Education Of The Gifted And Talented:

Designing Services and Programs for High-Ability Learners Rebecca D. Eckert,Jennifer H. Robins,2016-08-29 The updated comprehensive guide to developing or enhancing gifted programming How do we ensure we are meeting the needs of gifted students The educational landscape has changed dramatically since Designing Services and Programs for High Ability Learners was first published in 2006 This updated and revised second edition of the landmark guidebook provides educators and administrators with the comprehensive practical advice they need to support gifted learners and includes new perspectives based on recent research and the updated National Association for Gifted Children Programming Standards Written by leading experts each chapter focuses on a key feature of high quality gifted programs from identification to evaluation and advocacy and takes into account current trends in education such as the Focus on diversity and the efforts needed to ensure underrepresented populations are screened for gifted education Collaboration with special education families and community members to ensure all students have access to programming and services Use of technology especially in rural communities Development of local policies to support gifted education Whether you are developing a new program or restructuring an existing service this guidebook will help you meet the needs of today s gifted students

Identification of Students for Gifted and Talented Programs Joseph S. Renzulli,Sally M. Reis, Series Editor,2004-03-06 The expert guide to the major challenges and promising developments in the identification of gifted and talented students Focusing on one of the most widely discussed and debated topics in the field Identification of Students for Gifted and Talented Programs presents a cross section of the most noteworthy theories and practices the leading experts in giftedness and talent identification have to offer Key features include An in depth review of the literature and commentary from Joseph S Renzulli Director of the National Research Center on the Gifted and Talented Fourteen seminal articles from highly respected educators and researchers in the field of gifted education Numerous research based identification policy and procedure recommendations including the use of both test and non test criteria Presented in a straightforward no nonsense fashion the key research ideas and concepts in this ready reference lend both wisdom and clarity to the pressing issues surrounding gifted and talented student identification leading to enlightened policies and more effective practices The ERGE Series The National Association for Gifted Children series Essential Readings in Gifted Education is a 12 volume collection of seminal articles from Gifted Child Quarterly Put the knowledge and power of more than 25 years of research on giftedness and talent into your hands with the leading theories studies and findings the experts in the field have to offer **Education of the Gifted and Talented** Gary A. Davis,Sylvia B. Rimm,1994 **Program Evaluation in Gifted Education** Carolyn M. Callahan,Sally M. Reis, Series Editor,2004-03-11 These readings offer critical guidance in the development of assessment instruments for gifted programs **Fundamentals of Gifted Education** Carolyn M. Callahan,Holly L. Hertberg-Davis,2012-08-21 The field of gifted education is characterized by a confusing array of perspectives concerning

such fundamental issues as definition philosophy curriculum social and emotional development and underserved populations The mission of this book is to provide a coherent framework that instructors and service providers can use in planning effective programs providing appropriate counseling services and evaluating programs for the gifted Most sections are organized around fundamental issues confronting the field and follow a common structure an introductory chapter that provides historical and theoretical background and organizing questions followed by several point of view chapters written by experts that provide varied perspectives on the topic at hand Distinguishing Features Comprehensive Coverage The book's forty five manageable length chapters cover the full range of topics that must be considered in planning programs and services for gifted students both within and outside of school Coherent Structure Section introductions provide background information and organizing questions to guide chapter authors who provide varying views of the issue at hand The emphasis is not on the right way or the wrong way except when clearly documented bad practice is discussed but on how best practice stems from well informed and logical decision making Decision Making Focus The book's introductory chapter addresses the need for a clearly developed and consistently applied set of values to guide decision making Likewise each section introduction includes a decision making framework regarding some aspect of educating counseling or parenting gifted students This book is appropriate for introductory level courses in gifted education or courses in program development and planning It is also suitable for school personnel responsible for making program planning decisions in the area of gifted education and for academic libraries with holdings in this area *Education of the Gifted and Talented* Sylvia B. Rimm,Del B. Siegle,Gary A. Davis,2017-02-10 This is the eBook of the printed book and may not include any media website access codes or print supplements that may come packaged with the bound book A best selling comprehensive guide to best practices in gifted education Practical strategies and the latest research on critical topics and on best practices make *Education of the Gifted and Talented* an indispensable resource for those who work or will work with gifted students The content is supported and enhanced by the inclusion of practical strategies that can be implemented in the classroom case studies that help teachers identify student needs and summaries of research on effective programs Emphasis is placed on pedagogy and on social emotional needs and the title includes a heightened awareness of less visible sub groups within gifted populations The Seventh Edition features new directions new programs thoroughly updated topics and current research to keep readers on top of the latest advances in the field [Using the National Gifted Education Standards for Pre-K - Grade 12 Professional Development](#) National Assoc For Gifted Children,Jane Clarenbach,2021-10-03 National teacher preparation standards in gifted and talented education provide the foundation for research based practices in gifted education and identify what teachers should know and be able to do to ensure that students with gifts and talents realize their full potential Because the responsibility for teaching gifted learners and those with potential to achieve at high levels is often shared between gifted education program leaders and teachers in general and special education classrooms this book shows Pre K

12 education leaders how to develop partnerships identify professional development outcomes design learning activities plan and implement comprehensive training programs and evaluate the effectiveness of professional development activities Special attention is paid to effecting change within a state and school system Tools provided include sample needs assessments student and teacher observation instruments and a sample professional development plan

Empowering Underrepresented Gifted Students Joy Lawson Davis, Deb Douglas, 2021-09-23 Help underserved high potential students claim their right to an education that addresses their unique needs In gifted education an important and contentious issue that has yet to be sufficiently addressed is the systemic underrepresentation of gifted students who have been discriminated against in school based gifted and advanced learner programs because of their race ethnicity gender identity sexual orientation socioeconomic status or other realities Empowering Underrepresented Gifted Students gives a voice to those students and brings their stories into focus With chapters written by student and expert scholars who specialize in addressing the structural inequity and educational inequality in gifted and advanced learner programs Empowering Underrepresented Gifted Students recommends practices and strategies for helping underserved high potential students claim their right to an education that addresses their unique needs Each chapter has key takeaways and discussion questions providing a built in book study guide to prepare educators to engage students in conversation and to help develop their self advocacy skills Coeditors Dr Joy Lawson Davis and Deb Douglas have brought together the voices of experts and students to help educators move closer to ensuring equity access and excellence in gifted education By arming historically marginalized gifted students with self advocacy strategies these remarkable students will be better enabled to fulfill their dreams A

Menu of Options for Grouping Gifted Students Karen B. Rogers, 2006 This book gives teachers tips for grouping gifted students in and out of the classroom and provides a menu of options for serving gifted students

Re-forming Gifted Education

Karen B. Rogers, 2002 Offers parents and teachers advice on how to improve classroom curriculum and experiences for gifted children discussing how schools can match programs to a student's specific needs traits and abilities

Rethinking Gifted Education James H. Borland, 2003-01-01 Gifted education is in a period of transition unlike any it has experienced in this generation Thinkers within the field and without are questioning the practice of gifted education the theoretical foundations on which this practice rests and even the value and legitimacy of the concept of giftedness This fresh and provocative volume contains essays by leading thinkers on gifted education and by writers outside the field who have examined it critically Each author examines reconsiders and challenges the assumptions and beliefs underlying the theory and practice of gifted education providing a roadmap to guide both current considerations of and future planning for gifted education programs

Excellence and Equality David M. Fetterman, 1988-07-08 Fetterman focuses on what actually works in gifted and talented education programs Complementing the psychological perspective on gifted and talented education he adopts an anthropological point of view using methods such as lengthy interviews with students teachers

parents administrators and others involved in the school programs daily observation and group discussions to elicit the insider's perspective A ground breaking work Fetterman's timely study provides a comparative picture of over 433 gifted and talented programs in the United States as well as programs in other countries The author's cross cultural perspective points up the need for U.S. educators to shake themselves out of a national complacency about the gifted and talented and stresses the importance of comparing our own efforts with those of other nations In the process Fetterman proposes a model for educational excellence in terms of the mainstream U.S. educational system The book will provide new insights for educators and policymakers working in our educational system as they strive to meet the needs of gifted and talented students

Educational Resource *Talent Development as a Framework for Gifted Education* Paula Olszewski-Kubilius,Rena

Subotnik, Frank Worrell, 2018 Talent development is a phrase often used in reference to the education of gifted children Recently it has been presented by researchers to refer to a specific approach to the delivery of gifted education services Much of this discussion has been at the conceptual level and there is a need for translation of the model into concrete practices and examples that enable educators to better serve gifted children within their schools and districts This book addresses that need The research behind the talent development framework is briefly reviewed followed by practical implications for identification and program design within domains of talent To illustrate successful approaches the authors draw on examples from academic domains as well as performance fields such as sports and music to help teachers school administrators school psychologists social workers and counselors graduate students and parents develop gifted students talents 2019 NAGC Book of the Year Award Winner Texas Association for the Gifted and Talented 2019 Legacy Book Award Winner Scholar [Talent Development in Gifted Education](#) Joyce VanTassel-Baska, 2021-07-29 This volume brings together experts in gifted education to explore critical perspectives in talent development across the lifespan guiding readers toward a deeper understanding of advanced learners and their education Chapters in the first section delve into the foundational theory research and models of practice underpinning gifted education and talent development while the second section examines the practical applications of talent development in assessment programming and ongoing research The book concludes with an exploration of talent throughout the lifespan featuring detailed case vignettes to illustrate development across diverse fields of practice Ideal for researchers as well as students of gifted education and creativity studies this comprehensive handbook challenges readers to interrogate what they think they know about giftedness and talent development
