Guide to the Parish and Non-parochial Registers of Devon and Cornwall, 1538-1837 Hugh Peskett, 1979      Devon & Cornwall Notes & Queries John S. Amery, 1981      **Sources for English Local History** W. B. Stephens, 1981-09-10 English local and regional history has attracted widespread attention in the last twenty five to thirty years Its study has expanded at undergraduate and postgraduate levels in universities polytechnics and at other institutions of higher education and it has long retained its popularity as a subject for adult education classes In schools the teaching of local history in its own right and as an ingredient of general history environmental studies and local and social studies is well established and commonly involves the use of original sources The expansion of genealogical studies into the wider area of family history has involved many individuals and groups in the investigation of the local conditions which existed where former generations lived and in this pursuit increasing use of local records has been made Many who seek to involve themselves in this work however find that they are ill equipped in the knowledge of what sources exist where they are to be found or what techniques are suitable in making the best use of them      **The Cornish Family** Bernard Deacon, 2004-06 In the best of times and in darker days the strong family unit is one of the most valuable building blocks of our societies The Cornish family in its individuality in its far flung breadth and with its sense of worldwide community is a vigorous example of this truth In this magnificent book Dr Bernard Deacon explores who we are our forefathers and our descendants where we come from and where we are headed and how these major themes are expressed in the meaning of our names      **Bishops' Transcripts and Marriage Licences, Bonds and Allegations** , 1998 Given by Eugene Edge III      **The Correspondence of Reginald Pole** Thomas F. Mayer, 2017-09-29 Reginald Pole 1500 1558 cardinal and archbishop of Canterbury was at the centre of reform controversies in the mid 16th century antagonist of Henry VIII a leader of the reform group in the Roman Church and nearly elected pope Julius III was elected in his stead His voluminous correspondence more than 2500 items including letters to him forms a major source for historians not only of England but of Catholic Europe and the early Reformation as a whole In addition to the insight they provide on political history both secular and ecclesiastical and on the spiritual motives of reform they also constitute a great resource for our understanding of humanist learning and cultural patronage in the Renaissance Hitherto there has been no comprehensive let alone modern or accurate listing and analysis of this correspondence in large part due to the complexity of the manuscript traditions and the difficulties of legibility The present work makes this vast body of material accessible to the researcher summarising each letter and printing key texts usually in critical editions together with necessary identification and comment The first three volumes in this set will contain the correspondence the fourth and fifth will provide a biographical companion to all persons mentioned and will together constitute a major research tool in their own right This first volume covers the crucial turning point in Pole s career his protracted break with Henry and the substitution of papal service for royal One major dimension of this rupture was a profound religious conversion which took

Pole to the brink of one of the defining moments of the Italian Reformation the writing of the Beneficio di Christo
