Men Who Lost Singapore, 1938-1942 Ronald McCrum, 2018-04-27 The British military failure against the Japanese invasion of Singapore in 1942 is a well documented and closely examined episode While attention is frequently drawn to the role of the Colonial Governor and his staff during this period the participation of the civil authorities has not been subjected to the same rigorous scrutiny In this book Ronald McCrum undertakes a close examination of the role and the responsibilities of the colonial authorities both in the lead up to the war and during it He contends that the colonial government by pursuing different priorities needlessly created distraction and confusion Additionally the poor even hostile relations that developed between the local government and the British military hierarchy impeded a joint approach to the growing threat and affected the course of this campaign McCrum displays how the tawdry management of civil defence matters led to unnecessary loss of civilian life

Statesman The photographs of three young men had stood in his grandmother's house for as long as he could remember beheld but never fully noticed They had all fought in the Second World War a fact that surprised him Indians had never figured in his idea of the war nor the war in his idea of India One of them Bobby even looked a bit like him but Raghu Karnad had not noticed until he was the same age as they were in their photo frames Then he learned about the Parsi boy from the sleepy south Indian coast so eager to follow his brothers in law into the colonial forces and onto the front line Manek dashing and confident was a pilot with India's fledgling air force gentle Ganny became an army doctor in the arid North West Frontier Bobby's pursuit would carry him as far as the deserts of Iraq and the green hell of the Burma battlefield The years 1939-45 might be the most revered deplored and replayed in modern history Yet India's extraordinary role has been concealed from itself and from the world In riveting prose Karnad retrieves the story of a single family a story of love rebellion loyalty and uncertainty and with it the greater revelation that is India's Second World War Farthest Field narrates the lost epic of India's war in which the largest volunteer army in history fought for the British Empire even as its countrymen fought to be free of it It carries us from Madras to Peshawar Egypt to Burma unfolding the saga of a young family amazed by their swiftly changing world and swept up in its violence

Japan Runs Wild, 1942-1943 Peter Harmsen, 2020-05-12 The author of Storm Clouds Over the

Pacific 1931 1941 chronicles Japan's dramatic reversal of fortune as Allied forces gained advantage during WWII. In early 1942 the Imperial Japanese Army and Navy were advancing on all fronts humiliating Allied forces throughout the Pacific. In a matter of months Japan had conquered an area larger than Hitler's empire at its apex. Hawaiians and Australians feared a future under Hirohito. The fate of half of mankind was hanging in the balance. But by the end of 1943 the tables had turned entirely. The American led military machine had kicked into gear and the Japanese were fighting a defensive battle along a frontline that crossed thousands of miles of land and sea. In *Japan Runs Wild* 1942 1943 historian Peter Harmsen details the astonishing transformation that took place in that period setting the Allies on a path to ultimate victory over Japan. The second installment of Peter Harmsen's three part history *Japan Runs Wild* 1942 1943 continues his comprehensive chronicle of the Pacific Theater during the Second World War. Giving due emphasis to the Japanese American struggle Harmsen also sheds light on the other peoples involved including the British Australians Soviets Filipinos Indians and Koreans. Above all the central importance of China is highlighted in a way that no previous general history of the war against Japan has achieved.

Historical Dictionary of World War II Anne Sharp Wells, 2023-12-15 World War II was the largest and most costly conflict in history the first true global war. Fought on land on sea and in the air it involved numerous countries and killed maimed or displaced millions of people both civilian and military around the world. In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and the Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic. This book focuses on the lesser known war the war with Japan. It begins with Japan's seizure of Manchuria from China in 1931 and covers Japan's ambitious attacks on Pearl Harbor and other territories ten years later the use of atomic bombs on Japan's cities and the end of the Allied occupation of Japan in 1952. Although Japan renounced war in its 1947 constitution conflict continued across Asia as former colonies fought for independence and civil war engulfed other areas. *Historical Dictionary of World War II: The War Against Japan* Second Edition contains a chronology an introduction and an extensive bibliography. The dictionary section has more than 500 cross referenced entries on the military diplomatic political social economic and scientific aspects of the war in addition to the lives of the people who participated in and directed the war. This book is an excellent resource for students researchers and anyone wanting to know more about the war against Japan during World War II.

The Site of the Convent of the Holy Infant Jesus in Singapore Sandra Hudd, 2016-06-17 The Site of the Convent of the Holy Infant Jesus in Singapore *Entwined Histories of a Colonial Convent and a Nation* 1854 2015 explores key issues and developments in colonial and postcolonial Singapore by examining one particular site in central Singapore the former Convent of the Holy Infant Jesus established in 1854 and now a food and entertainment complex. The Convent was an early provider of social services and girls education almost a mini city within walls including a thriving community of schools an orphanage and a women's refuge. World War II and the Japanese

occupation followed by the creation of the new Republic of Singapore presented a new set of challenges but it was the convent's size and prime location that made it attractive for urban redevelopment in the 1980s and led to government acquisition, demolition of some buildings and the remainder put out to private tender. The chapel and the former nuns residence are classified as National Monuments but in line with government policy of adaptive reuse of heritage sites the complex now contains bars and restaurants and the deconsecrated chapel is used for wedding receptions and events. Tracking the physical and usage changes of the site, this book works to make sense of that eventful journey, a paradoxical journey that moves only in time, not in space, and includes abandoned babies, French nuns, Japanese bombings and twenty-first century dance parties. In a society that has undergone massive change economically and socially and above all transitioned from a small colonial enterprise to a wealthy independent city state, those physical changes and differing usages of the Convent site over the years track the changes in the nation. The wider ongoing tensions between heritage conservation and the modern global city are explored by examining what has been chosen for preservation, the quintessentially Singaporean hybridity of the commercial reuse of historic buildings as well as the nostalgia for what has been lost.

Southeast Asian Culture and Heritage in a Globalising World Rahil Ismail, 2016-04-01. Southeast Asia has in recent years become a crossroads of cultures with high levels of ethnic pluralism, not only between countries, sub-regions and urban areas but also at the local levels of community and neighbourhood. Illustrated by a series of international case studies, this book demonstrates how the forces of post-colonialism in their various manifestations are accelerating social change and creating new and imagined communities, some of which are potentially disruptive and which may well threaten the longer-term sustainability of the region. Interdisciplinary in approach, this book brings together geographers, historians, anthropologists, architects, education specialists, planners and sociologists to make connections and new insights and to provide a truly comprehensive view of heritage, culture and identity in this dynamic region.

Singapore Burning Colin Smith, 2006-05-04. Churchill's

description of the fall of Singapore on 15 February 1942 after Lt Gen Percival's surrender led to over 100 000 British Australian and Indian troops falling into the hands of the Japanese was no wartime exaggeration. The Japanese had promised that there would be no Dunkirk in Singapore and its fall led to imprisonment, torture and death for thousands of allied men and women. With much new material from British, Australian, Indian and Japanese sources, Colin Smith has woven together the full and terrifying story of the fall of Singapore and its aftermath. Here, alongside cowardice and incompetence, are forgotten acts of enormous heroism, treachery, yet heart-rending loyalty, Japanese compassion as well as brutality from the bravest and most capricious enemy the British ever had to face.
