Marvin C. Alkin, 2004-02-19 Concern for evaluation theoretical prescriptions emerged about 40 years ago giving it a history that is both recent enough to be part of the living experience of many of today s theorists and old enough to afford an opportunity for an analysis of how the field has evolved over time This book examines current evaluation theories and traces their evolution with the point of view that theories build upon theories and therefore evaluation theories are related to each other Initially all evaluation was derived from social science research methodology and accountability concerns The way in which these evaluation roots grew to form a tree helps to provide a better understanding of evaluation theory Thus the book uses an evaluation theory tree as its central metaphor The authors posit that evaluation theories can be classified by the extent to which they focus on methods uses or valuing these three approaches form the major limbs of the tree In addition to the authors overview which analyzes the evaluation theory tree and connections among theories the book contains essays by most of the leading evaluation theorists In these pieces the evaluators comment on their own development and give their views of their placement upon the tree
