conviction and architectural mastery that characterised Toscanini's conducting was grounded not only in his obsessive study of the score but also in his awareness of performing traditions dating back to the mid nineteenth century This book will fascinate those with a particular interest in Toscanini's career and recorded legacy It is also essential reading for anyone with an interest in the history of conducting and recording in the first half of the twentieth century set against the vividly evoked backdrop of London's concert scene of the period This comprehensive study includes both an annotated table of all Toscanini's London concerts and his EMI discography CHRISTOPHER DYMENT has written extensively about historic conductors since the 1970s particularly Felix Weingartner and Arturo Toscanini His first book on Weingartner was published in 1976 *The NBC Symphony Orchestra* Donald Carl Meyer, 1994 Gramophone, 2000 *Central Opera Service Bulletin* Central Opera Service (New York, N.Y.), 1982 **Concert and Opera Conductors** Robert H. Cowden, 1987-08-19 Filling an important gap in scholarship Professor Cowden's new bibliography provides complete and authoritative information on major conductors of permanent orchestral ensembles since the time of von Weber and Berlioz Cowden has selected 1 249 conductors on the basis of citations in standard music references biographical studies autobiographies and contributions to the pedagogy of conducting Publications in English and several European languages are cited The first section Collective Works gives detailed information on titles devoted to concert and opera conductors and related titles containing additional material on conductors and conducting The section on individual conductors is arranged alphabetically by artist Further sources and references are offered in appendixes and an index of authors is included **The Gramophone**, 2000 **Maurice Ravel** Benjamin Ivry, 2000 Maurice Ravel A Life is the first convincing attempt to paint a portrait of the life and work of the hitherto enigmatic composer of Bolero Piano Concerto for the Left Hand and L'enfant Et Les Sortilèges Ivry offers here a convincing solution to the much discussed mystery of Ravel's sexuality More than simply outing Ravel as a gay man for the first time among numerous writers on this composer this book discusses how his secretive sexuality impacted his work Using unpublished documents letters articles and memoirs many of which were previously unknown even to Arbie Orenstein universally considered the world's leading scholar of Ravel studies Ivry presents a more rounded view of Ravel man and musician Descriptions of musical works are in non technical language friendly to the reader with no specialized knowledge of classical music Like Ivry's widely acclaimed biography of Poulenc universally seen as the standard life of this composer in any language his new Ravel is likely to become a classic of contemporary musical biography The New Grove Dictionary of Music and Musicians: Canon to Classic rock Stanley Sadie, 2001 **The Publishers Weekly**, 1981 New in the NTSU Music Library North Texas State University.
