Anne Taddeo, 2014-12-11 The international success of *Downton Abbey* has led to a revived interest in period dramas with older programs like *The Forsyte Saga* being rediscovered by a new generation of fans whose tastes also include grittier fare like *Ripper Street*. Though often criticized as a form of escapist conservative nostalgia, these shows can also provide a lens to examine the class and gender politics of both the past and present. In *Upstairs and Downstairs*, British Costume Drama Television from *The Forsyte Saga* to *Downton Abbey*, James Leggott and Julie Anne Taddeo provide a collection of essays that analyze key developments in the history of period dramas from the late 1960s to the present day. Contributors explore such issues as how the genre fulfills and disrupts notions of quality television, the process of adaptation, the relationship between UK and US television, and the connection between the period drama and wider developments in TV and popular culture. Additional essays examine how fans shape the content and reception of these dramas and how the genre has articulated or generated debates about gender, sexuality, and class. In addition to *Downton Abbey* and *Upstairs Downstairs*, other programs discussed in this collection include *Call the Midwife*, *Danger*, *UXB*, *Mr Selfridge*, *Parade*, *End Piece of Cake*, and *Poldark*. Tracing the lineage of costume drama from landmark productions of the late 1960s and 1970s to some of the most talked about productions of recent years, *Upstairs and Downstairs* will be of value to students, teachers, and researchers in the areas of film, television, Victorian studies, literature, gender studies, and British history and culture. **The New Historical**

Dictionary of the American Film Industry Anthony Slide, 2014-02-25 The *New Historical Dictionary of the American Film Industry* is a completely revised and updated edition of Anthony Slide's *The American Film Industry*, originally published in 1986 and recipient of the American Library Association's Outstanding Reference Book award for that year. More than 200 new entries have been added, and all original entries have been updated; each entry is followed by a short bibliography. As its predecessor, the new dictionary is unique in that it is not a who's who of the industry but rather a what's what: a dictionary of producing and releasing companies, technical innovations, industry terms, studios, genres, color systems, institutions, and organizations, etc. More than 800 entries include everything from Academy of Motion Pictures Arts and Sciences to Zoom Lens, from Astoria Studios to Zoetrope. Outstanding Reference Source, American Library Association. *Film and Television*

In-Jokes Bill van Heerden, 2015-09-02 In *Only the Lonely* (1991), Ally Sheedy appeases prospective mother-in-law Maureen O'Hara by going along to see the 1939 film *How Green Was My Valley*, starring Maureen O'Hara. Richard LaGravenese, slighted by critic Gene Siskel over his screenplay for *The Fisher King* (1991), wrote an unsavory character named Siskel into *The Ref* (1994). Movies and television shows often feature inside jokes. Sometimes there are characters named after crew members. Directors are often featured in cameo appearances: Alfred Hitchcock's silhouette can be seen in *Family Plot* (1976), for example. This work catalogs such occurrences. Each entry includes the title of the film or show, year of release, and a full description of the in-joke. Teletliteracy David Bianculli, 2000-07-01 The phenomena of television is examined from the historical context and television as an art form to television in various aspects of modern society, such as TV in the classroom and on the

battlefield **Return to the Far Side of Planet Moore!** Martin Mobberley, 2015-03-20 The result of an exhaustive study of Sir Patrick Moore's observations of the Moon and planets for more than 60 years this book is a fantastic companion to the extremely popular *It Came From Outer Space Wearing an RAF Blazer* written by the same author. Moore recorded his telescopic observations in his logbooks which are reproduced and described here in detail along with his sketches and notes. In this light the author discusses the factors that caused Moore to switch from lunar observing to planetary and variable star observing. He has also included personal recollections and humorous anecdotes from Moore's friends and acquaintances as well as a look at his best loved books. Further chapters describe Moore's foreign travels and correspondence with those back home. Lastly the author has not neglected a few of Moore's most memorable television and radio appearances which are examined along with a close up of what it was like to visit Moore's beloved home of Farthings in Selsey. Essentially this is a book written by popular demand from the readers of the author's original biography who craved more of Moore. **James**

Agee, Omnibus, and Mr. Lincoln William Hughes, 2004-08-02 In 1952 CBS in conjunction with the Ford Foundation launched *Omnibus* a remarkable experiment in television. The objective was to raise the programming standards of an emerging medium that figured to profoundly influence American life. The centerpiece of *Omnibus* during its inaugural season was *Mr. Lincoln* a series of five films about the early life of our foremost political icon. James Agee the distinguished American author was the principal creator of *Mr. Lincoln*. At the time his scripts were hailed as the most beautiful writing ever done for television and even today Agee's characterization of Lincoln remains among the finest perhaps the finest film about Abraham Lincoln ever made. Regrettably this important and sensitive work a revealing expression of American culture at mid century has been consigned to the archives and has not been available to the public for many years. Author William Hughes aims to keep alive Agee's neglected masterpiece placing *Mr. Lincoln* in the context of the period's prevailing ideology Cold War liberalism and conveying the institutional framework in which the work originated. In addition Hughes takes into account Agee's personal experiences his social and political views and his related writings for and about film all of which came into play when he reworked the Lincoln legend for the television age. Based on extensive archive research and an interview with Norman Lloyd who directed the five films this book fully documents the cultural and historical importance of *Mr. Lincoln*.
