It is a rich account of the people, places, natural resources and stories in the Harima region of western Japan. Produced by the government as a tool for Japan's early state formation, Harima Fudoki includes important myths of places and gods from a different perspective to the contemporaneous national chronicles. This document is an essential primary source for all who are interested in ancient Japan. In this new critical edition, Palmer draws upon recent research into the archaeology, history, orality and literature of ancient Japan to reinterpret this hitherto little-known document. Palmer's insightful commentary contextualizes the Harima tales for the first time in English.

Underworld takes you on a remarkable journey to the bottom of the ocean in a thrilling hunt for ancient ruins that have never been found until now. Graham Hancock is featured in *Ancient Apocalypse*, a Netflix original docuseries. In this explosive new work of archaeological detection, bestselling author and renowned explorer Graham Hancock embarks on a captivating underwater voyage to find the ruins of a mythical lost civilization hidden for thousands of years beneath the world's oceans. Guided by cutting-edge science, innovative computer mapping techniques and the latest archaeological scholarship, Hancock examines the mystery at the end of the last Ice Age and delivers astonishing revelations that challenge our long-held views about the existence of a sunken universe built on the ocean floor. Filled with exhilarating accounts of his own participation in dives off the coast of Japan as well as in the Mediterranean, the Atlantic and the Arabian Sea, we watch as Hancock discovers underwater ruins exactly where the ancient myths say they should be submerged kingdoms that archaeologists never thought existed. You will be captivated by Underworld, a provocative book that is both a compelling piece of hard evidence for a fascinating forgotten episode in human history and a completely new explanation for the origins of civilization as we know it.
