Sassen, Manfred B. Steger (†d)**

Edge Of Empire Lives Culture Conquest In The East 17501850:

Edge of Empire Maya Jasanoff, 2006-09-12 In this imaginative book Maya Jasanoff uncovers the extraordinary stories of collectors who lived on the frontiers of the British Empire in India and Egypt tracing their exploits to tell an intimate history of imperialism Jasanoff delves beneath the grand narratives of power exploitation and resistance to look at the British Empire through the eyes of the people caught up in it Written and researched on four continents *Edge of Empire* enters a world where people lived loved mingled and identified with one another in ways richer and more complex than previous accounts have led us to believe were possible And as this book demonstrates traces of that world remain tangible and topical today An innovative persuasive and provocative work of history

Edge of Empire Maya Jasanoff, 2006 A mansion filled with Western art in the center of old Calcutta the Mughal emperor's letters in an archive in the French Alps the names of Italian adventurers scratched into the walls of Egyptian temples In this book Jasanoff delves into the stories behind vestiges such as these to uncover the lives of people who lived on the frontiers of the British Empire during a pivotal century of its formation She traces the exploits of collectors to tell an intimate history of imperialism offering a fresh account of European imperialism that challenges received wisdom about how imperial power was asserted in Asia and the Middle East This book enters a world where people lived loved mingled and identified with one another in ways richer and more complex than we might have believed possible From publisher description

The City and the Wilderness Arash Khazeni, 2020-11-17 *The City and the Wilderness* recounts the journeys and microhistories of Indo Persian travelers across the Indian Ocean and their encounters with the Burmese Kingdom and its littoral at the turn of the nineteenth century As Mughal sovereignty waned under British colonial rule Indo Persian travelers and intermediaries linked to the East India Company explored and surveyed the Burmese Empire inscribing it as a forest landscape and Buddhist kingdom at the crossroads of South and Southeast Asia Based on colonial Persian travel books and narratives in which Indo Persian knowledge and perceptions of the wondrous edges of the Indian Ocean merged with Orientalist pursuits *The City and the Wilderness* uncovers fading histories of inter Asian crossings and exchanges at the ends of the Mughal world

Islam and the English Enlightenment, 1670-1840

Humberto Garcia, 2012-01-30 A corrective addendum to Edward Said's *Orientalism* this book examines how sympathetic representations of Islam contributed significantly to Protestant Britain's national and imperial identity in the eighteenth century Taking a historical view Humberto Garcia combines a rereading of eighteenth century and Romantic era British literature with original research on Anglo Islamic relations He finds that far from being considered foreign by the era's thinkers Islamic republicanism played a defining role in Radical Enlightenment debates most significantly during the Glorious Revolution French Revolution and other moments of acute constitutional crisis as well as in national and political debates about England and its overseas empire Garcia shows that writers such as Edmund Burke Lady Mary Wortley Montagu Samuel Taylor Coleridge Robert Southey and Percy and Mary Shelley not only were influenced by international events in the

Muslim world but also saw in that world and its history a viable path to interrogate contest and redefine British concepts of liberty This deft exploration of the forgotten moment in early modern history when intercultural exchange between the Muslim world and Christian West was common resituates English literary and intellectual history in the wider context of the global eighteenth century The direct challenge it poses to the idea of an exclusionary Judeo Christian Enlightenment serves as an important revision to post 9 11 narratives about a historical clash between Western democratic values and Islam

British Travellers and the Encounter with Britain, 1450-1700 John Cramsie, 2015 Encounters with a multicultural Britain in the Tudor and Stuart periods written with an eye to debates about immigration and ethnicity in today s Britain This book recovers the encounter with a multicultural Britain by British travellers in the Tudor and Stuart periods When William Camden writing in the sixteenth century set out to write the history of Britannia he deliberately took to the roads to discover it first hand and those diverse cultures guided and informed his journeys Here John Cramsie offers original perspectives on Camden s multicultural Britain through the study of British travellers and their narratives We meet characters such as the Tudor traveller John Leland who intended to tell the peoples of England and Wales about themselves chronicle how they came to settle the towns villages valleys and mountaintops they called home record the marks they left in the landscape and celebrate the noble histories and cultures they created Dozens eventually hundreds of Britons shared the same passion to meet their island neighbours and relate their experiences The individuals studied in this book include actual as well as armchair travellers and those who blurred the boundaries between them Their letters diaries journals and histories range from the epic poignant and matter of fact to the exotic preposterous and hateful the sources include actual and imaginative narratives and those which combined both elements Travellers painted Britain with in Leland s words native colours that were rich vibrant and above all complex Their remarkable journeys are the story of how Britons over two centuries met interacted and attempted or not to understand one another Written with an eye to debates about immigration and ethnicity in today s Britain the book emphasizes the long history of making and remaking the island s cultural mosaic The encounter with Britain s native colours has been a burden of history and opportunity for millennia not simply for our own times JOHN

CRAMSIE is Associate Professor Department of History Union College NY **The Oxford Handbook of the Seven Years' War** Trevor Burnard, Emma Hart, Marie Houllemare, 2024 This handbook contains 38 essays that provide up to date scholarship on all aspects of the globally important Seven Years War 1756 1763 The volume carefully examines the three major areas of conflict in the war Europe South Asia and the Americas treating each theater as distinct from each other but often linked in ways that helped create a new geopolitics from the 1760s onward Chapters trace the causes of the war in the interior of America outline the triumphs of Britain and Prussia in fierce fighting across Europe and explain how the British under the East India Company came to play an important role in South Asian politics and commerce The handbook pays due attention to military conflict but does much more than this It investigates social cultural and intellectual developments in a

crucial period of reorientation during the mid eighteenth century The handbook is notably diverse in its authorship with leading scholars on the Seven Years War from Europe and South Asia as well as Britain and North America providing perspectives from many areas outside an Anglo American frame It treats the Seven Years War as a world transformative event important not only in its own right in shaping commerce politics science art demography religion and gender during the conflict but also central to the evolving history of South Asia Europe and the Americas in the second half of the eighteenth century

The Oxford Handbook of Global Studies Mark Juergensmeyer, Saskia Sassen, Manfred B. Steger (ed), 2019 Since the end of the Cold War globalization has been reshaping the modern world and an array of new scholarship has risen to make sense of it in its various transnational manifestations including economic social cultural ideological technological environmental and in new communications The chapters discuss various aspects in the field through a broad range of approaches This handbook focuses on global studies more than on the phenomenon of globalization itself although the various aspects of globalization are central to understanding how the field is currently being shaped

The British Abroad Since the Eighteenth Century, Volume 1 Xavier Guégan, 2013-11-19 This book considers the British travelling beyond their isles over the last three hundred years and through a range of interdisciplinary perspectives reflects on their taste for discovery and self discovery both through the exploration and exploitation of other lands and peoples

Sciences of Antiquity Noah Heringman, 2013-04-04 In the course of the eighteenth century discoveries ranging from Tahiti to Pompeii initiated a scientific turn in the study of the past Seeking a formal language to display these new findings Romantic era plate books presented a wide array of objects as ancient relics This proliferation of antiquities a product of old affinities between natural history and antiquarianism provided new material for the formation of archaeology geology anthropology and other modern disciplines Sciences of Antiquity traces the production of five scholarly plate books on subjects of major literary and scientific interest at the time South Pacific voyaging Mount Vesuvius ancient Greek vases monuments in English cathedrals and the geology of southeast England Focusing on illustrators fieldworkers and ghostwriters associated with this type of scholarly publication Heringman explores how the expertise acquired by these largely self educated intellectuals precipitated a major shift in the way research was done from patronage to professionalism Their scholarship and technical skills demanded recognition sparking conflicts over the division of labour and the role of institutions such as the Royal Society and the Society of Antiquaries Ambitious collaborative plate books such as *The Collection of Etruscan Greek and Roman Antiquities* 1776 and *Sepulchral Monuments of Great Britain* 1799 forged a broader and deeper perception of antiquity as extending far beyond the Greco Roman world

The Age of Revolutions in Global Context, c. 1760-1840 David Armitage, Sanjay Subrahmanyam, 2009-12-18 A distinguished international team of historians examines the dynamics of global and regional change in the late eighteenth and nineteenth centuries Providing uniquely broad coverage encompassing North and South America the Caribbean Europe Africa the Middle East South and Southeast Asia and China the chapters

shed new light on this pivotal period of world history Offering fresh perspectives on The American French and Haitian Revolutions The break up of the Iberian empires The Napoleonic Wars The volume also presents ground breaking treatments of world history from an African perspective of South Asia s age of revolutions and of stability and instability in China The first truly global account of the causes and consequences of the transformative Age of Revolutions this collection presents a strikingly novel and comprehensive view of the revolutionary era as well as rich examples of global history in practice

India in the French Imagination Kate Marsh,2015-10-06 Examines metropolitan French language representations of India from the period between the recall of Dupleix to France to the Second Treaty of Paris This book explores what a European power territorially peripheral in India thought of both India and the administrative rule there of its rival Britain

Medicine, Trade and Empire Professor Palmira Fontes da Costa,2015-06-28 Garcia de Orta s Colloquies on the Simples and Drugs of India 1563 was one of the first books to take advantage of the close relationship between medicine trade and empire in the early modern period The book was printed in Goa the capital of the Portuguese empire in the East and the city where the author a Portuguese physician of Jewish ancestry lived for almost thirty years It presents a vast array of medical information on various drugs spices plants fruits and minerals native to India or adjoining territories In addition it includes information concerning indigenous methods of healing as well as a far reaching assessment of ancient and modern authors on Asian materia medica Orta s book had a market in Asia but was particularly valuable to a European audience It soon attracted the attention of various European authors and printers by providing the basis for adaptations commentaries and editions in various languages prompting a successful and complex trail of medical knowledge in transit Authored by an interdisciplinary team of prominent international scholars the volume takes into account recent historiographical trends and provides a contextualized and innovative analysis of the histories and reception of the Colloquies It emphasizes the value of the work to historians today as a symbol of the impact of geographical expansion and globalization in a sixteenth century medical world

Antique Dealing and Creative Reuse in Cairo and Damascus 1850-1890 Mercedes Volait,2021-05-25 The commodification of Islamic antiques intensified in the late Ottoman Empire an age of domestic reform and increased European interference following the Tanzimat reorganisation of 1839 Mercedes Volait examines the social life of typical objects moving from Cairo and Damascus to Paris London and beyond uncovers the range of agencies and subjectivities involved in the trade of architectural salvage and historic handicraft and traces impacts on private interiors through creative reuse and Revival design in Egypt Europe and America By devoting attention to both local and global engagements with Middle Eastern tangible heritage the present volume invites to look anew at Orientalism in art and interior design the canon of Islamic architecture and the translocation of historic works of art

Borderlands in World History, 1700-1914 P. Readman,C. Radding,C. Bryant,2014-05-20 Covering two hundred years this groundbreaking book brings together essays on borderlands by leading experts in the modern history of the Americas Europe Africa Asia and Australia to offer the first

historical study of borderlands with a global reach Mediterranean Modernism Adam J. Goldwyn, Renée M. Silverman, 2016-08-19 This book explores how Modernist movements all across the Mediterranean basin differed from those of other regions The chapters show how the political and economic turmoil of a period marked by world war revolution decolonization nationalism and the rapid advance of new technologies compelled artists writers and other intellectuals to create a new hybrid Mediterranean Modernist aesthetic which sought to balance the tensions between local and foreign tradition and innovation and colonial and postcolonial **Money and the Making of the American Revolution** Andrew David Edwards, 2025-12-02 A new interpretation of the American Revolution as a transformative monetary contest American money and American democracy have always been in tension pitting political equality against economic inequality In *Money and the Making of the American Revolution* Andrew David Edwards shows how this struggle emerged in America's founding era Everyone knows that the founders waged a revolt against taxation without representation Edwards shows that the dispute over taxes was really a dispute over money what it was who could make it and how to keep it from being used at the expense of the colonists in North America The colonial rebels refocused their resistance on democratic local control defending the power they had used to make money for themselves Edwards's narrative spans four continents linking the problems of money and revolt in early America to the transatlantic slave trade the disastrous mismanagement of the East India Company in India and violence against Native Americans His analysis emerges from the story itself through the lives of individuals ranging from John Blackwell Oliver Cromwell's one time war treasurer to Thomas Paine the impassioned pamphleteer of the American Revolution Edwards argues that as the republican vision of an agrarian independent monetary system faded the leaders of the Revolution tied the nation to capitalism and imperialism at its founding The colonists may have won the battle for representation but the money that underpinned European empire had established a stronghold in the new republic *Money and the Making of the American Revolution* offers both an ambitious new interpretation of the Revolution and a fascinating story about the power of economic ideas **The Imperial Nation** Josep M. Fradera, 2021-06-08 How the legacy of monarchical empires shaped Britain France Spain and the United States as they became liberal entities Historians view the late eighteenth and early nineteenth centuries as a turning point when imperial monarchies collapsed and modern nations emerged Treating this pivotal moment as a bridge rather than a break *The Imperial Nation* offers a sweeping examination of four of these modern powers Great Britain France Spain and the United States and asks how after the great revolutionary cycle in Europe and America the history of monarchical empires shaped these new nations Josep Fradera explores this transition paying particular attention to the relations between imperial centers and their sovereign territories and the constant and changing distinctions placed between citizens and subjects Fradera argues that the essential struggle that lasted from the Seven Years War to the twentieth century was over the governance of dispersed and varied peoples each empire tried to ensure domination through subordinate representation or by denying any

representation at all The most common approach echoed Napoleon's special laws which allowed France to reinstate slavery in its Caribbean possessions The Spanish and Portuguese constitutions adopted specialness in the 1830s the United States used comparable guidelines to distinguish between states territories and Indian reservations and the British similarly ruled their dominions and colonies In all these empires the mix of indigenous peoples European origin populations slaves and indentured workers immigrants and unassimilated social groups led to unequal and hierarchical political relations Fradera considers not only political and constitutional transformations but also their social underpinnings Presenting a fresh perspective on the ways in which nations descended and evolved from and throughout empires The Imperial Nation highlights the ramifications of this entangled history for the subjects who lived in its shadows **Colonialism in Global**

Perspective Kris Manjapra, 2020-05-07 Kris Manjapra weaves together the study of colonialism over the past 500 years across the globe's continents and seas This captivating work vividly evokes living human histories introducing the reader to manifestations of colonialism as expressed through war militarization extractive economies migrations and diasporas racialization biopolitical management and unruly and creative responses and resistances by colonized peoples This book describes some of the most salient political social and cultural constellations of our present times across the Americas Africa Asia and Europe By exploring the dissimilar yet entwined histories of conquest settler colonialism racial slavery and empire Manjapra exposes the enduring role of colonial force and freedom struggle in the making of our modern world The Kings of Algiers Julie Kalman, 2023-11-14 This book tells the story of two Jewish trading families based in the port of Algiers who played a key role in Mediterranean commerce and in international diplomacy between European powers and between Europe and the Ottoman Empire in the early 19th century **All That Glittered** Timothy Alborn, 2019-08-20 During the century after 1750 Great Britain absorbed much of the world's supply of gold into its pockets cupboards and coffers when it became the only major country to adopt the gold standard as the sole basis of its currency Over the same period the nation's emergence was marked by a powerful combination of Protestantism commerce and military might alongside preservation of its older social hierarchy In this rich and broad ranging work Timothy Alborn argues for a close connection between gold and Britain's national identity Beginning with Adam Smith's Wealth of Nations which validated Britain's position as an economic powerhouse and running through the mid nineteenth century gold rushes in California and Australia Alborn draws on contemporary descriptions of gold's value to highlight its role in financial political and cultural realms He begins by narrating British interests in gold mining globally to enable the smooth operation of the gold standard In addition to explaining the metal's function in finance he explores its uses in war expenditure foreign trade religious observance and ornamentation at home and abroad Britons criticized foreign cultures for their wasteful and inappropriate uses of gold even as it became a prominent symbol of status in more traditional features of British society including its royal family aristocracy and military Although Britain had been ambivalent in its embrace of gold ultimately it enabled the nation to become the world's most

modern economy and to extend its imperial reach around the globe *All That Glittered* tells the story of gold as both a marker of value and a valuable commodity while providing a new window onto Britain's ascendance after the 1750s

Reviewing **Edge Of Empire Lives Culture Conquest In The East 17501850**: Unlocking the Spellbinding Force of Linguistics
