Power Kills R. J. Rummel, 2017-07-12 This volume newly published in paperback is part of a comprehensive effort by R J Rummel to understand and place in historical perspective the entire subject of genocide and mass murder or what he calls democide It is the fifth in a series of volumes in which he offers a detailed analysis of the 120 000 000 people killed as a result of government action or direct intervention In *Power Kills* Rummel offers a realistic and practical solution to war democide and other collective violence As he states it The solution is to foster democratic freedom and to democratize coercive power and force That is mass killing and mass murder carried out by government is a result of indiscriminate irresponsible Power at the center Rummel observes that well established democracies do not make war on and rarely commit lesser violence against each other The more democratic two nations are the less likely is war or smaller scale violence between them The more democratic a nation is the less severe its overall foreign violence the less likely it will have domestic collective violence and the less its democide Rummel argues that the evidence supports overwhelmingly the most important fact of our time democracy is a method of nonviolence

J. Rummel,2017-07-12 Except for Soviet citizens no people in this century have endured so much mass killing as have the Chinese They have been murdered by rebels conniving with their own rulers and then after the defeat in war of the imperial dynasty by soldiers of other lands They have been killed by warlords who ruled one part of China or another They have been executed by Nationalists or Communists because they had the wrong beliefs or attitudes or were simply in the wrong place at the wrong time In China s Bloody Century R J Rummel s careful estimate of the total number of killings exceeds 5 million How do we explain such killings crossing ideological bounds and political conditions According to Rummel the one constant factor in all the Chinese mass murder as it was in the Soviet Union and Nazi Germany is arbitrary power It was the factor that united warlords Nationalists Communists and foreign armies The author argues that whenever such undisciplined power is centralized and unchecked the possibility exists that it will be used at the whim of dictators to kill for their own ends whether the aim is ethnic racial purity national unity development or utopia The book presents successive periods in modern Chinese history with each chapter divided into three parts Rummel first relates the history of the period within which the nature and the amount of killings are

presented He then provides a detailed statistical table giving the basic estimates with their sources and qualifications The final part offers an appendix that explains and elaborates the statistical computations and estimates While estimates are available in the literature on the number of Chinese killed in Communist land reform or in Tibet or by the Nationalists in one military campaign or another until this book no one has tried to systematically accumulate organize add up and analyze these diverse killings for all of China's governments in this century For **Guinness Book of World Records**, 1979 Statistics of Democide Rudolph J. Prem Rawat and Counterculture Ron Geaves, 2019-12-12 Ron Geaves demonstrates how the convergence of Prem Rawat formerly known as Guru Maharaj Ji and Glastonbury Fayre in 1971 was a key event in understanding the jigsaw that came to be known as New Age spirituality The book charts the discovery of Prem Rawat in India in 1969 by a small number of British and North American hippies and explores how his arrival in Britain in June 1971 as well as his speech from the pyramid stage at the Fayre at just 13 years old escalated his activities to make him one of the key influencers of 1970s counterculture spirituality Both Glastonbury and Prem Rawat have gone on to re emerge in significantly different identities to the ones presented in 1971 The meeting between the two demonstrates how alternative spiritualities were being formed in the 1960s and how some strands went on to develop into the New Age counterculture that eventually permeated mainstream cultures in Britain and the USA
