geography literature biology psychology and demography on the other She also pinpoints how these exchanges address three enduring issues of anthropological concern the temporal and the spatial dimensions of human experience the scientific and the humanistic dimensions of the anthropological enterprise and the individual and the group population as units of analysis in research Anthropological Conversations offers detailed accounts of particular ethnographic methodologies and findings and the theoretical trends informing them as a means of grasping the big picture issues Brettell clearly shows that by engaging with other fields cultural anthropologists have been able to think more deeply about what they mean by culture through this book she invites readers to continue the conversation

Urban Horticulture Tina Marie

Waliczek, Jayne M. Zajicek, 2016-01-06 In the wake of urbanization and technological advances public green spaces within cities are disappearing and people are spending more time with electronic devices than with nature *Urban Horticulture* explores the importance of horticulture to the lives health and well being of urban populations It includes contributions from experts in research *The Florida Horse*, 1962 **Commemorative Events** Warwick Frost, Jennifer Laing, 2013 Commemorative Events emphasise remembering They are held on the anniversaries of significant past events either annually or after significant time periods Commemorative events provide fascinating insight into how societies see themselves their heritage and their identity These events however carry high propensity for controversy as memory and identity are highly subjective and other stakeholders hold different views of what should be commemorated and why This is the first book to provide an in depth critical examination of commemorative events particularly what they mean to societies and how they are used by governments as well as impacts on other stakeholders The book fully explores these issues by reviewing all the major types of commemorative events including nationhood or independence wars battles famous people and cultural milestones from varying geographical regions and stakeholder perspectives By doing so the book furthers understanding of these types of events in society as well as furthering knowledge of social and political uses and impacts of events This thought provoking volume will be valuable reading for students researchers and academics interested in events **Interconnected Worlds: Tourism in Southeast Asia** K.C. Ho, 2001-07-05 Examines the political discourse behind tourism presenting some questions regarding the tensions associated with the interconnections This title focuses on deterritorialisation and the development of fresh regionalisms paying specific attention to collaborative efforts in tourism development *Human Factors in Effective Counter-Terrorism* Richard Warnes, 2024-02-29 This book seeks to provide a comparative assessment of the significance of human factors in effective counter terrorism The phrase human factors is used to describe personal relationships individual capabilities effective leadership technical interface organisational culture and the community engagement necessary to effectively minimise counter and control the threat of terrorism Unlike many works in the field this book is constructed around the input of experienced knowledge from over 170 semi structured interviews of specialist military policing intelligence and security practitioners those actors actually involved in countering terrorism These practitioners come from seven countries the United Kingdom Ireland France Spain Israel Turkey and the United States all of which have suffered over the years from different types of terrorist threat and responded with a mixture of counter terrorist measures Where military practitioners also discussed overseas counter insurgency measures that material has been included since terrorism forms a key aspect of such wider insurgencies The resulting interview data was analysed through a variant of Grounded Theory to identify key emerging themes and issues both positive and negative relevant to human factors in the individual countries and more generically This book incorporates the informed operational experiences and insights of the interviewees while seeking to provide examples of successful counter terrorist measures at the strategic operational and tactical levels This book will be

of much interest to students of counter terrorism defence studies and security studies in general
