**International Election Observation in the Commonwealth Caribbean** Lisa Ann Vasciannie, 2017-09-15 This book examines the practice of international election observation in a Caribbean context It presents a survey of the Commonwealth Caribbean perspective and a concise case study of Guyana between 1964 and 2015 This research traces the roots of election observation and how this practice became integrated into the landscape of Caribbean electoral politics More specifically the study examines the process by which election observers have become key actors in elections in the Commonwealth Caribbean One of the issues the book contemplates is why Caribbean countries accept the imposition of observation within the context of sovereignty The case of Guyana and other Anglophone Caribbean states shows the costs of not having observers have been multidimensional and have eclipsed concerns of respecting state sovereignty

**Reporting on elections** Council of Europe, 2016-08-01. Elections are a pre-condition for democratic governance since it is through them that the citizens of a country choose freely and on the basis of the law the persons that can legitimately govern in their name and in their interest. The right to free elections as enshrined in the Article 3 of the Protocol to the European Convention on Human Rights is a fundamental principle in a truly democratic political regime. It comprises a series of safeguards and procedures that ensure respect for active and passive electoral rights and the conduct of genuine free and fair elections. Civil society has a distinct role to play since it observes the electoral process and contributes to the development of national electoral procedures through advice and recommendations. The Council of Europe handbook *Reporting on elections* aims to help observers become more efficient and to produce more effective reports specifically focusing on the reporting of core team members. At the same time it also covers the reporting of long and short term observers. It deals mainly with final election reports and reports statements on preliminary findings while also providing insight into interim reports and ideas for ad hoc reports and press releases in addition to tips on how to follow up on recommendations.
