The Oneida Indian Experience Jack Campisi,Laurence M. Hauptman,1988-10-01 Contemporary scholarship and oral tradition come together in this unique account of the history and culture of the Oneida Iroquois particularly the Wisconsin Oneidas who have not been the subject of the intense scholarly attention accorded other Iroquois groups Contributors include Oneida educators community leaders historians anthropologists and linguists essays

vary from accounts of personal experience and oral history to presentations of academic research The common denominator is the Oneida experience of cultural change and survival Part I focuses on the history and adaptations of the Oneidas in their New York homeland Part II describes the motives and methods used by New York State officials in divesting the Oneidas of their New York home and explores the aftereffects of the Indians removal to Wisconsin and the legal implications of allotment legislation on American Indians tribal jurisdiction today Nineteenth century attempts by whites to take the Oneidas Wisconsin land base forced the Indians to develop strategies for survival described in Part III Capable leadership the maintenance of tribal tradition cultural revitalization new educational initiatives and continuing connections among the Oneida communities have fostered a tribal reemergence and have allowed the Oneidas to maintain themselves as a unique and thriving people *The Reservation* Ted C. Williams,1985-07-01 A series of stories chronicling life on the Tuscarora Indian Reservation during the 19540s and 50s and the impact of of American ways on the Tribe s culture and traditions

The Best Land Susan A. Brewer,2024-10-15 In Susan A Brewer s fascinating *The Best Land* she recounts the story of the parcel of central New York land on which she grew up Brewer and her family had worked and lived on this land for generations when the Oneida Indians claimed that it rightfully belonged to them Why she wondered did she not know what had happened to this place her grandfather called the best land Here she tells its story tracing over the past four hundred years the two families her own European settler family and the Oneida Mohawk family of Polly Denny who called the best land home Situated on the passageway to the west the ancestral land of the Oneidas was coveted by European colonizers and the founders of the Empire State The Brewer and Denny families took part in imperial wars the American Revolution broken treaties the building of the Erie Canal Native removal the rise and decline of family farms bitter land claims controversies and the revival of the Oneida Indian Nation As Brewer makes clear in *The Best Land* through centuries of violence bravery greed generosity racism and love the lives of the Brewer and Denny families were profoundly intertwined The story of this homeland she discovers unsettles the history she thought she knew With clear determination to tell history as it was without sugarcoating or ignoring the pain and suffering of both families Brewer navigates the interconnected stories with grace humility and a deep love for the land *The Best Land* is a beautiful homage to the people the place and the environment itself

Native American Political Systems and the Evolution of Democracy Bruce E. Johansen,1996-05-14 For more than a decade scholars have debated the question of whether American Indian confederacies primarily the Iroquois helped influence the formation of U S basic law The idea has sparked lively debate in the public arena as well with Canadian diplomat Durling Joyce Jones contending it shows a paradigm shift in our thinking Patrick Buchanan calling it idiocy and George Will saying it s fiction For the first time this bibliography brings together some 450 citations on the debate The work describes the debate in the words of one of its major participants Bruce E Johansen author of three other books on the subject The bibliography also takes the reader back to suggestions of the idea long before the contemporary debate Lakota author Charles Eastman

brought up the subject in 1919 Mohawk teacher Ray Fadden developed it in the 1940s and John F Kennedy touched on it in 1960 Bringing the debate to its full flower in the present day the bibliography illustrates both fervent support and equally emphatic denial in the academy and the public press The book is both a scholarly tool and a lively exploration of issues bearing on the study of history and multiculturalism The Publishers Weekly ,1904 *Reference Encyclopedia of the American Indian* Barry T. Klein,1998 *Theories of Empire, 1450-1800* David Armitage,2016-12-14 *Theories of Empire 1450 1800* draws upon published and unpublished work by leading scholars in the history of European expansion and the history of political thought It covers the whole span of imperial theories from ancient Rome to the American founding and includes a series of essays which address the theoretical underpinnings of the Spanish Portuguese French British and Dutch empires in both the Americas and in Asia The volume is unprecedented in its attention to the wider intellectual contexts within which those empires were situated particularly the discourses of universal monarchy millenarianism mercantalism and federalism and in its mapping of the shift from Roman conceptions of imperium to the modern idea of imperialism

American Indian Nonfiction Bernd Peyer,2007 A survey of two centuries of Indian political writings **Oriskany : a Place of Great Sadness** Joy Ann Bilharz,2009 *A Little Matter of Genocide* Ward Churchill,1997 Ward Churchill has achieved an unparalleled reputation as a scholar activist and analyst of indigenous issues in North America Here he explores the history of holocaust and denial in this hemisphere beginning with the arrival of Columbus and continuing on into the present He frames the matter by examining both revisionist denial of the nazi perpetrated Holocaust and the opposing claim of its exclusive uniqueness using the full scope of what happened in Europe as a backdrop against which to demonstrate that genocide is precisely what has been and still is carried out against the American Indians Churchill lays bare the means by which many of these realities have remained hidden how public understanding of this most monstrous of crimes has been subverted not only by its perpetrators and their beneficiaries but by the institutions and individuals who perceive advantages in the confusion In particular he outlines the reasons underlying the United States s 40 year refusal to ratify the Genocide Convention as well as the implications of the attempt to exempt itself from compliance when it finally offered its endorsement In conclusion Churchill proposes a more adequate and coherent definition of the crime as a basis for identifying punishing and preventing genocidal practices wherever and whenever they occur Ward Churchill enrolled Keetoowah Cherokee is Professor of American Indian Studies with the Department of Ethnic Studies at the University of Colorado Boulder A member of the American Indian Movement since 1972 he has been a leader of the Colorado chapter for the past fifteen years Among his previous books have been *Fantasies of a Master Race* *Struggle for the Land* *Since Predator Came* and *From a Native Son*
