Predestined for Reformation T. B. Roletti, 2007-10 Living happily ever after is uncommon after prolonged periods of childhood abuse It's more like a near fatal auto accident from which the victims retain permanent scars but press on through life despite their lingering disabilities In the case of Tony's family a sadistic and malevolent mother was allowed to run unfettered thanks to a feckless father and an uninformed and impotent local system of child protective services Abused children are more likely to suffer from attention deficit disorders behavioral problems reduced cognitive development language deficiencies emotional instability poor self regulation low self esteem and an inability to cope with new or stressful situations All of these attributes are significant factors in school readiness Prompt and effective responses to abuse can ameliorate or protect against many of these negative effects If you suspect abuse don't wait until you can prove it Make a report whenever your worries about the safety of a child turn into suspicions that the child is being mistreated If the abuse is happening right now report it right now If you need help or have questions about child abuse call the Childhelp National Child Abuse Hotline at 1 800 422 4453 Hotline counselors are available 365 days a year to help children and adults who are worried about children they suspect are being abused You can call this number if you live in the United States Canada Puerto Rico Guam or the U S Virgin Islands The call is both free and anonymous

Turning Numbers Into Knowledge Jon Koomey, 2008 Mastering the art of problem solving takes more than proficiency with basic calculations it requires understanding how people use information recognizing the importance of ideology learning the art of storytelling and acknowledging the important distinction between facts and values Intended for professors managers entrepreneurs and students this guide addresses these and other essential skills With clear prose quotations and exercises for solving problems in the real world this book serves as an ideal training manual for those who are new to or intimidated by quantitative analysis and an excellent refresher for those who have more experience but want to improve the quality of their data the clarity of their graphics and the cogency of their arguments Publisher's description
