theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional

Finding Your Own Truth Reed R. Critchfield, 2010-03-01 In these tumultuous times who among us knows how to cope or where to turn With all systems on overload what can we do as individuals to stem the tide of financial crisis geopolitical upheaval and ecological disaster As the potentially apocalyptic date of December 21 2012 approaches what can you do to prepare Who can help How can you help yourself and those you love If you are searching for help it is here for the taking Please help yourself And when you do that you help us all The content of this manuscript represents over 30 years of personal research study prayer and life experience Reed relates When I started it was

just about me putting my own house in order Then it occurred to me that perhaps other people are struggling to find the Truth too This book was written to help those people seeking to find their path in life leading to peace and happiness It is for those who are looking for the Truths that help them give meaning to their existence and give them the deeper reasons for why they are on the earth at this particular point in time If you have ever wondered who you really are why you were born to this era and how you can fulfill your individual purpose of your existence this book can help When enough of us figure this out we become a catalyst to help the human race collectively fulfill its destiny This book can open your mind and heart to new ways of looking at your mortality and for ultimately finding true happiness from within It will assist you in awakening to your relationships with others with the Earth the Cosmos and God **The Dream Warrior** Anthony Chibbaro,2008-07-14 With elements of suspense and emotion The Dream Warrior is designed to capture the imagination as well as to provoke serious thought and reflection about one s life It continually asks the question Does a man have but one destiny How does a man or woman get to be the person they become What unknown forces determine what a person feels what a person thinks and what life a person gets to live How does a person handle their thoughts and feelings How does a person handle the adversities and challenges that they face throughout their life And when a person reaches the September of their years what gives them satisfaction when they look back at their life **Angel Eyes** Karen Armstrong,2021-09-08 Angel Eyes Releasing Fears and Following Your Soul Path At a very young age Karen experienced seeing entities that had crossed over to the other side She put away those gifts for many years because she wanted to be normal Then her spiritual experiences grew exponentially when she became a mother lost her own mother and then became divorced After the death of Karen s mother she became more interested in her gifts and wanted to contact her mother in the spiritual realm She spoke to her mom through a medium who also told her she was psychic Karen was told she would use her gifts one day to heal others Karen started to meditate and contact her own angels and guides It was during these experiences that Karen came to know the spirit world through her own angel eyes and release the fears of not fitting in Every time a fear was released through a specific healing modality Karen became closer to finding her own soul path She even had famous people show up in her medium readings such as Edgar Cayce and Archangel Metatron These awe inspiring visits made her realize she had an important job to do on earth Each chapter deals with releasing a fear through a story dream or a mediumship reading The author provides helpful advice for releasing these fears and improving your life **New Realities** ,1987 Your Unique Consciousness Dr. Anthony J. Emmett,2023-03-20 The story of consciousness describes the mystery we are where we come from before birth and where we go after death and the thinking both in our body mind and subconscious and beyond it It is the dimensions of rational awareness of mind and heart we use for our ego and creative life on earth and in other dimensions around us Imagine that you have an all pervading higher intelligence within in your many layered consciousness How we employ it for this dynamic life with love and the ways it works make you the self you are Consciousness is an energy which comes into the brain of the

embryo to activate the mind for this life it functions at many levels The level we call the heart is an influence emotionally with love and loving Consciousness radiates and the way it relates in us and beyond is the story of our lives We can use this to great effect with certain techniques We are alive in several levels of consciousness *Egyptian Numerology* Sara Bachmeier,2018-02-22 Egyptian Numerology works with a persons highest qualities and potential Most people are satisfied with the traditional numerology which uses the frequencies of numbers to dissect the good and bad aspects of their character I refer to this as the mind reading technique because for some reason people like to be told what they already know about themselves and what can be revealed by just looking into the mirror and being completely honest with oneself The paradigm for numbers has shifted over the past few decades and it is vital that we acknowledge this change and accept the knowledge available to us during these radical times of change Egyptian Numerology takes your reflection and enhances the view by using your number frequencies and taking it into the fifth dimension to show you what is possible to achieve in this lifetime The fifth dimension has been described as the plane of love and of living totally from the heart It will give you the opportunity to discover areas of your life that have the greatest potential and what they are meant to look like in an elevated frequency rating It is compatible to giving you a new prescription for lenses in order to see yourself clearly If you are already using your highest frequencies than this type of charting can be used as a geographical confirmation that you are on the right track or it can be used as a reference point to what is possible to achieve in a perspective not always revealing It will give you a description of what your life looks like when you are living through your heart chakra **Common Denomination: The Thought Field: Essays Humanizing the Concept of Creation** Gary Lucas,2011-03 Common Denomination includes 13 original essays linking the metaphysical and physical worlds as one as they are meant to be and presents humankind an understanding of who and why we are and that we are one race five species with a common Eden and goal Page 4 of cover
