Editors Tales:

An Editor's Tales Anthony Trollope, 2021-02-11 An Editor's Tales describes a series of encounters between various magazine editors and those who wish to have their works published While containing some amusing bits the tales are relatively grim compared to most Trollope stories In The Turkish Bath an editor upon visiting a Turkish bath is accosted by an Irish stranger who after some conversation requests to submit a manuscript to the magazine The editor's reactions to the solicitation and subsequent familiarity with the writer's circumstances forms the frame of the story Humor arises about the Turkish bath situation and the reluctance of editors to make themselves available to amateur writers Mary Gresley is the rather sad tale of a young girl's giving up her writing career to satisfy the deathbed wish of the curate she was engaged to The editor in this tale and also in the next becomes rather involved emotionally with the girl and wishes her to continue writing Josephine de Montmorenci is actually the proposed pen name of a disabled young lady who only becomes acquainted with the editor because her attractive sister in law initially pretends to be that author The Panjandrum meaning appearing to be important is a magazine proposed by a group of literate but incompatible inexperienced would be writers The clash of personalities brings about the demise of the venture The Spotted Dog is the story of a writer down on his luck He and his wife drink excessively He's well educated and the editor offers him the task of indexing the work of a third person but his drunken wife destroys the manuscript Mrs Brumby is the most amusing of the tales In this one the editor encounters a poor writer who is unfortunately for him also a remarkably aggressive and ambitious woman Anthony Trollope 1815-1882 was one of most successful British authors of the Victorian era He has written more than forty novels as well as many short stories and travelogues Trollope was also an editor and an active member of the London literary scene Among his most notable works is the series The Chronicles of Barsetshire a series of six novels set in fictional Barsetshire

Friedlaender, 2007-04-19 The broad arc of islands north of Australia extending from Indonesia in the east towards the central Pacific is home to a set of remarkably diverse human populations approximately 20% of the world's languages are spoken here The authors have used an intensive sampling strategy to reveal the complex structure of the variation of various human populations within and among the islands in this relatively small region The findings in this book make significant contributions to understanding early human

migrations out of Africa Researchers reveal an unexpected abundance of genetics variation within Island Melanesia as the region is known and this information related directly to the early peopling of broader regions including Polynesia Australia and South Asia The book shows how scientists have found mtDNA variants that are part of the earliest basal branches of the Eurasian mt DNA tree these are some of the very earliest Out of Africa genetic traces and have not been identified anywhere else **The Routledge Companion to Media and Fairy-Tale Cultures** Pauline Greenhill,Jill Terry Rudy,Naomi

The History of the Science-fiction Magazine Michael Ashley,Mike Ashley,2000-01-01 This is the first of three volumes that chart the history of the science fiction magazine from the earliest days to the present This first volume looks at the exuberant

years of the pulp magazines It traces the growth and development of the science fiction magazines from when Hugo Gernsback launched the very first *Amazing Stories* in 1926 through to the birth of the atomic age and the death of the pulps in the early 1950s These were the days of the youth of science fiction when it was brash raw and exciting the days of the first great space operas by Edward Elmer Smith and Edmond Hamilton through the cosmic thought variants by Murray Leinster Jack Williamson and others to the early 1940s when John W Campbell at *Astounding* did his best to nurture the infant genre into adulthood Under him such major names as Robert A Heinlein Isaac Asimov A E van Vogt and Theodore Sturgeon emerged who along with other such new talents as Ray Bradbury and Arthur C Clarke helped create modern science fiction For over forty years magazines were at the heart of science fiction and this book considers how the magazines and their publishers editors and authors influenced the growth and perception of this fascinating genre

Chaucer's Knight's Tale Monica E. McAlpine, 1991-01-01 As the first of the *Canterbury Tales* the *Knight's Tale* has been the subject of a vast body of comment by scholars and lay readers Monica McAlpine provides access to this material in the first of the *Chaucer Bibliographies* series to deal with a narrative portion of that author's best known work

The Riverside Chaucer Geoffrey Chaucer, Larry Dean Benson, 2008 The third edition of the definitive collection of Chaucer's *Complete Works* reissued with a new foreword by Christopher Cannon Since F N Robinson's second edition of the *The Works of Geoffrey Chaucer* was published in 1957 there has been a dramatic increase in Chaucer scholarship This has not only enriched our understanding of Chaucer's art but has also enabled scholars working for the first

time with all the source material to recreate Chaucer's authentic texts. For the third edition, an international team of experts completely re-edited all the works, added glosses to appear on the page with the text, and greatly expanded the introductory material, explanatory notes, textual notes, bibliography, and glossary. In short, the Riverside Chaucer is the fruit of many years' study, the most authentic and exciting edition available of Chaucer's Complete Works.

Reader's Guide to Judaism Michael Terry, 2013-12-02. The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition. The field is assessed in some 470 essays discussing individuals, Martin Buber, Gluckel of Hameln, literature, Genesis, Ladino, Literature, thought and beliefs, Holiness, Bioethics, practice, Dietary Laws, Passover, history, Venice, Baghdadi Jews of India, and arts and material culture, Synagogue Architecture, Costume. The emphasis is on Judaism rather than on Jewish studies more broadly.

The Prioress's Tale Geoffrey Chaucer, 1987. Part Twenty. Of all Chaucer's tales in the Canterbury Group, The Prioress's Tale of the Virgin Mary and the murdered child ranks among the most popular and surely the most admired for its artistry. Nonetheless, it has encountered its fair share of somewhat hostile criticism on purely social and cultural grounds, owing in part to a negative evaluation of the Prioress herself; she is seen by some as a shallow person who does not recognize the harmful implications of her utterances, in part to the anti-Semitic cast of the tale. Beverly Boyd's tough-minded, crisp approach to the tale enables her to present an overview of the great diversity of scholarship in both the sympathetic and hostile approaches to the work, to examine its strongest ingredients, the liturgical borrowings that form a kind of subtext, and thus to offer a balanced view of one of Chaucer's most carefully crafted poems. Her examination of the sources and analogues of Miracles of the Virgin, of considerations of style and structure, along with a full treatment of the textual tradition of the Prioress's Sequence, and an unusually full corpus of explanatory notes taken together, provide a rich and complete edition of the tale, one that will prove to be of exceptional value for the teacher and the scholar.
