Schwartzman Precil, 2019-10-14 Foster care was Schwartzman Precil's home since he was one year old. He endured many extreme hardships including an encounter with the criminal justice system as a teenager. He used that obstacle as an opportunity to start over. Despite a traumatic childhood, Schwartzman remained hopeful as he developed a resilient spirit. Through the game of basketball, he enhanced his leadership skills, which earned him a college scholarship. After graduation, he went on to empower and inspire youth and young professionals with his story as he searched for his long-lost family. Many people struggle with acceptance, identity, and emotional instability throughout their entire lives. I decided to stop blaming others and take full responsibility. I became my own hero. Schwartzman Precil

Galloglass Scarlett Thomas, 2019-05-21 Effie, Lexy, Wolf, Raven, and Max are faced with their most challenging adventure yet in the third installment of the magical Worldquake series, which Kirkus Reviews calls tailor-made for Harry Potter's fans. Effie Truelove and her school friends Lexy, Wolf, Maximilian, and Raven must put their magical skills to the test. The Diberi, a corrupt organization intent on destroying the world, has returned and has something sinister planned at Midwinter. But during a visit to the Otherworld, Effie is mistaken and imprisoned for being a galloglass, a dangerous selfish islander. Meanwhile, Lexy is threatened by the vile professor Jupiter Peacock, and Wolf embarks on a perilous journey to find his missing sister. And back at school, Neptune the cat is bored. He's used to lording over the other stray cats, but they've all mysteriously vanished. Where could they be, and how will he find them? Can Effie and her friends reunite before their universe ceases to exist?

Founding Mothers and Others A. Sadovnik, S.

Semel, 2016-04-30 Interest in progressive education and feminist pedagogy has gained a significant following in current educational reform circles. *Founding Mothers and Others* examines the female founders of progressive schools and other female educational leaders in the early twentieth century and their schools or educational movements. All of the women led remarkable lives, and their legacies are embedded in education today. The book examines the lessons to be learned from their work and their lives. The book also analyzes whether their leadership styles support contemporary feminist theories of leadership that argue women administrators tend to be more inclusive, democratic, and caring than male administrators. Through an examination of these women, this book looks critically at the ways in which the leaders' administrative styles and behaviors lend support to feminist claims.

Somebody Shot Your Boat Doreen Guilloux, 2020 *Somebody Shot Your Boat* is a rare first-hand account of living and working in Indigenous Canadian communities as part of a minority Caucasian population. Doreen Guilloux and her husband Jim first began their journey with First Nations and Métis people in 1987. For the next eleven years, they moved to several First Nations communities, living with the people and serving the communities not only as educators but in other capacities as required. Jim was hired as the school principal in all these communities. Doreen, however, had many different jobs: teacher, librarian, store clerk, and more, depending on the circumstances. A memoir, *Somebody Shot Your Boat* details the incredible joys, frustrations, surprises, and sorrows the couple experienced along the way. At times humorous and at others thought-provoking, this book provides a glimpse into the life-changing experiences the couple shared.

as they immersed themselves in other cultures learning what it truly means to be a minority The setting for these communities was in the wonderful Canadian wilderness *Guinea Pig* Dorothy Yamamoto,2015-06-15 Guinea pigs are one of the world s most popular pets small friendly easy to care for and unbearably cute We have felt this way for a long time guinea pigs were first domesticated in 5000 B C E Since then they have inspired historical figures ranging from the scientist William Harvey to the artists Jan Brueghel and Beatrix Potter In this book Dorothy Yamamoto offers the first in depth treatment of this cuddly little creature over the several millennia it has been a part of our lives Yamamoto examines the role guinea pigs have today as pets but also looks back to less loving times when guinea pigs were put to more direct use She discusses them as a crucial sacrificial offering to Incan gods as the entr e in the Cusco Cathedral s painting of The Last Supper and as a highly favored experimental subject for which they have become the quintessential metaphor for anyone in the same unfortunate circumstance Threading her account with examples from the guinea pig s many appearances in literature and art Yamamoto reveals the personality and cultural importance of an animal we have always wanted to keep nearby providing a fun and unique book for any animal lover Published in Association with the Science Museum London

Rasmussen,2020-06-10 This book reprints *Human Guinea Pigs* by Kenneth Mellanby a seminal work in the history of medical ethics and human subject research that has been nearly unavailable for over 40 years Detailing the use of World War II conscientious objectors who volunteered for experimentation on scabies transmission Mellanby s book offers insight into one approach to human subject experimentation before the development of ethical oversight regulations His work was initially published prior to the articulation of the Nuremberg Code which makes his subsequent position as a reporter for the British Medical Journal at the Nuremberg Trials very interesting particularly given his sometimes controversial opinions on Nazi medical experimentation This book reprints the second edition together with commentary essays that situate Mellanby s ethical approach in historical context and relative to contemporary approaches This volume is of particular interest to scholars of the history of human subject research *ANNELIES HAPPY and GUINEA PIG WILLI* Jean-George
