

Guided Writing Session Overview

- Teacher Information -

Purpose

- To spend approximately 20 minutes with a small group of students that have been grouped based on teacher observations and similar writing goals.
- To provide instructional support and immediate feedback to students in a small group environment.
- To promote successful and independent writing experiences for students, with strong teacher support.

Overview

A basic guided writing session can be easily broken up into three main sections.

1. **Direct instruction**, where the teacher reminds the students of their writing goals and provides them with some form of writing stimulus (approximately 5 minutes).
2. **Shared experience**, where the students and teacher have a rich conversation about the writing topic and/or writing stimulus, key vocabulary and the possible text types that could be written (approximately 5 minutes).
3. **Independent writing and sharing**, where students write as much as they can in the allocated time. The teacher provides timely feedback and scaffolds key writing skills. Students then share what they have written with the small group or the rest of the class (approximately 10 minutes)

Grouping of Students

- Group your students based on their individual writing current writing strategy needs.
- Use a writing continuum to track information to grow...
- Be flexible
