Editing Across Media

Ross F. Collins, 2013-02-05 Requirements for professional media editing have undergone enormous technological change Editors still edit copy But today they do much more Mass media editors must demonstrate skills from computerized pagination to social media monitoring from image manipulation to Search Engine Optimization The need for editing skills is reaching far beyond traditional journalism and into all areas of mass media from newspapers to strategic communication Public relations practitioners are expected to edit Even advertising creative professionals must edit And journalists taking on new roles as social media editors need to understand editing at the speed of digital media This textbook aims to prepare

university level students for these expanded editing roles in an age of convergence Thirteen authors representing many years of collective media experience examine both traditional editing roles and new editing needs While many mass media students will not become professional editors this textbook assumes nearly all will need competent editing knowledge to produce products of professional quality Editing the authors believe remains a bedrock skill for all students who hope to be successful in the mass media Instructors considering this book for use in a course may request an examination copy here **The Layers of Magazine Editing** Michael Robert Evans,2004 Unlike the myriad writing manuals that emphasize grammar sentence structure and other skills necessary for entry level editing jobs this engaging book adopts a broader view beginning with the larger topics of audience mission and tone and working its way down layer by layer to the smaller questions of grammar and punctuation Based on Michael Evans s years of experience as an editor and supplemented by invaluable observations from the editors of more than sixty magazines including The Atlantic Better Homes and Gardens Ebony Esquire and National Geographic this book reveals the people oriented nature of the job Women Editing Modernism Jayne Marek,2014-07-11 For many years young writers experimenting with forms and aesthetics in the early decades of this century small journals known collectively as little magazines were the key to recognition Joyce Stein Eliot Pound Hemingway and scores of other iconoclastic writers now considered central to modernism received little encouragement from the established publishers It was the avant garde magazines many of them headed by women that fostered new talent and found a readership for it Jayne Marek examines the work of seven women editors Harriet Monroe Alice Corbin Henderson Margaret Anderson Jane Heap H D Bryher Winifred Ellerman and Marianne Moore whose varied activities often behind the scenes and in collaboration with other women contributed substantially to the development of modernist literature Through such publications as Poetry The Little Review The Dial and Close Up these women had a profound influence that has been largely overlooked by literary historians Marek devotes a chapter as well to the interactions of these editors with Ezra Pound who depended upon but also derided their literary tastes and accomplishments Pound s opinions have had lasting influence in shaping critical responses to women editors of the early twentieth century In the current reevaluation of modernism this important book long overdue offers an indispensable introduction to the formative influence of women editors both individually and in their collaborative efforts **The Writer's Digest** ,1924 **Van Nostrand's Engineering Magazine** ,1883 **Van Nostrand's Eclectic Engineering Magazine** ,1883 Newspaper Editing - A Manual For Editors, Copyreaders And Students Of Newspaper Desk Work Grant Milnor Hyde,2021-01-08 Much has happened in the newspaper profession and in the schools of journalism since this book was first published ten years ago The newspapers have covered a World War and war periods have always brought the greatest changes in American newspapers have wrestled with doubled costs of production reduced staffs much merging curtailed income and are now deep in the perplexities of reconstruction Meanwhile schools and courses in journalism have greatly increased in number enrolment and branches of instruction When

the book was presented in 1915 it was the first textbook entirely devoted to the problems and technique of newspaper desk work It has therefore been widely used in classes in copyreading headline writing and make up as well as in newspaper offices Its contents have been put to a severe test and some have been found wanting The author himself in using it year after year in class filled many page margins with suggestions for improvement Hence in preparation for its tenth anniversary it is well that the book should receive a thorough overhauling to bring it up to date to put in some things omitted before to make it more usable and teachable Its general structure has not been changed Most of the alterations are in the chapters on copyreading headline writing make up and type but many additions have been made in other chapters Class exercises have now been added to each chapter to present in brief much of the technique of teaching as it has developed in the larger schools They are intended to be suggestive not only to the teacher but to independent students and young newspaper workers A bibliography has been added to suggest further reading In the schools of journalism the methods of teaching copyreading have developed during the period since first publication probably more than any other branch and have been somewhat standardized

how their publications sometimes succeeded sometimes reluctantly folded but mostly how they evolved and persevered Other topics discussed include the role of little magazines in promoting the work and concerns of minority and women writers the place of universities in supporting and shaping little magazines and the online and offline future of these publications Selected contributors Betsy Sussler BOMB Lee Gutkind Creative Nonfiction Bruce Andrews L A N G U A G E Dave Eggers McSweeney s Keith Gessen n 1 Don Share Poetry Jane Friedman VQR Amy Hoffman Women s Review of Books and more
