The Truth About Gun Control David B Kopel, 2013-04-16 Who is sovereign in the United States Is it the people themselves or is it an elite determined to rule citizens who are seen as incapable of making choices about their own lives This is the central question in the American gun control debate In this Broadside David Kopel explains why the right to keep and bear arms has always been central to the American identity and why Americans have always resisted gun control The American Revolution was sparked by British attempts to confiscate guns After the Civil War the U S changed the Constitution to defeat the nation s first gun control organization the Ku Klux Klan When Hitler and Stalin demonstrated how gun registration paves the way for gun confiscation which paves the way for genocide Americans resolved to make sure it never happens here Gun control is not an issue of left vs right or urban vs rural The right to bear arms is crucial to prevent large scale tyranny by criminal governments and small scale tyranny by ordinary criminals and to protect our Constitution

customers as part of a new perhaps post partisan chapter in the American gun saga or double down on gun politics as conservative terrain Carlson describes how gun sellers mobilized mainstays of modern conservative culture armed individualism conspiracism and partisanship as they navigated the uncertainty and chaos unfolding around them asserting gun politics as conservative politics and reworking and even rejecting liberal democracy in the process Merchants of the Right offers crucial lessons about the dilemmas confronting us today arguing that we must reckon with the everyday politics that divide us if we ever hope to restore American democracy to health Jamie Lucier,2006-05-01 For pleasure or for sport for competition a study of history or for protection alone the gun is seen today as a significant part of the American zeitgeist Good or bad whether it is advisable or ill advised it surely is true that most American families are in arms way Are guns themselves a problem Or do they help to lessen the problem of violence in America The answer it would appear depends on whom you ask What about the Second Amendment Does it really guarantee the right of all law abiding citizens to keep and bear arms Would a careful review of the most recent United States Federal Court cases provide a definitive answer Or is the answer to this question also dependent on whom you ask You decide Read the opinions of the justices and read the arguments proposed by the representatives of the gun industry and those of the pro gun control advocates Then you decide Read about the benefits of gun ownership on the one hand and the cost of gun ownership on the other Everyone has an opinion but is anybody really telling the truth about guns in America You decide **Guns and Control** Guy Smith,2020-09-01 A Nonpartisan guide that arms both sides of the gun control debate The slogan of the Gun Facts Project is We are neither pro gun nor anti gun We are pro math and anti BS From project creator Guy Smith comes Guns and Control A Nonpartisan Guide to Mass Public Shootings Gun Accidents Crime Public Carry Suicides Defensive Use and More No matter what side of the aisle one is on people are baffled by gun control This book is designed to be a guide to thoughtful discussion it arms readers with facts and the logic behind conflicting arguments and leaves emotional rhetoric to the pundits and focuses on the thorny issues of the debate Guns and Control will Guide readers step wise through each of the major gun control topics mass public shootings assault weapons street crime suicide private carry defensive gun use gun availability and more Help readers gain the broad perspective and the full set of important true facts just in time for the 2020 Presidential Election Arm readers against some of the more egregious misinformation Support readers in formulating their own conclusions Guns and Control will grant high level perspectives for example that mass public shootings are a global phenomenon occurring in nearly all developed nations and explore details to understand the causes and thus possible cures of gun violence related problems Was the push for de institutionalization in mental health management a contributing factor to the rise in mass public shootings Guns and Control will help readers find answers to such questions What the public lacks is a clear unbiased broad perspective on the realities of guns explained in simple straightforward and entertaining ways Guns and Control will demystify these misunderstood aspects of who uses and misuses guns **Guns in America** Donald J.

Campbell,2021-08-09 This work provides readers with an authoritative resource for understanding the true extent and nature of gun violence in America examining the veracity of claims and counterclaims about mass shootings gun laws and public attitudes about gun control This work is part of a series that uses evidence based documentation to examine the veracity of claims and beliefs about high profile issues in American culture and politics Each book in the Contemporary Debates series is intended to puncture rather than perpetuate myths that diminish our understanding of important policies and positions to provide needed context for misleading statements and claims and to confirm the factual accuracy of other assertions This particular volume examines beliefs claims and myths about gun violence gun laws and gun rights in the United States Issues covered in the book include trends in firearm violence mass shootings the impact of gun ownership on rates and types of crime regulations and Supreme Court decisions regarding gun control and the Second Amendment and the activities and influence of organizations ranging from the National Rifle Association to Everytown for Gun Safety All of these topics are examined in individualized entries with objective responses grounded in up to date evidence **My Covenant** James Robert Sabolick,2013 Most Christians have it all mixed up about Jesus Christ and the church out of Peter s rock For James Robert Sabolick the truth and the way started quite inconspicuously It all started at Fort Pitt Bridge in 1976 Since then his life had been nothing but an unending shredding of sinful ways revelations through dreams and messages out of distinct events in his life and family members There were those countless times he had drowned in alcohol and attempted to end his life while in the US Navy A marriage brought forth the death of a son a few days after birth Yet not even the end of the marriage and life on the streets of Florida could sway his growing faith which started in 1976 all the way to Mount Olives to bury his covenant a Hebrew bullet on the way to Mount Tsijon Zion *The North British Review* ,1858 *Trust Misplaced* Christopher Flory,2021-08-17 Paul Dodge is no stranger to the dark side of crime As a parole agent and a member of the local Sex Crimes Task Force he knows what depravity lies in the shadows But when an investigation into a local sexual predator leads him to a photo of a judge s daughter and another young girl ends up dead Dodge quickly realizes he doesn t know who to trust In the most dangerous case of his career Dodge races to detangle a growing web of lies and corruption His life and career are both on the line in this high stakes case and a single misstep could end them both *Shooting Straight* Wayne Lapierre,James Jay Baker,2002-07-25 If the Second Amendment your right to own a gun collapses so does the entire Bill of Rights And there are powerful organized political forces that want to take away your gun rights and shove the Second Amendment into the ashcan of history This is the message of LaPierre and Baker both officers of the National Rifle Association Here the authors break down the agenda of the antigun lobby point by point and provide a strategy for defeating the enemies of your gun rights Freedom and security are not an either or proposition they go together In America they always have with citizens taking responsibility for themselves That s the spirit that has made the NRA the number one champion of freedom for gun owners and all Americans From publisher description *Supreme Court State of New York* , **Building Your Own Emergency**
