H. D. Rouse,A. C. Weisbecker,2001-03 Lively modern version of the Greek myths **Gods and Heroes of Ancient Greece** Gustav Schwab,2001-10-01 Schwab s retellings of stories about Prometheus Zeus Heracles Odysseus and other ancient Greek gods and heroes are based on close adherence to the original sources Ancient Greece Patrick Auerbach,2017-04-08 About 2 500 years ago Greece was one of the most important places in the ancient world The Greeks were great thinkers warriors writers actors athletes artists architects and politicians The Greeks called themselves Hellenes and their land was Hellas The name Greeks was given to the people of Greece later by the Romans They lived in mainland Greece and the Greek islands but also in colonies scattered

around the Mediterranean Sea There were Greeks in Italy Sicily Turkey North Africa and as far west as France They sailed the sea to trade and find new lands The Greeks took their ideas with them and they started a way of life that s similar to the one we have today There was never one country called ancient Greece Instead Greece was divided up into small city states like Athens Sparta Corinth and Olympia Greek Gods The ancient Greeks believed there were a great number of gods and goddesses These gods had control over many different aspects of life on earth In many ways they were very human They could be kind or mean angry or pleasant cruel or loving They fell in love with each other argued with each other and even stole from each other Spartans Proud Xerxes Emperor of Persia and King of Kings invades Greece with a million soldiers He commands thousands of ships and is supported by dozens of allies among them the charming Queen Artemisia At Thermopylae a rocky mountain pass in northern Greece the feared and admired Spartan soldiers stood three hundred strong Theirs was a suicide mission to hold the pass against the invading millions of the mighty Persian army Day after bloody day they withstood the terrible onslaught buying time for the Greeks to rally their forces Born into a cult of spiritual courage physical endurance and unmatched battle skill the Spartans would be remembered for the greatest military stand in history One that would not end until the rocks were awash with blood leaving only one gravely injured Spartan squire to tell the tale Greek Mythology Greek Mythology is the body of myths and teachings that belong to the ancient Greeks concerning their gods and heroes the nature of the world and the origins and significance of their own cult and ritual practices It was a part of the religion in ancient Greece The Greeks were polytheistic in their religious beliefs Polytheistic means they believed in and worshiped many different gods Modern scholars refer to and study the myths in an attempt to shed light on the religious and political institutions of Ancient Greece and its civilization and to gain understanding of the nature of myth making itself Trojan Horse The story of the Trojan War fought between Greeks and the defenders of the city of Troy in Anatolia sometime in the late Bronze Age has grabbed the imagination for millennia A conflict between Mycenaeans and Hittites may well have occurred but its representation in epic literature such as Homer s Iliad is almost certainly more myth than reality Nevertheless it has defined and shaped the way ancient Greek culture has been viewed right up to the 21st century CE The story of gods and heroic warriors is perhaps one of the richest single surviving sources from antiquity and offers insights into the warfare religion customs and attitudes of the ancient Greeks Scroll to the top of the page and click Add To Cart to read more about this extraordinary forgotten chapter of history
