**Edgar Allan Poe: sa vie et ses ouvrages** Charles Baudelaire,1973      **EDGAR ALLAN POE** Charles Baudelaire,2023-07-27 Edgar Allan Poe Sa vie et ses uvres est une biographie crite par Charles Baudelaire le c l bre po te fran ais du XIXe si cle sur la vie et le travail de l crivain am ricain Edgar Allan Poe Dans cette biographie Baudelaire nous plonge dans la vie tumultueuse et tragique d Edgar Allan Poe Il explore les diff rentes tapes de la vie de l crivain depuis son enfance jusqu ses ann es d criture prolifique et sa mort pr matur e Baudelaire nous pr sente les v nements marquants de la vie de Poe ses relations personnelles ses luttes et ses succ s litt raires Parall lement la biographie Baudelaire met en lumi re les principales uvres d Edgar Allan Poe Il analyse ses po mes ses nouvelles et ses essais en soulignant leur originalit leur style unique et leur contribution la litt rature am ricaine et internationale En tant que po te et critique litt raire Baudelaire offre une perspective personnelle sur l uvre de Poe louant son g nie cr atif mais galement mettant en vidence les th mes sombres et morbides qui caract risent une grande partie de ses crits Cette biographie est un hommage Edgar Allan Poe un crivain qui a profond ment influenc Baudelaire et d autres auteurs du symbolisme et du surr alisme et dont l h ritage litt raire perdure encore aujourd hui      **Edgar Allan Poe** Charles Baudelaire,1973-12-15 The earliest foreign study of the life and works of Edgar Allan Poe the text presented in this volume is something of a landmark in the history of comparative literature Baudelaire s first and longest essay on Poe was published in the Revue de Paris in 1852 it was revised and abridged for use as the preface of the first volume of his translation of Poe s tales Histoires extraordinaires This study was significant especially in the area of Franco American literary relations because it was the basis of not only the French attitude toward Poe but of his reputation throughout Europe one might almost say throughout the world The essay on Poe has never been the subject of a separate publication This edition reveals for the first time the sources of information used by Baudelaire It shows that a considerable part of the study was translated literally from articles by John M Daniel and John R Thompson in the Southern Literary Messenger 1849 50 Previous editions vary widely in excellence because almost all suffered from the mistaken belief that Baudelaire was acquainted with the American edition of Poe s works when he wrote the 1852 essay and that it was largely based on Rufus Griswold s Memoir contained in that edition This led to the commentary and notes that were unconsciously misleading and in many cases false The introduction to this edition presents a complete and accurate account of the genesis of Baudelaire s essay with supporting documents showing his indebtedness to American French and British sources It enables the reader to distinguish clearly between what Baudelaire himself knew or thought about Poe and what he borrowed from other writers      **Edgar Allan Poe** Charles Baudelaire,1856      **Edgar Allan Poe: sa vie et ses ouvrages** ,197?      **Charles Baudelaire: Oeuvres Compl tes (Golden Deer Classics)** Charles Baudelaire,Golden Deer Classics,2012-12-03 Cet ebook regroupe les oeuvres compl tes de Charles Baudelaire Des tables des mati res rendent la navigation intuitive et agr able Contenu Le Jeune Enchanteur 1846 La Fanfarlo 1847 Les Fleurs du mal 1857 Les Paradis

such as Pierre Michon and Jacques Roubaud Other authors discussed include Mme de St el Victor Hugo Sainte Beuve Barbey d Aurevilly Baudelaire Nerval Mallarm Schwoeb Proust Gide Leiris Sartre Genet Barthes and Roger Laporte      **Translated Poe** Emron Esplin, Margarida Vale de Gato, 2014-10-23 Few if any US writers are as important to the history of world literature as Edgar Allan Poe and few if any US authors owe so much of their current reputations to the process of translation Translated Poe brings together 31 essays from 19 different national literary traditions to demonstrate Poe's extensive influence on world literature and thought while revealing the importance of the vehicle that delivers Poe to the world translation Translated Poe is not preoccupied with judging the quality of any given Poe translation nor with assessing what a specific translation of Poe must or should have done Rather the volume demonstrates how Poe's translations constitute multiple contextual interpretations testifying to how this prolific author continues to help us read ourselves and the world we live in The examples of how Poe's works were spread abroad remind us that literature depends as much on authorial creation and timely readership as on the languages and worlds through which a piece of literature circulates after its initial publication in its first language This recasting of signs and symbols that intervene in other cultures when a text is translated is one of the principal subjects of the humanistic discipline of Translation Studies dealing with the products functions and processes of translation as both a cognitive and socially regulated activity Both literary history and the history of translation benefit from this book's focus on Poe whose translated fortune has helped to shape literary modernity in many cases importantly redefining the target literary systems Furthermore we envision this book as a fountain of resources for future Poe scholars from various global sites including the United States since the cases of Poe's translations both exceptional and paradigmatic prove that they are also levers that force the reassessment of the source text in its native literature

Edgar Poe, sa vie et ses œuvres Charles Baudelaire, 2022-10-19 C'est vers 1848 que Charles Baudelaire découvrit l'œuvre de Poe il entreprit alors de la traduire Quelques contes parurent ainsi dans des revues puis en 1852 la notice biographique que nous publions ici reprise en 1856 dans la publication chez Michel Levy du premier recueil intitulé *Histoires extraordinaires* Un second volume les *Nouvelles histoires extraordinaires* parut un an plus tard chez le même éditeur Vincent ensuite les *Aventures d'Arthur Gordon Pym* en 1858 *Eureka* en 1864 et enfin les *Histoires grotesques et sadiques* publiées en 1865 Bien que parfois contestées pour une certaine infidélité aux textes originaux ces traductions permirent l'œuvre de Poe d'atteindre une véritable notoriété en France Les noms de Charles Baudelaire et d'Edgar Allan Poe sont en France intimement liés C'est que si ne fut pas le premier à traduire Poe pour le public français certains contes avaient déjà été publiés dans des revues Charles Baudelaire entreprit ce travail avec l'intention de faire de l'auteur américain un grand homme pour la France lettre de Baudelaire à Sainte Beuve du 19 mars 1856 Edgar Poe sa vie et ses œuvres paru pour la première fois en 1852 dans la *Revue de Paris* puis repris comme introduction aux *Histoires extraordinaires* 1856 contribua largement à forger cette légende Car c'est bien d'une légende qu'il s'agit ici dans la mesure où cette notice ne retrace pas exactement la vie de l'auteur

am ricain Mais l n est pas son v ritable int r t Au del de sa dimension strictement biographique ce texte appara t plut t comme un plaidoyer En racontant l histoire d un de ces illustres malheureux trop riche de po sie et de passion qui est venu apr s tant d autres faire en ce bas monde le rude apprentissage du g nie chez les mes inf rieures Charles Baudelaire s attache surtout d fendre l Artiste amoureux du Beau contre une soci t tout enti re impr gn e de mat rialisme et de pragmatisme *Alchemy and Amalgam* Emily Salines,2004-01-01 Alchemy and Amalgam explores a relatively un researched area of the Baudelairean corpus his translations from English and relates them to the rest of his works It seeks to establish a link between translational and creative writing arguing for a reassessment of the place of translation in Baudelaire s writing method Rather than a sideline in Baudelaire s creative activities translation is thus shown to be a central form of dual writing at the core of his works Baudelaire s translations from English his constant rewriting of pre existing material including his own the doublets the transpositions d art and the art criticism are all based on an approach to writing which is essentially derivative but also transformative Thus the Baudelairean experiment illustrates the limits of romantic notions of originality creativity and genius reminding us that all writing is intrinsically intertextual It also shows the complexity of translation as a form of creation at the core of modern writing The book is one of the first of its kind to link the study the translational activity of a major writer to his creative writings It is also one of the first to provide an integrated presentation of French 19th century translation approaches and to link them to questions of copyright and authorship in the context of the rise of capitalism and romantic views of creation and genius It offers therefore a new perspective both on translation history and on literary history Alchemy and Amalgam will be of interest to students of translation comparative literature and French studies *Fernando Pessoa's Modernity Without Frontiers* Mariana Gray de Castro,2013 Eighteen short essays by the most distinguished international scholars examine Pessoa s influences his dialogues with other writers and artistic movements and the responses his work has generated worldwide Portuguese writer Fernando Pessoa claimed that he did not evolve but rather travelled This book provides a state of the art panorama of Pessoa s literary travels particularly in the English speaking world Its eighteen short jargon free essays were written by the most distinguished Pessoa scholars across the globe They explore the influence on Pessoa s thinking of such writers as Whitman and Shakespeare as well as his creative dialogues with figures ranging from decadent poets to the dark magician Aleister Crowley and finally some of the ways in which he in turn has influenced others They examine many different aspects of Pessoa s work ranging from the poetry of the heteronyms to the haunting prose of The Book of Disquiet from esoteric writings to personal letters from reading notes to unpublished texts Fernando Pessoa s Modernity Without Frontiers is a valuable introduction to this multifaceted modern master intended for both students of modern literature and general readers interested in one of its major figures **Baudelaire and Nature** F. Wilkinson,1996-07-03 Traces the reception of Swedenborg s doctrine of correspondences in French literature and culture from the late 1700s to 1870 **Poe Abroad** Lois Davis

Vines,2002-04-25 In Poe Abroad Lois Vines has brought together a collection of essays that document the American writer s influence on the diverse literatures and writers of the world Over twenty scholars demonstrate how and why Poe has significantly influenced many of the major literary figures of the last 150 years   **Poe and Women** Amy Branam

Armiento,Travis Montgomery,2023-02-15 Edgar Allan Poe notoriously identified the death of a beautiful woman as the most poetical topic in the world Despite this cringeworthy claim it is widely known that Poe drew creative inspiration from female authors and that women figure prominently among the artists and critics fascinated by the writer s creative legacy Filling a major gap in scholarship on Poe this volume investigates the varied ways that women have influenced perceptions of Poe through biography criticism editorial work and creative adaptation Covering a timeframe from the mid nineteenth century to the present Poe and Women addresses a range of topics including accounts of Poe written by female contemporaries the scholarly efforts of women in establishing Poe s worldwide reputation and the revision of antebellum gender constructs in popular adaptations of Poe s work This collection will appeal not only to Poe specialists but also to anyone interested in the writer s ongoing relevance to gender discussions inside and outside the academy   *Sleeping Mask* Peter

LaSalle,2016-12-19 LaSalle s stories transcend their particulars to show people with dreams dilemmas and disappointments that will move any reader Jhumpa Lahiri Harvard Review Haunting and evocative LaSalle s prose is lyrical at times rhapsodic and his characters memorable Kirkus Reviews starred review The twelve stories of *Sleeping Mask* written in propulsive fluid prose introduce readers to remarkable characters They include a child soldier sent to raid a girls boarding school a Virginia Woolf scholar surviving cancer a desperate writer living under fascism in a futuristic Latin America the spirits of recently deceased college students on a tour of the Mus e d Orsay in Paris and a middle aged man transported back to his childhood where he is led out to sea by his mother s ghost LaSalle s tantalizing fictions are evocative of many of the great innovators of postmodern literature from Borges to Nabokov while charting a path entirely their own Through all of their stylistic pyrotechnics these stories never forsake rich characterization and plotting to probe the deepest parts of the contemporary human condition such as the nature of erotic desire the legacy of art and artistry the power of grief and fear and the horror of war and violence Peter LaSalle is the author of several books of fiction including the story collections *Tell Borges If You See Him* recipient of the Flannery O Connor Award and *What I Found Out About Her* winner of the Richard Sullivan Prize in Short Fiction He lives in Austin Texas where he is a member of the creative writing faculty at the University of Texas and Narragansett in his native Rhode Island   **Verlaine** A.E. Carter,1969-12-15 The contradictions of Verlaine s nature are mirrored in his verse which is alternately mystic sensuous exquisite and prosaic He had extraordinary lyric powers he was a master of eerie harmonies such as few other poets have achieved and in *Sagesse* he produced religious verse which challenges comparison with the very best of its kind Yet here and there can be found a curious weakening in the texture of thought and inspiration he turns and twists takes flight seeks reassurance in platitude and convention marriage dogmatic

theology reactionary political creeds He is even capable of lamenting as Rimbaud shows him in *Une Saison en Enfer* the emotional and poetic experiments which give his work its supreme value It is almost as though he were afraid of his own talent The explanation as far as there is one lies in a combination of personality and circumstance This biography attempts to explore the parallels Verlaine's own term between his life and his poetry Nearly everything he produced whether good or bad was a reflection of some crisis of thought or feeling No one demonstrates better than Verlaine the antinomies between the artist and his work between the man and the genius and in every case we are obliged to admit that the one explains the other Without the weakness and the squalor we might indeed have had a rational human being and a good husband for Mathilde Maut but we should have had no poet or no poet like Paul Verlaine Professor Carter concentrates on the combination of Verlaine's personality and experiences that produced some of the most brilliant poetry in the French language The result is one of the best critical biographies of Verlaine published to date

**The Reception of Alfred Tennyson in Europe** Leonee Ormond, 2016-11-17 Alfred Lord Tennyson 1809-1892 has often been considered a particularly British writer in part as his official post as Poet Laureate inevitably committed him to a certain amount of patriotic writing This volume focuses on his impact on the continent presenting a major scholarly analysis of Tennyson's wider reception in different areas of Europe It considers reader and critical responses and explores the effect of his poetry upon his contemporaries and later writers as well as his influence upon illustrators painters and musicians The leading international contributors raise questions of translation and publication and of the choices made for this purpose along with the way in which his ideas and style influenced European writing and culture Tennyson's reputation in Anglophone countries is now assured following a decline in the years after his death This volume enables us to chart the changes in Tennyson's European reputation during the later 19th 20th and 21st centuries
