Gunga Din 1993 Grant Cary:

Cary Grant Marc Eliot, 2009-02-04 Everybody wants to be Cary Grant Even I want to be Cary Grant Cary Grant He is Hollywood's most fascinating and timeless star Although he came to personify the debonair American Cary Grant was born Archibald Leach on January 18 1904 in the seaport village of Bristol England Combining the captivating beauty of silent screen legend Rudolph Valentino with the masculine irresistibility of Clark Gable Grant emerged as Hollywood's quintessential leading man Today the man from dream city as critic Pauline Kael once described him remains forever young an icon of quick wit romantic charm and urbane sophistication the epitome of male physical perfection Yet beneath this idealized movie image was a conflicted man struggling to balance fame with a desire for an intensely private life separate from the Cary Grant persona celebrated by directors and movie studios Exploring Grant's troubled childhood ambiguous sexuality and lifelong insecurities as well as the magical amalgam of characteristics that allowed him to remain Hollywood's favorite romantic lead for more than thirty five years Cary Grant is the definitive examination of every aspect of Grant's professional and private life and the first to reveal the man behind the movie star Working with the most talented directors of his time Grant starred in an astonishing seventy two films ranging from his groundbreaking comedic roles in such classics as Bringing Up Baby Howard Hawks and The Philadelphia Story George Cukor to the darker unforgettable characters of Alfred Hitchcock's Suspicion and Notorious culminating in the consummate sophisticates of An Affair to Remember Leo McCarey North by Northwest Hitchcock and Charade Stanley Donen The camera loved Grant and his magnetism helped illuminate his leading ladies some of the most glamorous women ever to grace the silver screen Mae West Irene Dunne Katharine Hepburn Ingrid Bergman Grace Kelly and Sophia Loren among others Yet because of his pioneering role as an independent player Grant was repeatedly denied the Oscar he coveted a snub from the Academy that would last until 1970 when he graciously accepted a special lifetime achievement award Grant's sparkling image on screen hid a tumultuous personal life that he tried desperately to keep out of the public eye including his controversial eleven year relationship with Randolph Scott five marriages and numerous affairs Rigorously researched and elegantly written Cary Grant A Biography is a complete nuanced portrait of the greatest Hollywood star in cinema history [Cary Grant, the Making of a Hollywood Legend](#) Mark

Glancy, 2020-09-15 The first biography to be based on Grant's own personal papers Cary Grant The Making of a Hollywood Legend provides a definitive account of the professional and personal life of one of Hollywood's most unforgettable influential stars

Canada on the Doorstep William Rayner,2011-11-26 Things were very different in 1939 a pivotal year when Canada wavered on the doorstep of a clouded future Some years are more spectacular than others and 1939 was no exception Canada was a different place steak was twenty nine cents a pound and a brand new Ford coupe could be bought for just 856 It was a year when the king and queen toured Canada and wowed to use a showbiz term everyone from Toronto and Vancouver to Gogama and Craigellachie It was also a year when Canada wavered on the doorstep of a clouded future isolation and neutrality or the continued embrace of the British Empire The onset of war and the Royal Visit settled all that as Prime Minister William Lyon Mackenzie King beat back external and internal threats to keep the tapestry of national unity from unraveling Through Canada on the Doorstep you ll discover the births deaths storms international intrigue and politics that made 1939 so memorable

The Kennedy Obsession John Hellmann,1999-03-19 John F Kennedy was not only a president but also a symbol for America s most cherished ideas In The Kennedy Obsession John Hellmann takes a thoroughly original approach to understanding Kennedy s star power and his carefully crafted public image Tracing Kennedy s self creation as diligent scholar bashful hero and sensitive rebel cued by cultural figures such as Lord Byron Ernest Hemingway and Cary Grant and the images of Kennedy in the aftermath of his assassination Hellmann reveals the painstaking transformation of private life into public persona of a man into perhaps the major American myth of our time

The South That Wasn't There Michael Kreyling,2010-11-01 Once history and the South dwelt in close

proximity Representations of the South in writing and on film assumed everybody knew what had happened in place and time to create the South Today our vision of the South varies and there is less there there than ever before In The South That Wasn't There Michael Kreyling explores a series of literary situations in which memory and history seem to work in odd and problematic ways Looking at Toni Morrison's masterpiece Beloved he tests the viability of applying Holocaust and trauma studies to the poetics and politics of remembering slavery He then turns to Robert Penn Warren's grapplings with his personal memory of racism which culminated in his attempt to confront the evil directly in his book Who Speaks for the Negro In a chapter on the court contest between Margaret Mitchell's estate and Alice Randall over Randall's parody The Wind Done Gone Kreyling treats neglected issues such as the status of literary sequels and parody in an age of advanced commodification of the South Kreyling's searching inquiry into the intersection of the southern warrior narrative and the shocks dealt America by the Vietnam War uncovers what appears to be the deliberate yet unconscious use of southern Civil War memory in a time of national identity crisis He follows that up with a comparison of Faulkner's appropriation of Caribbean memory in Absalom Absalom and Madison Smartt Bell's in his trilogy on Toussaint Louverture and the Haitian revolution Finally Kreyling examines some new manifestations of southern memory including science fiction as embodied in Octavia Butler's novel Kindred mockumentary in Kevin Willmott's film C S A and postmodern cinema parody in Lars Von Trier's Manderlay Lively and frequently confrontational The South That Wasn't There offers a thought provoking reexamination of our literary conceptions about the South
