**Sea-book** James Greenwood, 1850      **Resonance** Kenton Kephart, 2020-05-07 In the not too distant future Scott Vause and his diving team run a nonprofit organization called the Meso American Reef Restoration Initiative and Surveillance Association MARRISA. Scott Vause is excited about the newest addition to their fleet, a 16 meter 52ft catamaran of his own design. Unfortunately, he's not the only one who wants his new yacht. And he's afraid it might have something to do with his past that's been haunting him in his nightmares.      **China Sailor** Charles Giezantanner, 2012-06-19 Times are tough in 1938 during the Great Depression when eighteen year old Leslie Charles hears that the navy shipyard in Norfolk Virginia is hiring college students. A talented musician endowed with exceptional math skills, Leslie believes he's a good candidate for work now that he has one year of college under his belt at Mars Hill College in Marsh County Virginia. Leaving his parents, siblings and the rest of his family behind in Asheville North Carolina, Leslie becomes a welder's helper at the yard and soon the lure of the navy snags him. He becomes an enlisted man, endures basic training and begins his journey both as a sailor and as a man. A novel of military fiction, China Sailor narrates the story of Leslie's coming of age, including his life as a sailor, his experiences in China during its civil war and its war with Japan, and his personal relationships with women. It provides a glimpse into this exciting time in history leading up to the start of World War II.      **A Sailor's Tale** E.G. 'Lusko, 2019-05-03 In 1888 a US Navy sailor begins writing letters to his niece. The letters tell her where he is and what ventures he has gotten himself into. His sailor letters are retrospective, written after things happen. He also must tell her how he got to the place in time he started writing. He is educated for the time, trained as a naval navigator, lighthouse repairman and watch repairman. His language is as he would speak to his fellow crew, clipped, as sailors use few G sounds and an apostrophe is used to indicate the word is shortened as they do. He is honest and kind. He is well trained in sword fighting. His enlistment contract is not the standard form. His mother's attorney wrote it. The fleet admiral approved it as he had served with the sailor's uncle. His uncle was a

noted ship navigator shipmaster an author of navy lore and now provided ocean metrological data to the naval observatory

 Russian Drama took shape at the turn of the new millennium a time of turbulent social change in Russia and the former

 major artistic movement that startled audiences with hypernaturalistic portrayals of sex and violence daring use of non

normative language and thrilling experiments with genre and form The movement's commitment to investigating contemporary reality helped revitalize Russian theater It also provoked confrontations with traditionalists in society and places of power making theater once again Russia's most politicized art form This anthology offers an introduction to New Russian Drama through plays that illustrate the versatility and global relevance of this exciting movement Many of them address pressing social issues such as ethnic tensions and political disillusionment others engage with Russia's rich cultural legacy by reimagining traditional genres and canons Among them are a family drama about Anton Chekhov a modern production play in which factory workers compose haiku and a satirical verse play about the treatment of migrant workers as well a documentary play about a terrorist school siege and a postdramatic text that is only two sentences long Both politically and aesthetically uncompromising they chart new paths for performance in the twenty first century Acquainting English language readers with these vital works New Russian Drama challenges us to reflect on the status and mission of the theater
