The Lieutenant Governors of British Columbia ,2019-05-18 The office of lieutenant governor has been a constant in British Columbia from the province s colonial beginnings to the modern era Originally tasked with selecting the province s premier giving royal assent to provincial legislation and invested with the power to dismiss governments the role of the Crown s representative has continually evolved to meet the needs of society Today the office s constitutional powers largely focus on community functions but the role of lieutenant governor is more than ceremonial This was demonstrated after the 2017 provincial election when then Lieutenant Governor Judith Guichon accepted Premier Christy Clark s resignation and asked NDP leader John Horgan to attempt to form government rather than call a new election BC s early lieutenant governors were the force behind infrastructure initiatives such as building roads railways and ships and investing in electric utilities and the forest industry Although most came from the ranks of the British elite and often espoused policies that

denied First Nations land rights and opposed the immigration of Chinese and Japanese people over time the office became more representative of the province s diverse population In recent years lieutenant governors have played an increasingly activist role celebrating cultural excellence and promoting literacy creativity environmental awareness Chinese Canadian David Lam 1988 95 had a mandate of intercultural understanding Iona Campagnolo 2001 7 the first woman to hold the position in BC focused on empowering youth and women and fostering a spirit of public inclusiveness at Government House Steven Point 2007 12 BC s first Indigenous lieutenant governor worked to establish libraries in First Nations communities Chronologically arranged and rich with photographs this work by historian Jenny Clayton paints a vivid picture of the lives of BC s thirty lieutenant governors Clayton s biographical essays capture the distinct personalities and events that have characterized the office from 1871 to the present offering a unique perspective on the evolution of the province
