The Hawthornden Manuscripts of William Fowler and the Jacobean Court 1603-1612 Allison L. Steenson, 2020-09-07 This book explores the unedited material contained in the Hawthornden manuscripts of William Fowler a Scottish poet attached to the court of Queen Anna of Denmark between 1590 and 1612 The material is representative of Fowler s ephemeral and occasional production largely unknown to modern scholars Through the lenses of the Hawthornden fragments this book engages in the exploration of one of the cultural places of the European Renaissance represented by the extensive use of emblems and other literary devices and by the use of manuscript copies to circulate them The discourse mainly focuses on the Jacobean courtly establishment in the first decade of the seventeenth century from the point of view of a Scottish insider By focusing on the intellectual makeup of the court in the newly united Great Britain this work aims at bridging manuscript scholarship and literary studies with a wider perspective on contemporary society politics and culture

Brown, 2011-11-30 Studies the book trade during the age of Fergusson and Burns Over 40 leading scholars come together in this volume to scrutinise the development and impact of printing binding bookselling libraries textbooks distribution and international trade copyright piracy literacy music publication women readers children's books and cookery books The 18th century saw Scotland become a global leader in publishing both through landmark challenges to the early copyright legislation and through the development of intricate overseas markets that extended across Europe Asia and the Americas Scots in Edinburgh Glasgow London Dublin and Philadelphia amassed fortunes while bringing to international markets classics in medicine and economics by Scottish authors as well as such enduring works of reference as the Encyclopaedia Britannica Entrepreneurship and a vigorous sense of nationalism brought Scotland from financial destitution at the time of the 1707 Union to extraordinary wealth by the 1790s Publishing was one of the country's elite new industries Reformed Orthodoxy in Scotland Aaron Clay Denlinger, 2014-11-20 Recent decades have witnessed much scholarly reassessment of late sixteenth through eighteenth century Reformed theology It was common to view the theology of this period typically labelled orthodoxy as sterile speculative and rationalistic and to represent it as significantly discontinuous with the more humanistic practical and biblical thought of the early reformers Recent scholars have taken a more balanced approach examining orthodoxy on its own terms and subsequently highlighting points of continuity between orthodoxy and both Reformation and pre Reformation theologies in terms of form as well as content Until now Scottish theology and theologians have figured relatively minimally in works reassessing orthodoxy and thus many of the older stereotypes concerning post Reformation Reformed theology in a Scottish context persist This collection of essays aims to redress that failure by purposely examining post Reformation Scottish theology theologians through a lens provided by the gains made in recent scholarly evaluations of Reformed orthodoxy and by highlighting in that process the significant contribution which Scottish divines of the orthodox era made to Reformed theology as an international intellectual phenomenon The Literary Culture of Early Modern Scotland

Sebastiaan Verweij, 2016 This book explains the literary history of Scotland in the early modern period 1560-1625 by investigating what was the most important way of publishing such literature: mostly poetry, the manuscript. It organises the majority of surviving manuscripts by three different types of place where they were written and read: 1 the royal court, 2 the city and 3 the country. It has long been believed that the renaissance in Scotland was a disappointing affair, but this book argues that in fact it has long been misunderstood: the contents of little-known manuscripts paint a picture of a much more interesting cultural history than was previously known. Manjil V. Mathew, 1987 The Library Arthur der Weduwen, Andrew Pettegree, 2021-10-14 LONGLISTED FOR THE HISTORICAL WRITERS ASSOCIATION NON FICTION CROWN A SUNDAY TIMES NON FICTION BOOK OF THE YEAR

Timely, a long and engrossing survey of the library. FT A sweeping, absorbing history, deeply researched. Richard Ovenden, author of *Burning the Books*, famed across the known world, jealously guarded by private collectors, built up over centuries, destroyed in a single day, ornamented with gold leaf and frescoes or filled with bean bags and children's drawings: the history of the library is rich, varied and stuffed full of incident. In this, the first major history of its kind, Andrew Pettegree and Arthur der Weduwen explore the contested and dramatic history of the library from the famous collections of the ancient world to the embattled public resources we cherish today. Along the way, they introduce us to the antiquarians and philanthropists who shaped the world's great collections, trace the rise and fall of fashions and tastes and reveal the high crimes and misdemeanours committed in pursuit of rare and valuable manuscripts. **Edinburgh University Library, 1580-1980**

Edinburgh University Library, 1980 The Bookshop of the World Andrew Pettegree, Arthur der Weduwen, 2019-04-02 The untold story of how the Dutch conquered the European book market and became the world's greatest bibliophiles. The Dutch Golden Age has long been seen as the age of Rembrandt and Vermeer, whose paintings captured the public imagination and came to represent the marvel that was the Dutch Republic. Yet there is another, largely overlooked marvel in the Dutch world of the seventeenth century: books. In this fascinating account, Andrew Pettegree and Arthur der Weduwen show how the Dutch produced many more books than pictures and bought and owned more books per capita than any other part of Europe. Key innovations in marketing, book auctions and newspaper advertising brought stability to a market where elsewhere publishers faced bankruptcy and created a population uniquely well informed and politically engaged. This book tells for the first time the remarkable story of the Dutch conquest of the European book world and shows the true extent to which these pious, prosperous, quarrelsome and generous people were shaped by what they read. Book history at its best. Robert Darnton, *New York Review of Books*. Compelling and impressive. **THE** Book of the Week. An instant classic on Dutch book history. BMGN Low Countries Historical Review. **The Acquisition of Books by Chetham's Library, 1655-1700** Matthew Yeo, 2011-05-10 Drawing on recent debates about the methods of book history, this book explores in detail the foundation and development of Chetham's Library in Manchester from its foundation in 1655 until the end of the seventeenth century.

University of Edinburgh Robert D. Anderson, 2019-06-01 No detailed description available for The University of Edinburgh Guide to Resources for Canadian Studies in Britain Valerie Bloomfield, British Association for Canadian Studies, 1983 **University of Edinburgh Journal**, 1983 Andrew Melville and Humanism in Renaissance Scotland 1545-1622 Ernest R. Holloway, 2011-06-22 The intellectual legacy of Andrew Melville 1545 1622 as a leader of the Renaissance and a promoter of humanism in Scotland has been obscured by the Melville legend In an effort to dispense with the Melville of popular imagination and recover the Melville of history this work situates his life and thought within the broader context of the northern European Renaissance and French humanism and critically re evaluates the primary historical documents of the period namely James Melville s Autobiography and Diary and the Melvini epistolae By considering Melville as a humanist university reformer ecclesiastical statesman and man an effort has been made to determine his contribution to the flowering of the Renaissance and the growth of humanism in Scotland during the early modern period
