A. Thomas,2014-06-01 Africans are among the fastest growing immigrant groups in the United States Although they are racially and ethnically diverse few studies have examined how these differences affect their patterns of incorporation into society This book is the first to highlight the role of race and ethnicity Arab ethnicity in particular in shaping the experiences of African immigrants It demonstrates that American conceptions of race result in significant inequalities in the ways in which African immigrants are socially integrated Thomas argues that suggestions that Black Africans are model minorities who have overcome the barriers of race are misleading showing that Black and Arab ethnicity Africans systematically experience less favorable socioeconomic outcomes than their White African counterparts Overall the book makes three critical arguments First historical and contemporary constructions of race have important implications for understanding the dynamics of African immigration and settlement in the United States Second there are significant racial inequalities in the social and economic incorporation of contemporary African immigrants Finally Arab ethnicity has additional implications for understanding intra racial disparities in incorporation among contemporary African immigrants In general these arguments are foundational for understanding the diversity of African immigrant experiences

*American Evangelicals Today* Corwin E.

Smidt, 2015-02-03 *American Evangelicals Today* assesses the contemporary social, religious, and political characteristics of evangelical Protestants today and it does so in light of 1) whether these characteristics are similar to or different from the corresponding characteristics of adherents of other major faith traditions in American religious life and 2) the extent to which these particular characteristics among evangelicals may have changed over the past four decades. In addition, it analyzes the extent to which evangelicals are divided today and it does so within the framework of four potential factors that might shape such divisions: racial/ethnic differences, generational differences, educational differences, and religious differences. *American Evangelicals Today* is designed to serve as an accessible but scholarly overview of American evangelicals, one that is appealing to all scholars, students, and laity alike. Smidt offers a discussion of the nature of evangelical Protestantism, highlights the particular analytical issues at play when one seeks to determine just who are to be classified as evangelicals, and reveals some of the contradictory findings that can emerge through the use of these different analytical frameworks for defining evangelicals. The volume not only analyzes the current characteristics of evangelicals in light of those exhibited by other religious traditions, as well as how evangelicals have changed over time, but it also looks toward the future, addressing generational differences and other possible factors for change among evangelical Protestants.
