The FRBR Family of Conceptual Models Richard P. Smiraglia, Pat Riva, Maja Žumer, 2014-10-29 Since 1998 when FRBR Functional Requirements for Bibliographic Records was first published by IFLA the effort to develop and apply FRBR has been extended in many innovative and experimental directions Papers in this volume explain and expand upon the extended family of FRBR models including Functional Requirements for Authority Data FRAD Functional Requirements for Subject Authority Data FRSAD and the object oriented version of FRBR known as FRBROO Readers will learn about dialogues between the FRBR Family and other modeling technologies specific implementations and extensions of FRBR in retrieval systems catalog codes employing FRBR a wide variety of research that uses the FRBR model and approaches to using FRBR for the Semantic Web Librarians of all stripes as well as library and information science students and researchers can use this volume to bring their knowledge of the FRBR model and its implementation up to date This book was published as a special issue of Cataloging Classification Quarterly

Cataloging and Classification Standards and Rules John J Riemer, 2013-04-03 This is the first book to examine standards specifically as they apply to cataloging and classification while at the same time considering the field of library science as a whole The developments in standards detailed in Cataloging and Classification Standards and Rules portend great time savings in the cataloging process for those catalogers willing to advocate the necessary programming to their systems officer or bibliographic utility Standards in the library and information science community underlie and impact the work of librarians

and information specialists on a daily basis yet remain inconspicuous to even the most knowledgeable in the field Cataloging and Classification Standards and Rules reviews the state of a full range of formal and informal standards and rules utilized in cataloging and classification It also provides historical perspective commentary assessment of significance and anticipation of future developments and evaluates the connections and interrelationships that exist among the various standards Chapters in Cataloging and Classification Standards and Rules are written by professionals who have been key figures in the development of standards and have accessed primary source material for the preparation of their articles They address these what exactly constitutes a standard how something becomes a standard how standards undergo change evaluation of and commentary on the effectiveness of current standards the latest information on several standards currently in development testing or implementation what the future may hold Cataloging and Classification Standards and Rules is a valuable reference book for both beginning and experienced professional librarians As managers and consumers of bibliographic information it is crucial that librarians understand the nature and status of a variety of formal and informal standards This book will assist them in this task Library school students specializing in cataloging and classification will also find this book an indispensable guide as they prepare themselves for employment in the field **Maxwell's Guide to Authority Work** Robert L.

Maxwell, 2002-05-22 Unidentified Flying Objects not UFOs or Flying Saucers Authority work is the linchpin of the library catalog As the author puts it Without authority control the burden is placed on the user to think of all the possible forms a cataloger might have used to give access in the catalog to a given author or subject If a subject is not sorted by its authorized heading then the library and its users and staff are left without a system and ultimately the cost of an unsatisfied user From one of the preeminent experts in the field this is the step by step guide for ensuring that your library and staff are creating and maintaining authority records with the end user in mind Comprehensive and definitive Maxwell's Guide to Authority Work is a must have In this readable text authority work is broken down to its most basic components so that you can trace and follow the preparation of a complete authority record Helpful illustrations identify the key characteristics of good authority records common acronyms are defined and cross references throughout reinforce material Step by step you will learn how to Form and record uniform access points Keep thorough and accurate records Share information in an environment of international databases and cooperative cataloging The authoritative tool for making certain a person author corporate body organization book or other media is appropriately classified under its authority name subject and form Maxwell's should be part of any library's toolbox **National Bibliographies in the Digital Age: Guidance and New Directions** Maja

Žumer, 2009-08-17 The changes brought about by the World Wide Web and the explosion of electronic media have called into question many of the assumptions on which national bibliographies have been founded The need was growing of a route map to navigate through uncharted territories After a preparation period of several years IFLA's Bibliography Section endorsed this large set of guidelines They seek to help national bibliographic agencies improve their bibliographic services Many
