Down Under: the Avgoustos [August] Trilogy Pandora H. King, 2015-02-20 The narrative storyline entails an in depth and firsthand account of unexplainable events that could relatively be linked to intuitions and precognition the ability to predict future events Over a span of several years the writer had intermittingly foretold a series of inexplicable events that were depicted through premonitions and psychic dreams and real time occurrences Initially these encounters were ruled as mere coincidences in a moderately tranquil world that fostered logical reasoning until a remarkable Australian abruptly entered into her seemingly conventional lifestyle The enthralling and often mysterious Australian afforded a riveting adventure whereas the writer was profoundly captivated through his risk taking antics and daring pursuits It was easily ascertained how an earlier premonition had ultimately laid the framework for their most extraordinary and unusual encounter The couple shared a perpetual bond that was strikingly uncanny but the writer started to experience a sequence of strange premonitions which exclusively forewarned a chain of events that predicted doom in a relatively promising relationship When the center of her universe and mate unexpectedly vanished the writer's premonitions commenced to unfold Her practical world as a doctoral student and researcher evolved from a transfixed state of heightened exhilaration to bewilderment and subsequently a continuous pattern of sheer mayhem [Index of Patents Issued from the United States Patent Office](#) United States. Chance Is A Fine Thing Philip Temple,2014-10-03 A compelling and thoughtful memoir about a significant figure on New Zealand's literary and natural landscape The stories that I think worth telling are of how as a young man I left home on the other side of the world half a century ago and took the chance to become a New Zealander More of becoming a New Zealand writer now able to look back over 50 years and relate not only what happened to me of how I grew up but also something of how the country has grown and changed It is about my developing relationship with my country and some of its people As Philip Temple explains in his preface this is about his life and the country he chose to call home His memoir shows how he made this decision how he left England at a young age and how he came to explore and love this country scaling its mountains and writing its stories New Zealand has always pulled him back despite adventures overseas exploring previously unknown regions of the world sailing in exciting waters trailing through Europe and a long love affair with Berlin Despite all this New Zealand became and remains his country In an honest and remarkably diverse appraisal of his life he reveals his personal and professional relationships including his search for his father the failure of his marriage difficult times working for the Listener and his campaigning for MMP It is also a fascinating account of how he has made a living as a full time writer Compelling thoughtful and moving this is an important view of the last fifty years

The Time at Darwin's Reef Ivan Brady,2003-01-21 The Time at Darwin's Reef is primarily a book of storytelling through mixed genres verse prose and painting Brady's work is designed to draw out key dimensions of the poetics of anthropology and history embedded in creative writing in the mix and on the margins of verse and prose painting and writing fiction and fact to revisit the sometimes academically resistant idea that there is more than one way to say and therefore to see things This is a poetic exploration of themes encountered in the academy's attempts to explicate reality including travel through various cultures times and circumstances The goal of this unique book is both analytic and aesthetic It is also humanistic a commentary on the human condition of being and not being in a cross cultural world It will be of immediate interest to poets and writers who wish to explore anthropological poetics to ethnographers and teachers of ethnographic method and to instructors and students in creative and experimental writing

HIVER DE GUNTER Juan Manuel Marcos,2011-04-01 L'hiver de Gunter roman majeur du romancier paraguayen Juan Manuel Marcos reçut le Prix du Livre de l'Année en 1987 lors de sa sortie et

remporta un gros succès de librairie tant au Paraguay qu'en Amérique latine. Ce roman important de la période dite du Post Boom latino-américain est enfin mis à la portée d'un public francophone grâce à la remarquable traduction du dramaturge et historien français Alain Saint-Saëns. Il s'agit d'une magnifique histoire d'amour, un pamphlet virulent contre l'horreur, la brutalité et l'absurdité de toute société dictatoriale, une peinture attachante des mythes fondateurs des sociétés guaranie et guayaki.
