William H. Kautz, 2012-04 THE STORY OF JESUS AN INTUITIVE ANTHOLOGY Many contemporary Christians suspect that there is more to Jesus and his enduring message than the little that has survived in historical writings and the legendary Christian tradition This book offers a narrative account of Jesus life from the perspective of twenty contemporary writers who have developed their natural intuitive abilities to an unusually high level They are therefore able to bring forth new and detailed information not ordinarily accessible by his tor ical or literary means Some of them had demonstrated their unusual skill by probing deep ly into the personal lives and minds of historical individuals other than Jesus while some had provided important and detailed technical infor mation which was then verified scien tifically They apply their intuitive skills here to uncover fresh information about the man Jesus his contemporaries and his extensive teachings which never found their way into the New Test ament Gospels and related historical documents These new findings offer a much richer view of the man himself than that available from traditional Christian sources They also provide illumi nating insights and a deep spiritual under standing of Jesus original and hidden teach ings The Story of Jesus is essential reading for all inquirers and seekers into these hidden and previously lost portions of Christian spiritual history Secrets of the Dead Sea Scrolls Randall Price, 1996 Discover new technology that helps translators with previously unreadable Scroll fragments supposedly secret scrolls in hiding and the furious debate about who rightfully owns the Scrolls Includes never before published photographs

RECORDINGS **Latter-day Scripture** Robert M. Price, 2011-03-18 This book is a series of papers presented mainly at the
Book of Mormon Round Table It lays out a case for considering the Mormon scripture as the work of Joseph Smith in the
nineteenth century not an ancient document written by various Israelites in ancient America But author Robert M Price
argues this is merely another case of pseudepigraphy the genre of fictive as if authorship common to the Bible as well Price
urges readers to a new appreciation of the intricate redaction and rewriting of the Bible in the Book of Mormon and to a
positive theological estimate of this approach by Latter day Saint Christians Critical studies of several passages in the Book
of Mormon are included *American Book Publishing Record* ,2000 **The Lost Teachings of Jesus, Book 2** Mark L.

Prophet, Elizabeth Clare Prophet, 2020-11-19 In Book 1 of their Lost Teachings of Jesus series Mark L Prophet and Elizabeth
Clare Prophet demonstrate that many of Jesus original teachings were lost In Book 2 they go one step further They show how
early churchmen aided and abetted by the Roman emperors Constantine and Justinian distorted Jesus true teachings And
robbed you of what he wanted you to know about the power of your own inner Christ In modern vernacular parable and story
the Prophets provide the missing links They explain the difference between Jesus and the Christ They show how the Church s
doctrines on sin and the only begotten Son of God have obscured what Jesus really taught about salvation And they explore
how Eastern concepts like karma reincarnation and chakras can be found wrapped in the mysteries he gave the disciples
Most importantly they recapture the heart of his message that you like Jesus can reconnect with your Divine Source to realize
your full potential Edgar Cayce in Context K. Paul Johnson, 2016-03-22 Edgar Cayce widely acclaimed clairvoyant and

forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and
metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his
psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns
raised by thousands of inquirers The author evaluates evidence for and against Cayce s reliability in the subject areas
emphasized by the readings Cayce s medical and psychological advice is shown to be well ahead of his time in many respects
and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy
Although the medical readings provide intriguing evidence for Cayce s ESP his clairvoyant time travel illustrates the fallibility

of information derived through hypnotic trance The author contends that the contents of the readings reflect the knowledge and interests of their recipients as much as Cayce s personal opinions and beliefs This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective [The De Saintonge Mystery 3 - The Amazigh Secret](#) Pascal Leblancs,2025-03-23 What had the Templars truly discovered beneath the Temple of Solomon in Jerusalem What became of their fabled treasure and what was the true nature of those sacred artifacts These questions left unanswered for centuries find an unexpected echo when Lysbeth Kostbaar Paul De Witte and the mysterious SDF follow the trail of the Templars who escaped the purge ordered by King Philip the Fair Guided by a 14th century logbook their quest leads them beyond the borders of Europe into the very heart of the United States In this third installment long buried secrets reveal astonishing truths linking the Templars to major biblical events But what connects these ancient relics to the history of the United States And what if this country held secrets that even the most seasoned historians never suspected As their investigation advances Lysbeth Paul and the SDF uncover unsettling connections between the Templars and the Old Testament casting an entirely new light on the history we thought we knew This final chapter shakes the foundations of accepted truth unveiling revelations that could rewrite the story of humankind *Handbook of the Theosophical Current* Olav Hammer,Mikael Rothstein,2013-01-09 This title represents pioneering research into an important but under researched current The three sections in the book are devoted to the Theosophical Society Theosophically influenced religious currents and the interaction between Theosophy and surrounding culture *Edgar Cayce* Sidney D.
