Mendez v. Westminster Philippa Strum, 2010-04-15 While *Brown v Board of Education* remains much more famous *Mendez v Westminster School District* 1947 was actually the first case in which segregation in education was successfully challenged in federal court Finally giving Mendez its due Philippa Strum provides a concise and compelling account of its legal issues and legacy while retaining its essential human face that of Mexican Americans unwilling to accept second class citizenship 1945 Gonzalo and Felicitas Mendez California farmers sent their children off to the local school only to be told that the youngsters would have to attend a separate facility reserved for Mexican Americans In response the Mendezes and other aggrieved parents from nearby school districts went to federal court to challenge the segregation Uniquely they did not claim racial discrimination since Mexicans were legally considered white but rather discrimination based on ancestry and supposed language deficiency that denied their children their Fourteenth Amendment rights to equal protection under the law In 1945 Gonzalo and Felicitas Mendez California farmers sent their children off to the local school only to be told that the youngsters would have to attend a separate facility reserved for Mexican Americans In response the Mendezes and other aggrieved parents from nearby school districts went to federal court to challenge the segregation Uniquely they did not claim racial discrimination since Mexicans were legally considered white but rather discrimination based on ancestry and supposed language deficiency that denied their children their Fourteenth Amendment rights to equal protection under the law Strum tells how thanks to

attorney David Marcus's carefully crafted arguments federal district court judge Paul McCormick came to support the plaintiffs on the grounds that the social psychological and pedagogical costs of segregated education were damaging to Mexican American children The school districts claimed that federal courts had no jurisdiction over education but the Ninth Circuit upheld McCormick's decision ruling that the schools' actions violated California law The appeal to the Ninth Circuit was supported by amicus briefs from leading civil liberties organizations including the NAACP which a few years later would adapt the arguments of Mendez in representing the plaintiffs in Brown Strum effectively weaves together narrative and analysis with personality portraits to create a highly readable and accessible story allowing us to hear the voices of all the protagonists She also presents the issues evenhandedly effectively balancing her presentation of arguments by both the plaintiffs and the schools that sought to continue the segregation of Mexican American students Ultimately Mendez highlights how Mexican Americans took the lead to secure their civil rights and demonstrates how organization courage and persistence in the Mexican American communities could overcome the racism of the school boards Their inspiring example is particularly timely given the current controversies over immigration and the growing national interest in Latino life

the *Rewriting of Western History* and two recent articles *Lullabies y Canciones de Cuna* and *La Despedida*. The latter two represent Castañeda's most recent work excavating, mapping, and bringing forth the long and strong post-WWII history of Tejanas. Finally, the volume includes three interviews with Antonia Castañeda conducted by Luz María Gordillo that contribute the important narrative of her lived experiences, political perspective, her commitment to initiate and develop scholarship that highlights gender and Chicanas as a legitimate line of inquiry, and her drive to center Chicanas as historical subjects.
