

National Standards and Guidelines For Treatment of Historic Resources

The standards provide basic principles to guide decisions and actions in historic preservation. They present a list of the "best practices" for historic preservation and make sure that the important issues about the care of historic buildings and landscapes are not forgotten during the planning and decision-making process, regardless of historic resources.

- ◆ **Standard 1** – The use of a property shall be for its historic purpose or shall be placed in a new use that requires minimal change to the defining characteristics of the building, its site, and environment.
- ◆ **Standard 2** – The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
- ◆ **Standard 3** – Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of history, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
- ◆ **Standard 4** – Most properties change over time. Those changes that have acquired historic significance in their own right shall be retained and preserved.
- ◆ **Standard 5** – Distinctive features, finishes, construction techniques, or examples of craftsmanship that characterize a property shall be preserved.

- ◆ **Standard 6 – Deteriorated historic features** shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new features shall match the old in design, color, texture, other visual qualities, and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
- ◆ **Standard 7 – Chemical or physical treatments**, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
- ◆ **Standard 8 – Significant archaeological resources** affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
- ◆ **Standard 9 – New additions, exterior alterations, or related new construction** shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
- ◆ **Standard 10 – New additions and adjacent or related new construction** shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

Online Retailers: Websites like Amazon, Google Books, or Apple Books often

sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Guidelines For Information About Preservation Products National Information Standards Series full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Guidelines For Information About Preservation Products National Information Standards Series eBooks, including some popular titles.

FAQs About Guidelines For Information About Preservation Products National Information Standards Series Books

What is a Guidelines For Information About Preservation Products National Information Standards Series PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Guidelines For Information About Preservation Products National Information Standards Series PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Guidelines For Information About Preservation Products National Information Standards Series PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Guidelines For Information About Preservation Products National Information Standards Series PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Guidelines For Information About Preservation Products National Information Standards Series PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or

Guidelines For Information About Preservation Products National Information Standards Series

desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
