Vuillard, 1993-01-01 Édouard Vuillard 1868 1940 one of the most admired post impressionist artists is best known for his small easel paintings and their charming portrayals of everyday life However a major part of his work during his early life was the painting of large decorative panels in the Parisian homes of wealthy private patrons produced between 1892 and 1912 These panels some fifty in total have been little studied due principally to the inaccessibility of many of them and the impossibility of their being included in exhibitions      **Catalog of the Library of the Museum of Modern Art: Vam - Z**

Levin Collection of French Art* Richard Shone, Metropolitan Museum of Art (New York, N.Y.), 2002 Levin these objects were enjoyed almost exclusively by her private circle of family and friends in the domestic sphere of her New York apartment Some of the works have never before or rarely been published and many have not been exhibited in decades The exhibition at the Metropolitan Museum of Art New York for which this publication is the accompanying catalogue is thus the first opportunity for the public to enjoy the abundant fruits of Mrs      On the Viewing Platform Katie Trumpener, Tim Barringer, 2020-11-17 A wide ranging study of the painted

panorama s influence on art photography and film This ambitious volume presents a multifaceted account of the legacy of the circular painted panorama and its far reaching influence on art photography film and architecture From its 18th century origins the panorama quickly became a global mass cultural phenomenon often linked to an imperial worldview Yet it also transformed modes of viewing and exerted a lasting visible impact on filmmaking techniques museum displays and contemporary installation art On the Viewing Platform offers close readings of works ranging from proto panoramic Renaissance cityscapes and 19th century paintings and photographs to experimental films and a wide array of contemporary art Extensively researched and spectacularly illustrated this volume proposes an expansive new framework for understanding the histories of art film and spectatorship      **Nineteenth- and Twentieth-century Paintings** Richard R.

Brettell, Paul Hayes Tucker, Natalie Henderson Lee, Metropolitan Museum of Art (New York, N.Y.), 2009 Robert Lehman 1891 1969 one of the foremost art collectors of his generation embraced the work of both traditional and modern masters This volume catalogues 130 nineteenth and twentieth century paintings that are now part of the Robert Lehman Collection at The

Metropolitan Museum of Art The majority of the works are by artists based in France but there are also examples from the United States Latin America and India reflecting Lehman's global interests The catalogue opens with outstanding paintings by Ingres Thodore Rousseau and Corot among other early nineteenth century artists They are joined by an exemplary selection of Impressionist and Post Impressionist works by Degas Renoir Sisley Pissarro Seurat Signac Van Gogh C zanne and Gauguin Twentieth century masters represented here include Bonnard Matisse Rouault Dal and Balthus There are also newly researched modern works by Vicente do Rego Monteiro Kees van Dongen Dietz Edzard and D G Kulkarni dizi Robert Lehman's cultivated taste for nineteenth century French academic practitioners and his intuitive eye for emerging young artists of his own time are documented and discussed Three hundred comparative illustrations supplement the catalogue entries as do extensively researched provenance information exhibition histories and references The volume also includes a bibliography and indexes

*Beyond the Easel* Gloria Lynn Groom, Nicholas Watkins, Jennifer Paoletti, Thérèse Barruel, Metropolitan Museum of Art (New York, N.Y.), 2001-01-01 The Contributions of Artists Pierre Bonnard Edouard Vuillard Maurice Denis and Ker Xavier Roussel to the French avant garde of the 1890s as members of the Nabis are widely recognized What is less known about these artists careers is their extraordinary work in decorative painting work on a large or unusual scale for private interiors This illustrated book focuses on the many decorative works carried out by the four artists between 1890 and 1930 During these years they moved beyond the narrow parameters of easel painting and applied their wholly untraditional aesthetic of decoration to a wide range of works for domestic interiors from wall size ensembles to folding screens The cosmopolitan group of patrons who made this work possible ranged from the avant garde circle of La Revue Blanche to prominent members of the French establishment An examination of their role and tastes is another fascinating feature of this publication The book and accompanying exhibition reunite paintings that have long been dispersed introducing contemporary viewers to a group of bold and evocative works which had a wide ranging though little recognized influence on modern art As the book's authors argue the aesthetic embodied by these works indeed helped set the stage for the large non narrative paintings by artists as diverse as Rothko and Lichtenstein that came to dominate the avant garde after World War II
