A list of dissertations, through 1959, can be found in Jesse J. Dossick's *Doctoral Research on Russia and the Soviet Union* (New York, 1960) and, through 1975, in the accompanying volume, *Doctoral Research on Russia and the Soviet Union, 1960–1975* (New York, 1976). The second volume contains more than three thousand titles that have appeared in the *Slavic Review's* annual list since 1964 (the 1964 list also included dissertations accepted from 1960 to 1963), as well as items not previously included in the first volume. In addition, the second volume offers some critical and statistical analysis, more than thirty major classifications, numerous subclassifications and sub-subclassifications, cross-references, an index of Russian and Soviet names, and an index of authors. A list of dissertations from 1976 to 1991 may be found in the winter issues of *Slavic Review* through the year 1992.

Guide To Slavic Dissertations 1917 1990:

Subject Guide to Books in Print, 1997 **The Russian Revolution and Civil War 1917-1921** Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history. It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves. However, until now, historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature. *The Russian Revolution and Civil War 1917-1921* offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history. The Bibliography focuses on the key years of 1917 to 1921, starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921, and covers all the key events of the intervening years. As such, it identifies these crucial years as something more than simply the creation of a communist state. Forthcoming Books Rose Arny, 1998-06 *Doctoral Dissertations on China and on Inner Asia, 1976-1990* Patricia Polansky, Anna Leon Shulman, 1998-10-15 A guide to the thesis literature on China and Inner Asia written between 1976 and 1990. Includes more than 10,000 entries for dissertations in the arts and sciences, law, medicine, theology, engineering, and other disciplines. Entries are grouped in topical chapters, and each entry includes bibliographic information and an abstract. **Scholars' Guide to Humanities and Social Sciences in the Soviet Union and the Baltic States** Tigran Martirosyan, Silvia Maretti, S. Frederick Starr, 2019-11-21 In the years since the first edition of the Guide was published, the research institutions of the academies of sciences of the USSR and the republics have undergone several, sometimes radical, reorganizations and reaffiliations. This guide to academy institutions supplies names, addresses, and historical research and organizational profiles for each institution, with summary information on staffing, current projects, special facilities, and libraries. The end of the Cold War has brought with it many changes of attitude and policy in the political arena; however, nowhere has change been so emotionally charged as in the area of politically based emigration. Refugee policy is the driving force behind many of today's headlines, influencing both foreign and domestic policy. In *Desperate Crossings*, authors Norman L. and Naomi Flink Zucker chronicle and analyze the phenomenon of mass escape that began with the Haitians but exploded into the American consciousness in the spring of 1980 with the Mariel boatlift and the subsequent mass exodus from Central America, and was most recently manifested in the Haitian and Cuban exoduses of 1994. In a compelling and carefully documented narrative, they identify the triad of interests—foreign policy, domestic pressures, and costs—that have controlled and determined the American response to refugees since before the Second World War, continuing until today. *Desperate Crossings* concludes by proposing a comprehensive and politically palatable approach to future refugee flows, both in our hemisphere and for the world community at large, including Europe and Asia. The authors suggest how, by changing the course of its refugee policies and programs, the United States can better respond to both the needs of refugees and the demands of its citizens. **Archives in Russia: A Directory and Bibliographic Guide to**

Bailey,2020-06-15 Focusing on the period between the revolutions of 1848 1849 and the First Vatican Council 1869 1870 The Public Image of Eastern Orthodoxy explores the circumstances under which westerners concerned about the fate of the papacy the Ottoman Empire Poland and Russian imperial power began to conflate the Russian Orthodox Church with the state and to portray the Church as the political tool of despotic tsars As

Heather L Bailey demonstrates in response to this reductionist view Russian Orthodox publicists launched a public relations campaign in the West especially in France in the 1850s and 1860s The linchpin of their campaign was the building of the impressive Saint Alexander Nevsky Church in Paris consecrated in 1861 Bailey posits that as the embodiment of the belief that Russia had a great historical purpose inextricably tied to Orthodoxy the Paris church both reflected and contributed to the rise of religious nationalism in Russia that followed the Crimean War At the same time the confrontation with westerners negative ideas about the Eastern Church fueled a reformist spirit in Russia while contributing to a better understanding of Eastern Orthodoxy in the West
